Urgent/Emergent Care

Obtaining Authorizations

The ordering provider is responsible for obtaining prior authorizations for the Medical Specialty Solutions Services listed above.

It is the responsibility of the provider rendering this service to:

- Ensure that an authorization was obtained. Payment will be denied for procedures performed without a necessary authorization, and the member cannot be balance-billed for these procedures.
- Communicate to all personnel involved in outpatient scheduling that prior authorization is required for the above procedures under CalViva Health.
- If a provider office calls to schedule a member for a procedure requiring prior authorization, request the authorization number.
- If the referring provider has not obtained prior authorization when required, inform the provider of this requirement, and advise him/her to obtain an authorization.
- If a member calls to schedule an appointment for a procedure that requires authorization, and does not have the authorization number, the member should be directed back to the referring provider who ordered the procedure.

Prior Authorization Process

There are two ways to obtain authorizations -- either through NIA's website at www.RadMD.com (preferred method) or by calling NIA: Call center hours of operation are Monday through Friday, 5 a.m. to 7 p.m. PST.

 - **To get started**, go to www.RadMD.com, click the New User button and submit a RadMD Application for New Account by selecting **“Physician’s office that orders procedures.”** Your RadMD login information should not be shared.
 - If a user already has access to RadMD to initiate authorizations, RadMD access will allow users to submit an authorization for any procedures/products managed by NIA.
 - You can request prior authorization at www.RadMD.com by clicking the **“Request an exam or specialty procedure including cardiac”** link which is a part of your main menu options. RadMD is available 24/7, except when maintenance is performed every third Thursday of the month from 9 pm – midnight PST.

You can use either number to track the status of the request on the RadMD website or via our Interactive Voice Response telephone system.
- NIA's Clinical Guidelines can be found on NIA's website, www.RadMD.com under Online Tools/Clinical Guidelines. NIA's guidelines for Medical Specialty Solutions Services have been developed from practice experience, literature reviews, specialty criteria sets and empirical data.
- An authorization number is not a guarantee of payment. Whether the requested service is covered is subject to all of the terms and conditions of the member's benefit plan, including but not limited to, member eligibility, benefit coverage at the time of the services are provided and any pre-existing condition exclusions referenced in the member's benefit plan.
