Located on www.RadMD.com.

Defer to Ambetter of Illinois' Policies for Procedures not on Claims/Utilization Review Matrix.

Ambetter of Illinois Utilization Review Matrix 2022

The matrix below contains all of the CPT 4 codes for which National Imaging Associates, Inc. (NIA) authorizes on behalf of Ambetter of Illinois. This matrix is designed to assist in the resolution of claims adjudication and claims questions related to those services authorized by NIA. The "Allowable Billed Groupings" is meant to outline that if a given procedure is authorized, that any one of the listed procedure codes could be submitted on a claim representing that service. This assumes that the member is eligible at the time of the service, that appropriate rebundling rules are applied, that the claim includes an appropriate diagnosis code for the CPT code and that the service is performed within the validity period.

If a family of CPT codes is not listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match does not occur, the charge should be adjudicated accordingly.

***Please note: Services rendered in an Emergency Room, Surgery Center or Hospital Inpatient setting are not managed by NIA.**

Prior Authorization Process Overview

Recommendation to Rendering Providers: Do not schedule test until authorization is received

NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by the Plan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on www.RadMD.com**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

Member and Clinical Information Required for Authorization

General

- Includes: ordering physician information, member information, rendering provider information, requested examination, etc.

Clinical Information

- Includes clinical information that will justify examination, symptoms and their duration, physical exam findings
- Preliminary procedures already completed (e.g., x-rays, CTs, lab work, ultrasound reports, scoped procedures, referrals to specialist, specialist evaluation)
- Reason the study is being requested (e.g., further evaluation, rule out a disorder)

Refer to the Prior Authorization Checklists on RadMD for more specific information.

Clinical Specialty Team Review

Document Review

NIA may request member's medical records/additional clinical information.

When requested, validation of clinical criteria within the member's medical records is required before an approval can be made.

Ensures that clinical criteria that supports the requested test are clearly documented in medical records.

Helps ensure that members receive the most appropriate, effective care.

Differentiators*

Generally the turnaround time for completion of these requests is within two to three business days upon receipt of sufficient clinical information

Urgent/Expedited Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call NIA immediately.
- The NIA Website www.RadMD.com cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the NIA call center at 1-866-430-0070.
- Turnaround time is within 1 Business day not to exceed 72 Business Calendar Hours.

Notification of Determination

Authorization Notification

- **Validity Period** - Authorizations are valid for:
90 days from the date of request.

Denial Notification

- Notifications will include an explanation of what services have been denied and the clinical rationale for the denial
- A peer-to-peer discussion can be initiated once the adverse determination has been made.
- A reconsideration is available with new or additional information.
- Timeframe for reconsideration is 5 business days from date of denial.
- In the event of a denial, providers are asked to follow the appeal instructions provided in their denial letter.

How Claims Should be Submitted

- Rendering providers/Imaging providers should continue to send their claims directly to Ambetter of Illinois.
- Providers are strongly encouraged to use EDI claims submission.
- Check on claims status by logging on to the Ambetter of Illinois website at <http://www.ambetterofillinois.com>

Claims Appeals Process

- In the event of a prior authorization or claims payment denial, providers may appeal the decision through Ambetter of Illinois.
- Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

Radiation Safety and Awareness

Studies suggest a significant increase in cancer in dose estimates in excess of 50 mSv

CT scans and nuclear studies are the largest contributors to increased medical radiation exposure

According to the 2019 NCRP Report, a dramatic decrease in average radiation dose per person by as much as 15 – 20% has been demonstrated due to radiation safety and technological advances.

1 mSv=

 4 months of 
natural exposure

 50 chest x-rays

NIA has developed a Radiation Awareness Program designed to create member and physician awareness of radiation concerns

Radiation Awareness Program

-  Identification of High Exposure Members
-  Point of Service Provider Notification and Opportunities for Provider Education
-  Promote Member Awareness and Education

National Imaging Associates, Inc. (NIA) will require providers to identify an "Ordering/Treating provider" and "Rendering Facility/Clinic" when submitting a prior authorization request, for all members with Aetna through www.RadMD.com or through our Call Center (866) 842-1542. Please review additional details on this process by visiting the Aetna webpage on RadMD.

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on www.RadMD.com, allowing them to communicate with members and facilitate treatment.

Allows Users the ability to view all approved, pending and in review authorizations for facility

IMPORTANT

- Everyone in your organization is required to have their own separate user name and password due to HIPAA regulations.
- Designate an “Administrator” who will be able to grant privileges to desired Tax ID number(s).

STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Facility/office where procedures are performed”
3. Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved user name and password.
4. New users will be granted immediate access.

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved, pending and in review authorizations, they will need to register for a rendering username and password. Each user will need to complete an application on RadMD. This will allow users to see all approved, pending and in review authorizations under your Tax ID Number. Rendering access will also allow facility to submit outpatient imaging requests on behalf of ordering provider.
