Ambetter from SilverSummit HealthPlan Utilization Review Matrix 2023

The matrix below contains the CPT-4 codes for which National Imaging Associates, Inc. (NIA) manages on behalf of Ambetter from SilverSummit HealthPlan. This matrix is designed to assist in the resolution of claims adjudication and claims questions related to those services authorized by NIA. The “Allowable Billed Groupings” is meant to outline that if a given procedure is authorized, that any one of the listed procedure codes could be submitted on a claim representing that service. This assumes that the member is eligible at the time of the service, that appropriate re-bundling rules are applied, that the claim includes an appropriate diagnosis code for the CPT code and that the service is performed within the validity period.

If a family of CPT codes is not listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match does not occur, the charge should be adjudicated accordingly.

***Please note: Services rendered in an Emergency Room, Surgery Center, or Hospital Inpatient setting are not managed by NIA.**

NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by Ambetter from SilverSummit HealthPlan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on [RadMD.com](https://www.radmd.com)**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

Member and Clinical Information Required for Authorization

General

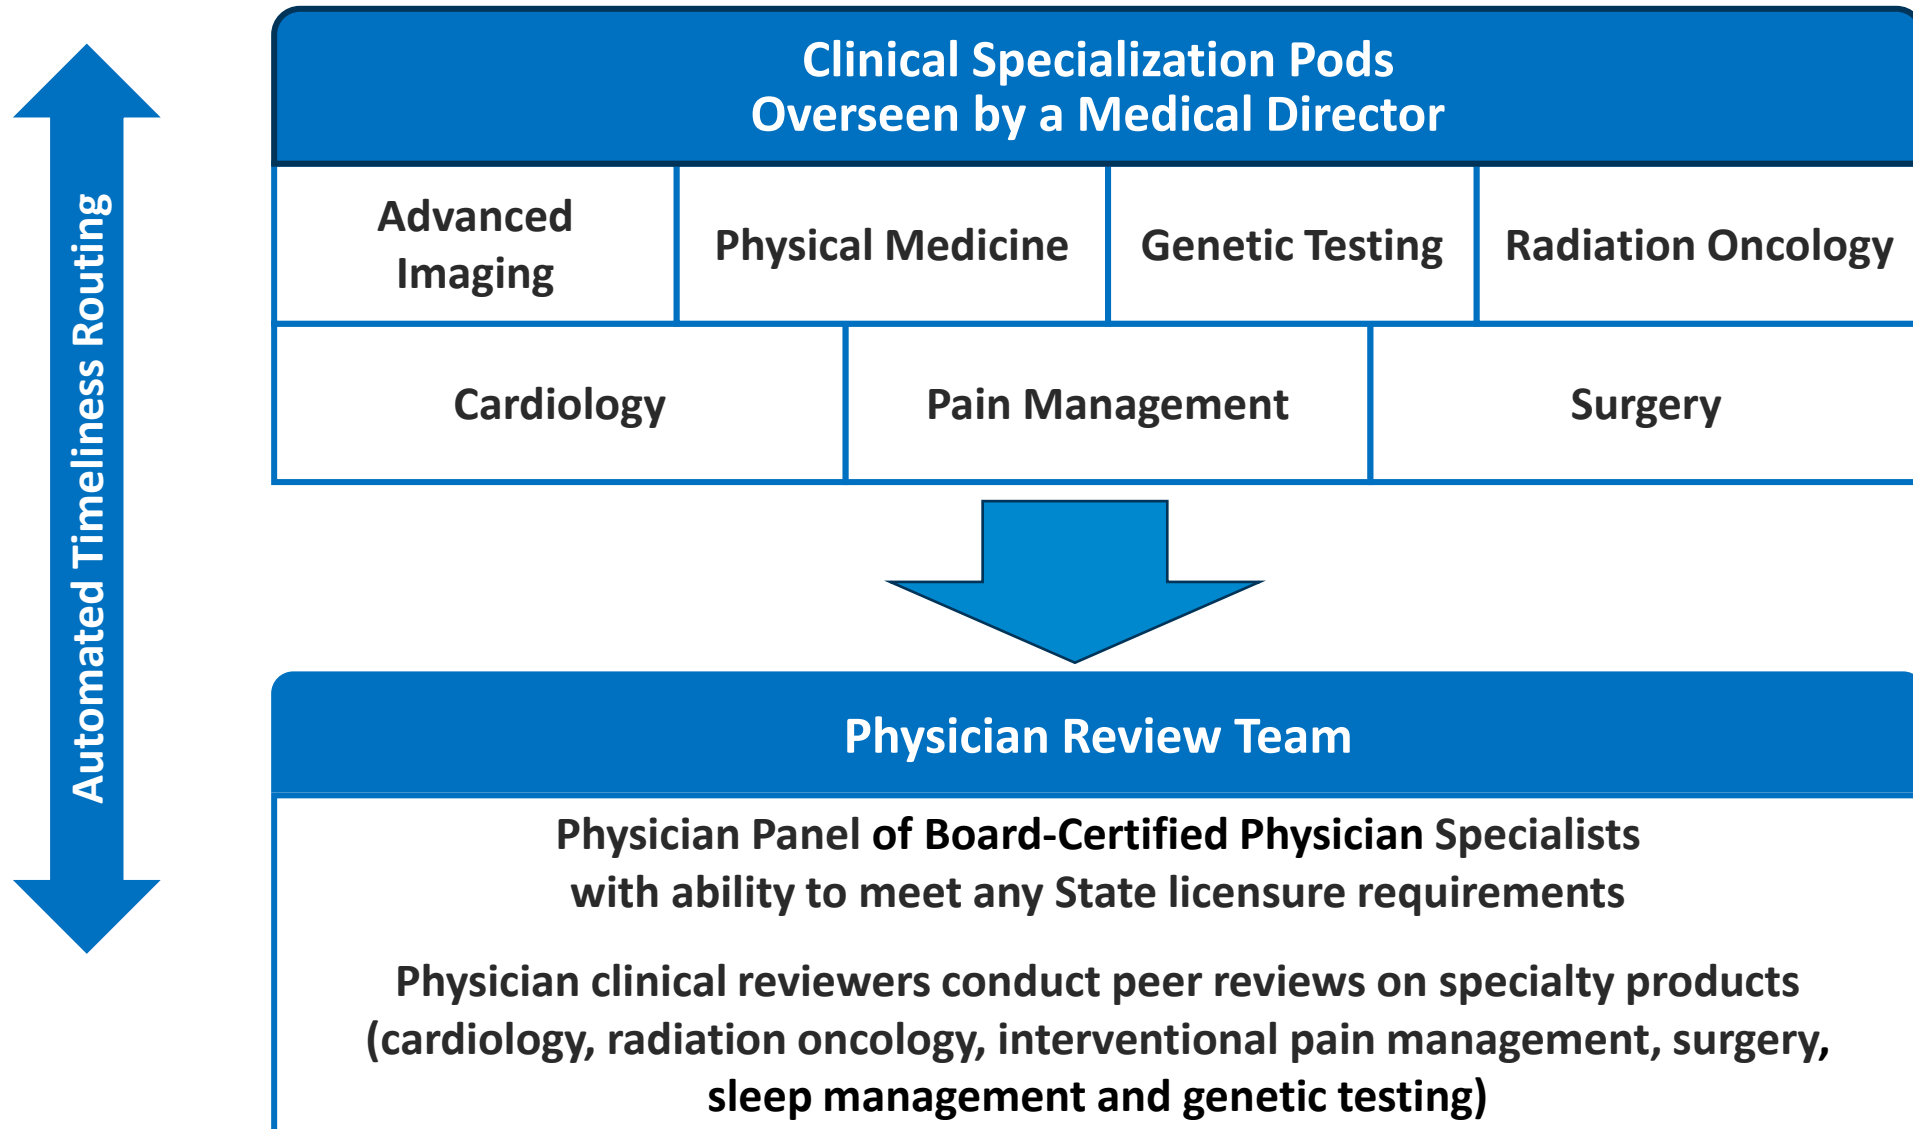

- Includes: ordering physician information, member information, rendering provider information, requested examination, etc.

Clinical Information

- Includes clinical information that will justify examination, symptoms and their duration, physical exam findings
- Preliminary procedures already completed (e.g., x-rays, CTs, lab work, ultrasound reports, scoped procedures, referrals to specialist, specialist evaluation)
- Reason the study is being requested (e.g., further evaluation, rule out a disorder)

Refer to the Prior Authorization Checklists on RadMD for more specific information.

Clinical Specialty Team Review

Document Review

NIA may request member's medical records/additional clinical information.

When requested, validation of clinical criteria within the member's medical records is required before an approval can be made.

Ensures that clinical criteria that supports the requested test are clearly documented in medical records.

Helps ensure that members receive the most appropriate, effective care.

The interface has a light green and orange color scheme and is reflected below.

Registering on RadMD.com To Initiate Authorizations

Everyone in your organization is required to have their own separate username and password due to HIPAA regulations.

STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Physician’s office that orders procedures”
3. Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

Offices that will be both ordering and rendering should request ordering provider access, this will allow your office to request authorizations on RadMD and see the status of those authorization requests.

Allows Users the ability to view all approved, pending and in review authorizations for facility

IMPORTANT

- Everyone in your organization is required to have their own separate username and password due to HIPAA regulations.
- Designate an “Administrator” for the facility who manages the access for the entire facility.

STEPS:

- Click the “New User” button on the right side of the home page.
- Select “Facility/office where procedures are performed”
- Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.
- New users will be granted immediate access.

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved, pending and in review authorizations, they will need to register for a rendering username and password. Each user will need to complete an application on RadMD. This will allow users to see all approved, pending and in review authorizations under your Tax ID Number. Rendering access will also allow facility to submit outpatient imaging requests on behalf of ordering provider.

RadMD Enhancements

NIA offers a **Shared Access** feature on our [RadMD.com](https://www.radmd.com) website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

The screenshot displays the RadMD.com website interface. At the top right, there are links for "Provider Resources" and "User" with a dropdown arrow. The main content area is divided into two columns. The left column, titled "Request", lists various medical services: "Exam or specialty procedure (including Cardiac, Ultrasound, Sleep Assessment)", "Physical Medicine" (with a link to "Initiate a Subsequent Request"), "Radiation Treatment Plan", "Pain Management or Minimally Invasive Procedure", "Spine Surgery or Orthopedic Surgery", and "Genetic Testing". The right column, titled "Resources and Tools", includes "Shared Access", "Clinical Guidelines", and "Request access to Tax ID". Below these columns is a "News and Updates" section. At the bottom of the page, there are two search fields: "Login As Username:" with a text input box and a "Login" button, and "Tracking Number:" with a text input box, a "Search" button, and a link for "Forgot Tracking Number?".

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on [RadMD.com](https://www.radmd.com), allowing them to communicate with members and facilitate treatment.
