

National Imaging Associates, Inc. (NIA)*'s Peer-to-Peer Process

What to expect when calling in for a peer-to-peer discussion:

- A peer-to-peer discussion may be initiated at any time during the authorization process by calling 1-800-424-4948.
- A peer-to-peer discussion may not be necessary if the requested clinical documentation is sent prior to contacting NIA.
- A peer-to-peer may be initiated by the office staff (non-clinical) but the case discussion must be conducted by a licensed clinician from the provider's office.
- Ad hoc peer-to-peer discussions are available for the Advanced Imaging/Cardiac/Interventional Pain Management (IPM) programs. For these programs, plan to call a few minutes prior to licensed clinician's availability to provide necessary member and case information.
 - This information will need to be provided before the call is transferred to an appropriate clinical reviewer that is specific to the case and modality.
- Peer-to-Peer discussions must be scheduled for Physical Medicine/MSK. At least two convenient callback times will need to be provided to accommodate the licensed clinician's schedule.
- The case will then be discussed, including any additional information that may be necessary for the case to meet medical necessity. *
- Verbal clarification of clinical information from the medical records that were submitted may be discussed during the peer-to-peer. Examples include clarification of conflicting information in the notes or typographical errors.
- Any new information necessary to approve the request must be submitted in writing by uploading to RadMD.com or faxing to 1-800-784-6864 before a new determination can be made. *
- If the case cannot be approved following the peer-to-peer or with additional information; the ordering/rendering provider is asked to follow the appeal instructions provided within the denial notification.

If you would like to provide feedback regarding a peer-to-peer discussion, please contact your NIA dedicated Provider Relations Manager.

* Reconsideration is available for Ambetter from North Carolina Inc. If the reconsideration time frame (within 5 business days from the date of denial) has expired, the discussion will be for consultation purposes only. Providers must then follow the appeal instructions in the denial notification.

** Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."*
