Providers will be able to use either</p>

	number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system.
If requesting an authorization through RadMD and the request pends, what happens next?	You will receive a tracking number and Magellan Healthcare will contact you to complete the process.
Can RadMD be used to request retrospective or expedited authorization request?	No, those requests will need to be called into Magellan Healthcare’s Call Center through the toll free number, 1-866-249-1578 for processing.
How long is the prior authorization number valid?	The authorization number is valid for 90 days from the date of service/ request.
Is prior authorization necessary for non-emergent MSK, including IPM procedures if MVP Health Care is NOT the member’s primary insurance?	Yes.
If a provider obtains a prior authorization number does that guarantee payment?	An authorization number is not a guarantee of payment. Authorizations are based on medical necessity and are contingent upon eligibility and benefits. Benefits may be subject to limitations and/or qualifications and will be determined when the claim is received for processing.
Does Magellan Healthcare allow retro-authorizations?	It is important that key physicians and office staff be educated on the prior authorization requirements. Claims for IPM procedures, as outlined above, that have <u>not</u> been properly authorized will <u>not</u> be reimbursed. Physicians administering these procedures <u>should not</u> schedule or perform procedures without prior authorization. Retrospective review of completed procedures are evaluated for medical necessity and to determine whether there was an urgent or emergent situation that prohibited the provider from obtaining prior authorization for the service and to determine whether medical necessity guidelines were met.

<p>What happens if I have a service scheduled for January 1, 2019?</p>	<p>An authorization can be obtained for all pain management procedures for dates of service January 1, 2019 and beyond, beginning December 1, 2018. Magellan Healthcare and MVP will be working with the provider community on an ongoing basis to continue to educate providers that authorizations are required.</p>
<p>Can a provider verify an authorization number online?</p>	<p>Yes. Providers can check the status of member authorization quickly and easily by going to the website at www.RadMD.com.</p>
<p>Will the Magellan Healthcare authorization number be displayed on the MVP Health Care Web site?</p>	<p>No.</p>
<p>What if I disagree with Magellan Healthcare’s determination?</p>	<p>In the event of a prior authorization or claims payment denial, providers may appeal the decision through MVP. Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.</p>
<p>SCHEDULING PROCEDURES</p>	
<p>Will Magellan Healthcare make a final determination based on the Anticipated Date of Service?</p>	<p>Magellan Healthcare does not guarantee final determination of the request by the anticipated date of service.</p> <p>The anticipated date of service (provided during request for authorization) is used to determine timing between procedures</p> <p>Please be advised that Magellan Healthcare needs 2 business days after the receipt of clinical information to review and render a decision on a request. Please do not schedule or perform the procedure until you have an approved authorization.</p>
<p>Do ordering physicians have to obtain an authorization before they call to schedule an appointment?</p>	<p>Magellan Healthcare asks where the non-emergent MSK, including IPM procedures is being performed and the anticipated date of service. Ordering physicians should obtain prior authorization before scheduling the patient.</p>
