

Virginia Premier Health Plan Quick Reference Guide for Rendering Providers

November 1, 2011

Virginia Premier Health Plan selected NIA Magellan¹ to implement a radiology benefit management program for outpatient advanced imaging services for Virginia Premier Health Plan members. This program is consistent with industry-wide efforts to both ensure clinically appropriate care and manage the increasing utilization of these services. NIA Magellan will manage the outpatient imaging services listed below through Virginia Premier Health Plan's existing contractual relationships.

The following services will not be impacted by this relationship:

- Inpatient advanced imaging services
- Emergency Room imaging services
- Observation imaging services
- Virginia Premier Health Plan will continue to perform prior authorization of coverage for interventional imaging procedures (even those that utilize MR/CT technology)

Prior Authorization Implementation Recommendations

As a provider of diagnostic imaging services that requires prior authorization, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained.

It is the responsibility of the rendering facility or physician to ensure that prior authorization was obtained, when necessary. Payment will be denied for procedures performed without a prior authorization, and the member cannot be balance-billed for such procedures.

Procedures Requiring Prior Authorization Under Virginia Premier Health Plan *

- MRI/MRA
- CT/CTA
- PET
- CCTA
- Myocardial Perfusion Imaging
- Muga Scan

*A separate prior authorization number is required for each procedure.

Emergency room, observation and inpatient imaging procedures do not require prior authorization from NIA Magellan. If an urgent/emergent clinical situation exists outside of a hospital emergency room, please contact NIA Magellan immediately with the appropriate clinical information for an expedited review. The number to call to obtain a prior authorization is 1-800-642-7578.

Please refer to NIA Magellan's website to obtain the Virginia Premier Health Plan/NIA Magellan Billable CPT® Codes Claim Resolution Matrix for all of the CPT-4 codes that NIA Magellan authorizes on behalf of Virginia Premier Health Plan.

Prior Authorization Processes

To ensure that authorization numbers have been obtained, the following processes should be considered.

- Communicate to all personnel involved in outpatient scheduling that prior authorization is required for the above procedures under Virginia Premier Health Plan.
- If a physician office calls to schedule a patient for a procedure requiring prior authorization, request the authorization number.
- If the referring physician has not obtained prior authorization when required, inform the physician of this requirement and advise him/her to obtain an authorization by visiting NIA Magellan's website at www.RadMD.com, or by calling 1-800-642-7578. You may elect to institute a time period in which to obtain the prior authorization number, e.g., one business day.
- If a patient calls to schedule an appointment for a procedure that requires authorization, and does not have the authorization number, the patient should be directed back to the referring physician who ordered the procedure.
- Authorizations are valid for 45 days from the date of service.
