

**Peach State Health Plan
Claim Resolution Matrix 2010**

The matrix below contains all of the CPT-4 codes for which National Imaging Associates (NIA)* authorizes on behalf of Peach State Health Plan. This matrix is designed to communicate those services that require medical necessity review and assist in the resolution of claims adjudication and claims questions related to those services. If an exam is billed under any one of the given codes for that grouping and a valid authorization number has been issued within the date of service validity period, the claim is considered authorized.

If a family of CPT codes is not listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match does not occur, the claim will be considered unauthorized.

*Please note: Services rendered in an Emergency Room, observation or hospital inpatient setting are not subject to the NIA preauthorization program.
