

Conservative Treatment History Form (IPM)

There is significant value in conservative treatment. It is also important to document and for your provider to know your recent efforts before establishing further tests and or treatment.

The information in this form will capture conservative treatment history in the event **interventional pain management** needs to be requested. For other procedures, a different form might be needed.

Please type or print clearly. Processing may be delayed if information submitted is illegible or incomplete.

Today's Date:	Patient:	Date of Birth:
