

# First Choice VIP Care Medical Specialty Solutions Quick Reference Guide For Ordering and Rendering Providers

January 1, 2022

First Choice VIP Care has entered into an agreement with National Imaging Associates, Inc. (NIA) to manage a suite of Medical Specialty Solutions. The program is consistent with industry-wide efforts to both ensure clinically appropriate care and manage the increasing utilization of these services.

Effective January 1, 2022, the program will require prior authorization from NIA for non-emergent outpatient advanced imaging:

- CT/CTA
- CCTA
- MRI/MRA
- PET Scan
- MUGA Scan
- Myocardial Perfusion Imaging

Please refer to NIA's website to obtain the First Choice/NIA Billable CPT® Codes Claim Resolution/Utilization Review Matrix for all the CPT-4 codes that NIA authorizes on behalf of First Choice VIP Care.

NIA will manage the Medical Specialty Solutions Services through First Choice VIP Care's contractual relationships with providers.

Medical Specialty Solutions Services performed in the following settings do not require authorization through NIA:

- Inpatient
- Observation
- Emergency Room/Urgent Care Facility

## Urgent/Emergent Care

- If an urgent/emergent clinical situation exists outside of a hospital emergency room, please contact NIA immediately with the appropriate clinical information for an expedited review. NIA's website RadMD.com cannot be used for urgent/emergent clinical situations during normal business hours. For prior authorization of urgent/emergent care during normal business hours contact NIA at 1-800-424-4788.

## Obtaining Authorizations

The ordering provider is responsible for obtaining prior authorizations for the Medical Specialty Solutions Services listed above.

It is the responsibility of the provider rendering this service to:

- Ensure that an authorization was obtained. Payment will be denied for procedures performed without a necessary authorization, and the member cannot be balance-billed for these procedures.
- Communicate to all personnel involved in outpatient scheduling that prior authorization is required for the above procedures under First Choice VIP Care.
- If a provider office calls to schedule a member for a procedure requiring prior authorization, request the authorization number.
- If the referring provider has not obtained prior authorization when required, inform the provider of this requirement, and advise him/her to obtain an authorization.
- If a member calls to schedule an appointment for a procedure that requires authorization, and does not have the authorization number, the member should be directed back to the referring provider who ordered the procedure.
