## List of CPT Procedure Codes Requiring Prior Authorization

Review Claims/Utilization Review Matrix to determine CPT codes managed by NIA.

CPT Codes and their Allowable Billable Groupings.

Located on www.RadMD.com.

Defer to WellCare of North Carolina's Policies for Procedures not on Claims/Utilization Review Matrix.

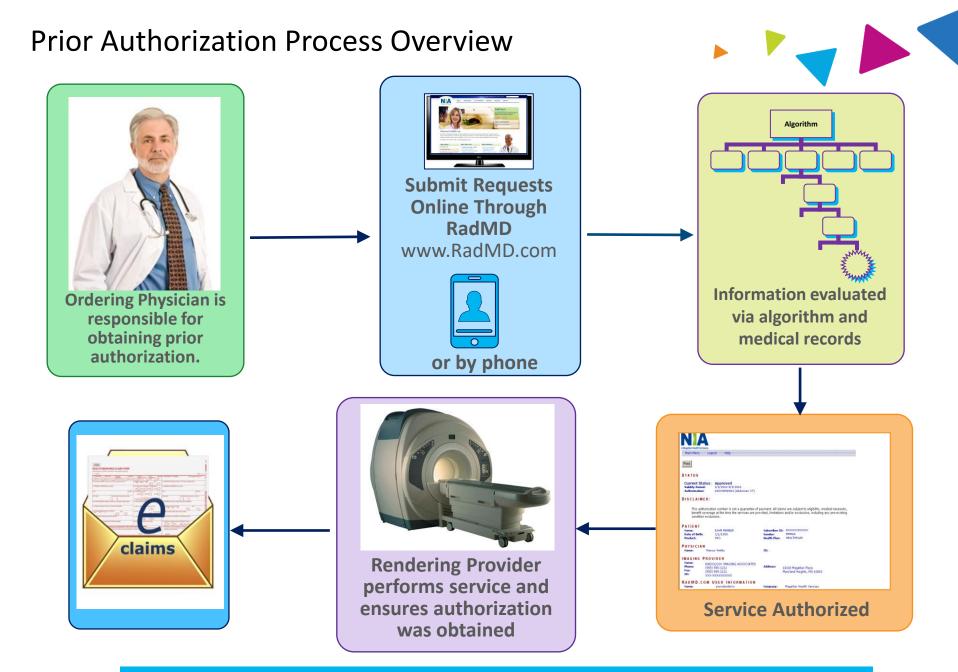

The matrix below contains all of the CPT 4 codes for which National Imaging Associates, Inc. (NIA) manages on behalf of WellCare of North Carolina. This matrix is designed to assist in the resolution of claims adjudication and claims questions related to those services authorized by NIA. The "Allowable Billed Groupings" is meant to outline that if a given procedure is authorized, that any one of the listed procedure codes could be submitted on a claim representing that service. This assumes that the member is eligible at the time of the service, that appropriate rebundling rules are applied, that the claim includes an appropriate diagnosis code for the CPT code and that the service is performed within the validity period.

If a family of CPT codes is not listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match does not occur, the charge should be adjudicated accordingly.

\*Please note: Services rendered in an Emergency Room, Surgery Center or Hospital Inpatient setting are not managed by NIA.

#### NIA's Clinical Foundation & Review

- Clinical guidelines were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by WellCare of North Carolina and NIA Medical Officers and clinical experts. Clinical Guidelines are available on www.RadMD.com
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The patient's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. Our goal – ensure members receive appropriate care.

#### Patient and Clinical Information Required for Authorization

#### General

 Includes: Ordering physician information, member information, rendering provider information, requested examination, etc.

#### **Clinical Information**

- Includes clinical information to justify examination, symptoms and their duration, physical exam findings
- Preliminary procedures already completed (e.g., X-rays, CTs, lab work, ultrasound reports, scoped procedures, referrals to specialist, specialist evaluation)
- Reason the study is being requested (e.g., further evaluation, rule out a disorder)

Refer to the Prior Authorization Checklists on RadMD for more specific information.

