

RadMD[®] for Radiation Oncology Providers

RadMD[®] Makes Things Easy...for You

RadMD[®] is a user-friendly, real-time tool offered by Magellan Healthcare* that provides you with instant access to the authorization and supporting information you need, in an easily accessible Internet format. Whether submitting imaging exam requests, radiation treatment requests or checking the status of requests, you will find RadMD to be an efficient, easy-to-navigate resource.

Benefits of RadMD Access

Providers can access a range of online tools and information on the **RadMD.com** website:

- Secure access to protect your data and your patients' personal health information.
- Up-to-the-hour authorization information, including:
 - Date request initiated
 - Date request approved
 - Authorization validity period
 - Valid billing codes (CPT[®]), and more.
- Magellan Healthcare's evidence-based clinical review criteria, our Diagnostic Imaging and Radiation Treatment Guidelines.
- Magellan Healthcare's provider newsletter.
- Technical support available if you have questions.

Plus, ordering and rendering physicians can access a number of key tools:

- Straightforward instructions for submitting requests, including the ability to submit multiple requests in the same online session.
- Magellan Healthcare's provider newsletter.
- Appropriate ICD-10 code lookup.
- Continuous updates on authorization status, which reduces time spent on the phone with Magellan Healthcare.
- Fast authorization decisions available to you online.
- Ease of searching for and selecting convenient imaging and radiation treatment facilities.

Additionally, imaging and radiation treatment facilities benefit from being able to quickly view the approved authorizations for their patients, facilitating prompt service for patients.
