

Sunshine Health Quick Reference Guide for Rendering Providers

Effective June 1, 2011
Revised May 2, 2014

Sunshine Health selected NIA Magellan¹ to implement a radiology benefit management program for outpatient advanced imaging services for Sunshine Health members. This program is consistent with industry-wide efforts to both ensure clinically appropriate care and manage the increasing utilization of these services. NIA Magellan manages the outpatient imaging services listed below through NIA Magellan's existing contractual relationships.

The following services will not be impacted by this relationship:

- Inpatient advanced imaging services
- Emergency Room imaging services
- Observation imaging services
- Sunshine Health continues to perform prior authorization of coverage for interventional radiology procedures (even those that utilize MR/CT technology)

Prior Authorization Implementation

As a provider of diagnostic imaging services that requires prior authorization, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained.

It is the responsibility of the rendering facility or physician to ensure that prior authorization was obtained, when necessary. Payment will be denied for procedures performed without a prior authorization, and the member cannot be balance-billed for such procedures.

Prior Authorization Processes

To ensure that authorization numbers have been obtained, the following processes should be considered.

- Communicate to all personnel involved in outpatient scheduling that prior authorization is required for the above procedures under Sunshine Health.
- If a physician office calls to schedule a patient for a procedure requiring prior authorization, request the authorization number.
- If the referring physician has not obtained prior authorization when required, inform the physician of this requirement and advise him/her to obtain an authorization by visiting NIA Magellan's website at www.RadMD.com, or by calling 1-866-214-2569. You may elect to institute a time period in which to obtain the prior authorization number, e.g., one business day.
- If a patient calls to schedule an appointment for a procedure that requires authorization, and does not have the authorization number, the patient should be directed back to the referring physician who ordered the procedure.
- Authorizations are valid for 30 days from the date of request.

Frequently Asked Questions

In this section NIA Magellan addresses commonly asked questions received from providers.

Can I see a copy of the NIA Magellan provider handbook policies as I prepare to sign a participating provider agreement with NIA Magellan?

Yes. You can obtain a copy of NIA Magellan's Imaging Provider Handbook by calling NIA Magellan's Radiology Network Services team at 800-327-0641. Also, you can visit NIA Magellan's Web site at www.RadMD.com to view the handbook online.

The rates I currently have do not represent all of the services we provide or represent more services than we provide. Who can I contact to change this?

NIA Magellan sends contracts to providers whom we believe at the start of a relationship are most likely to fit the entity's business and clinical model. To that end, NIA Magellan sends professional rates to practitioners or groups who read films, technical imaging rates to hospitals and both to freestanding facilities. If the rates we have sent to you do not include the right mix of these categories, please contact your Area Contract Manager.

How does NIA Magellan establish its provider reimbursement rates?

NIA Magellan performs an analysis of a number of payers to establish a competitive rate while giving participating providers the opportunity for enhanced patient volume resulting from an ever-growing number of patients insured by some of the nation's largest health plans.

Where can I find NIA Magellan's Guidelines for Clinical Use of Diagnostic Imaging Procedures?

NIA Magellan's Guidelines for Clinical Use of Diagnostic Imaging Procedures can be found on NIA Magellan's website at www.RadMD.com.

Is prior authorization necessary if Sunshine Health is not the member's primary insurance?

No. Authorization is not required when Sunshine Health is the secondary insurance.

What does the NIA Magellan authorization number look like?

The NIA Magellan authorization number consists of 8 or 9 alpha/numeric characters (e.g., 1234X567). In some cases, the ordering physician may instead receive an NIA Magellan tracking number (not the same as an authorization number) if the physician's authorization request is not approved at the time of initial contact. Physicians can use either number to track the status of their request on the RadMD Web site or via our Interactive Voice Response telephone system.