# Clinical Specialization Pods Overseen by a Physician Advisor Neurology Abdomen/Pelvis (includes OB-US) General Studies Radiation Oncology Orthopedic Oncology

#### **Physician Review Team**

Physician Panel of Board-Certified Physician Specialists with ability to meet any State licensure requirements

Specialty Physician panels for peer reviews on specialty products (cardiac, OB Ultrasound, radiation oncology, interventional pain management, surgery, sleep management)

#### **Document Review**

NIA may request patient's medical records/additional clinical information.

When requested, validation of clinical criteria within the patient's medical records is required before an approval can be made.

Ensures that clinical criteria supporting the requested test are clearly documented in medical records.

Helps ensure that patients receive the most appropriate, effective care.

 NIA Physician approves case <u>without</u> peer to peer

Peer-to-peer outbound attempt made if case is not approvable

- NIA Physician approves case with peer to peer
- Ordering Physician withdraws case during peer to peer
- · Physician denies case based on medical criteria

Key NIA Differentiators

Generally the turnaround time to complete these requests is 2-3 business days upon receipt of sufficient clinical information

#### NIA Urgent/Expedited Authorization Process

#### **Urgent/Expedited Authorization Process**

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call NIA immediately.
- The NIA website <u>www.RadMD.com</u> cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling NIA at 1-866-249-1583.
- Turnaround time is within one business day and not to exceed
   72 business calendar hours.

#### **Notification of Determination**

#### **Authorization Notification**

 Validity Period – Authorizations are valid for 60 business days from the date of request

#### **Denial Notification**

- Notifications will include an explanation of what services have been denied and the clinical rationale for the denial
- A peer-to-peer discussion can be initiated once the adverse determination has been made
- A re-review is available with new or additional information
- Time frame for re-review is 10 business days
- In the event of a denial, providers are asked to follow the appeal instructions provided in their denial letter
- Medicare re-opens are NOT allowed.

#### Claims and Appeals

#### **How Claims Should be Submitted**

- Rendering providers/Imaging providers should continue to send their claims directly to WellCare of North Carolina
- Providers are strongly encouraged to use EDI claims submission
- Check on claims status at www.wellcare.com/nc

#### **Claims Appeals Process**

- In the event of a prior authorization or claims payment denial, providers may appeal the decision through WellCare of North Carolina
- Providers should follow the instructions on their nonauthorization letter or Explanation of Payment (EOP) notification

#### Radiation Safety and Awareness

Studies suggest a significant increase in cancer in dose estimates in excess of 50 mSv

U.S. population exposed to nearly six times more radiation from medical devices than in 1980

CT scans and nuclear studies are the largest contributors to increased medical radiation exposure

NIA has developed a Radiation Awareness Program designed to create patient and physician awareness of radiation concerns

## Registering on RadMD.com To Initiate Authorizations

Everyone in your organization is required to have their own separate user name and password due to HIPAA regulations.

#### STEPS:

- 1. Click the "New User" button on the right side of the home page.
- 2. Select "Physician's office that orders procedures"
- 3. Fill out the application and click the "Submit" button.
  - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved user name and password.

NOTE: On subsequent visits to the site, click the "Sign In" button to proceed.

Offices that both order and render should request ordering provider access. This lets your office request authorizations on RadMD and see the status of those authorization requests.

#### RadMD Enhancements

NIA offers a **Shared Access** feature on our <u>RadMD.com</u> website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on <a href="RadMD.com">RadMD.com</a>, allowing them to communicate with members and facilitate treatment.

#### Lets Users to view all approved authorizations for facility

#### **IMPORTANT**

- Everyone in your organization is required to have their own separate user name and password due to HIPAA regulations.
- Designate an "Administrator" for the facility who manages the access for the entire facility.

#### STEPS:

- 1. Click the "New User" button on the right side of the home page.
- Select "Facility/office where procedures are performed" 2.
- 3. Fill out the application and click the "Submit" button.
  - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved user name and password.

NOTE: On subsequent visits to the site, click the "Sign In" button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved authorizations, they need to register for a rendering username and password. The administrator will have the ability to approve rendering access for each employee. This will allow users to see all approved authorizations under your organization.
