

ASCENSION COMPLETE Quick Reference Guide for Rendering Providers

January 1, 2020

Revised: January 1, 2022

Ascension Complete entered into an agreement with National Imaging Associates, Inc. (NIA), to manage a suite of Medical Specialty Solutions. The program is consistent with industry-wide efforts to manage the increasing utilization of these services and to ensure quality of care. This program was implemented on January 1, 2020, for Florida, Illinois, and Kansas HMO members.

Effective January 1, 2021, the program will expand its prior authorization program to include HMO members in the states of Tennessee, Michigan, Alabama, and Indiana as well as PPO members in Kansas and Indiana to require prior authorization from NIA.

Effective January 1, 2022, the program will expand its prior authorization program to include HMO members in the state of Texas to require prior authorization from NIA.

The program will require prior authorization from NIA for non-emergent outpatient:

- Diagnostic Imaging (MR, CT/CTA, CCTA, PET, Myocardial Perfusion Imaging (MPI), MUGA Scans, Stress Echo, Echocardiography)

The following services do not require authorization through NIA:

- Inpatient advanced imaging services
- Emergency Room imaging services
- Observation imaging services
- Ascension Complete will continue to perform prior authorization of coverage for interventional imaging procedures (even those that utilize MR/CT technology)

Prior Authorization Implementation Recommendations

As a provider of diagnostic imaging services that requires prior authorization, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained.

It is the responsibility of the rendering facility or physician to ensure that prior authorization was obtained, when necessary. Payment will be denied for procedures performed without a prior authorization, and the member cannot be balance-billed for such procedures.

Please use the following NIA contacts by type of issue:

- For privileging application or process, contact NIA's Provider Assessment Department toll-free at 888-972-9642 or at RADPrivilege@Magellanhealth.com.
- To educate your staff on NIA procedures and to assist you with any provider issues or concerns, contact your NIA Area Provider Relations Manager.

How will referring/ordering physicians know who NIA is?

Ascension Complete sends orientation materials to referring providers. Ascension Complete and NIA are also coordinating additional outreach and orientation activities.

How will NIA direct members to my facility?

NIA actively promotes utilization of quality, cost-effective imaging providers by providing patients and referring physicians with critical information online and at the point of ordering. Members will soon be able to access information on a number of quality (e.g., accreditations, certifications) and convenience indicators (e.g., hours of operation, handicap access, parking) on NIA's website.

Our goal is to assist patients and referring physicians in selecting quality, convenient and cost-effective care for each individual.

What will the member ID card look like? Will it have both NIA and Ascension Complete information on the card? Or will there be two cards?

The Ascension Complete member ID card will not have NIA identifying information on it. Ascension Complete will redirect calls to NIA for advanced imaging services.
