

WellFirst Health Utilization Review Matrix 2022

The matrix below contains all of the CPT 4 codes for which Magellan Healthcare¹ manages on behalf of WellFirst Health. This matrix is designed to assist in the resolution of claims adjudication and claims questions related to those services authorized by Magellan Healthcare. The “Allowable Billed Groupings” is meant to outline that if a given procedure is authorized, that any one of the listed procedure codes could be submitted on a claim representing that service. This assumes that the member is eligible at the time of the service, that appropriate re-bundling rules are applied, that the claim includes an appropriate diagnosis code for the CPT code and that the service is performed within the validity period.

If a family of CPT codes is not listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match does not occur, the charge should be adjudicated accordingly.

***Please note:** Services rendered in an Emergency Room, Observation Room, Surgery Center or Hospital Inpatient setting are not managed by Magellan Healthcare.
