

Coordinated Care Corporation (Ambetter from Coordinated Care) Musculoskeletal (MSK) Management Program

Provider Training Presented by:
Debbie Patterson, Provider Relations Manager

January 2024

National Imaging Associates, Inc. (NIA)* Program Agenda

Our MSK Program

-  Authorization Process
 - Other Program Components
-  Provider Tools and Contact Information
-  RadMD Demo
-  Questions and Answers

** Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."*

NIA Specialty Solutions

National Footprint / Experience

National Footprint

- ✓ **Since 1995** – delivering Medical Specialty Solutions; one of the *go-to* care partners in industry.
- ✓ **88 health plans/markets** – partnering with NIA for management of Medical Specialty Solutions.
- ✓ **32.79M national lives** – participating in an NIA Medical Specialty Solutions Program nationally.
- ✓ **Diverse populations** – Medicaid, Exchanges, Medicare, Commercial, FEP, Provider Entities.

Commercial/Medicaid/Medicare Expertise/Insights

- ✓ **42 Commercial and 56 Medicaid plans/markets** with NIA Medical Specialty Solutions in place.
- ✓ **10.66M Commercial and 20.51M Medicaid lives nationally** – in addition to 1.63M Medicare Advantage

Intensive Clinical Specialization & Breadth

- ✓ **Specialized Physician Teams**
 - 160+ actively practicing, licensed, board-certified physicians
 - 28 specialties and sub-specialties

URAC Accreditation & NCQA Certified

NIA's MSK Prior Authorization Program

- Ambetter from Coordinated Care will begin a prior authorization program through NIA for the management of MSK Services.

- Program start date: February 1, 2024
- Begin obtaining authorizations from NIA on February 1, 2024, via RadMD or Call Center for services rendered on or after February 1, 2024

Procedures:

- Outpatient, interventional spine pain management services (IPM) specific to spinal cord stimulators
- Inpatient and outpatient hip, knee, shoulder, lumbar and cervical spine surgeries

Settings:

- Surgery Center
- In Office Provider
- Hospital

- Exchange Program

- NIA will manage non-emergent select services for Ambetter from Coordinated Care Exchange Line of Business (LOB) effective February 1, 2024, through the Ambetter from Coordinated Care's contractual relationships.

NIA's IPM Solution

Targeted IPM Procedures Performed in an Outpatient Facility or office

- Spinal Epidural Injections
- Paravertebral Facet Joint Injections or Blocks
- Paravertebral Facet Joint Denervation(Radiofrequency (RF) Neurolysis)
- Sacroiliac joint injections
- Sympathetic Nerve Blocks
- Spinal Cord Stimulators (Effective February 1, 2024)

Excluded from the Program IPM Procedures Performed in the following Settings:

- Hospital Inpatient
- Observation Room
- Emergency Room/Urgent Care Facility

- NIA will use the Ambetter from Coordinated Care networks of Pain Management Physicians, Hospitals and In-Office Providers as its preferred providers for delivering Outpatient IPM Services to Ambetter from Coordinated Care members throughout Washington.

NIA's Lumbar and Cervical Spine Surgery

Targeted Lumbar and Cervical Spine Surgery Procedures Performed in an Inpatient and Outpatient Facility

- Lumbar Microdiscectomy
- Lumbar Decompression (Laminotomy, Laminectomy, Facetectomy & Foraminotomy)
- Lumbar Spine Fusion (Arthrodesis) With or Without Decompression – Single & Multiple Levels
- Cervical Anterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression (without fusion)
- Cervical Artificial Disc Replacement – Single & Two Levels
- Cervical Anterior Decompression (without fusion)
- Lumbar Artificial Disc – Single & Two Levels
- Sacroiliac Joint Fusion

**Procedures Performed on or after February 1, 2024,
Require Prior Authorization. NIA's Call Center and
RadMD will open February 1, 2024**

Excluded from the Program Surgeries Performed in the following Settings:

- Emergency Surgery – admitted via the Emergency Room

Please note that CPT Codes 22800-22819 used for reconstructive spinal deformity surgery do not require NIA/Ambetter from Coordinated Care prior authorization. NIA will monitor the use of these CPT codes, but prior authorization is not currently required.

NIA's Hip, Knee and Shoulder Surgery Performed in an Inpatient and Outpatient Facility

Targeted Hip Surgery

- Revision/Conversion Hip Arthroplasty
- Total Hip Arthroplasty/Resurfacing
- Femoroacetabular Impingement (FAI) Hip Surgery (includes CAM/pincer & labral repair)
- Hip Surgery – Other (includes synovectomy, loose body removal, debridement, diagnostic hip arthroscopy, and extra-articular arthroscopy knee)

Targeted Knee Surgery

- Revision Knee Arthroplasty
- Total Knee Arthroplasty (TKA)
- Partial-Unicompartmental Knee Arthroplasty (UKA)
- Knee Manipulation under Anesthesia (MUA)
- Knee Ligament Reconstruction/Repair
- Knee Meniscectomy/Meniscal Repair/Meniscal Transplant
- Knee Surgery – Other (includes synovectomy, loose body removal, diagnostic knee arthroscopy, debridement with or without chondroplasty, lateral release/patellar realignment, articular cartilage restoration)

Targeted Shoulder Surgery

- Revision Shoulder Arthroplasty
- Total/Reverse Shoulder Arthroplasty or Resurfacing
- Partial Shoulder Arthroplasty/Hemiarthroplasty
- Shoulder Rotator Cuff Repair
- Shoulder Labral Repair
- Frozen Shoulder Repair/Adhesive Capsulitis
- Shoulder Surgery – Other (includes debridement, manipulation, decompression, tenotomy, tenodesis, synovectomy, claviclectomy, diagnostic shoulder arthroscopy)

Excluded from the Program

Hip, Knee and Shoulder Surgeries Performed in the following Settings:

- Emergency Surgery – admitted via the Emergency Room

List of CPT Procedure Codes Requiring Prior Authorization (IPM)

Review Claims/Utilization Review Matrix to determine CPT codes managed by NIA.

CPT Codes and their Allowable Billable Groupings.

Located on [RadMD.com](https://www.RadMD.com).

Defer to Ambetter from Coordinated Care's Policies for Procedures not on Claims/Utilization Review Matrix.

**National Imaging Associates, Inc. (NIA)*
Ambetter from Coordinated Care
Utilization Review Matrix 2024
Outpatient Interventional Pain Management (IPM)**

The matrix below contains all of the CPT 4 codes for which National Imaging Associates Inc. (NIA)* authorizes on behalf of Ambetter from Coordinated Care.

NIA issues authorizations based on the primary CPT code and its allowable billed groupings. A procedure can be billed under any **one** of the given CPT codes for that allowable billed grouping as long as a valid authorization number has been issued within the validity period.

***Please note: IPM services rendered in an Emergency Room, Observation Room, Intraoperatively, or as a Hospital Inpatient are not managed by NIA.**

IPM PROCEDURES			
Procedure Name	Primary CPT Code	Allowable Billed Groupings	Ancillary Procedures/Codes
<p><i>Authorization is provided at the <u>procedure</u> level. There are multiple CPT codes that can be associated with each procedure. These are assumed to be part of the primary request and, when completed in combination, do not require a separate authorization.</i></p>			<p><i>These codes do not require prior authorization. If the main procedure is approved, these codes are understood to be included and do not require precertification from the health plan.</i></p> <p><i>*Please note: This is not an all-inclusive list of every possible ancillary code.</i></p>
Cervical/Thoracic Interlaminar Epidural	62321	62320, 62321	
Cervical/Thoracic Transforaminal Epidural	64479	64479, +64480	
Lumbar/Sacral Interlaminar Epidural	62323	62322, 62323

	Reason: Avascular necrosis	

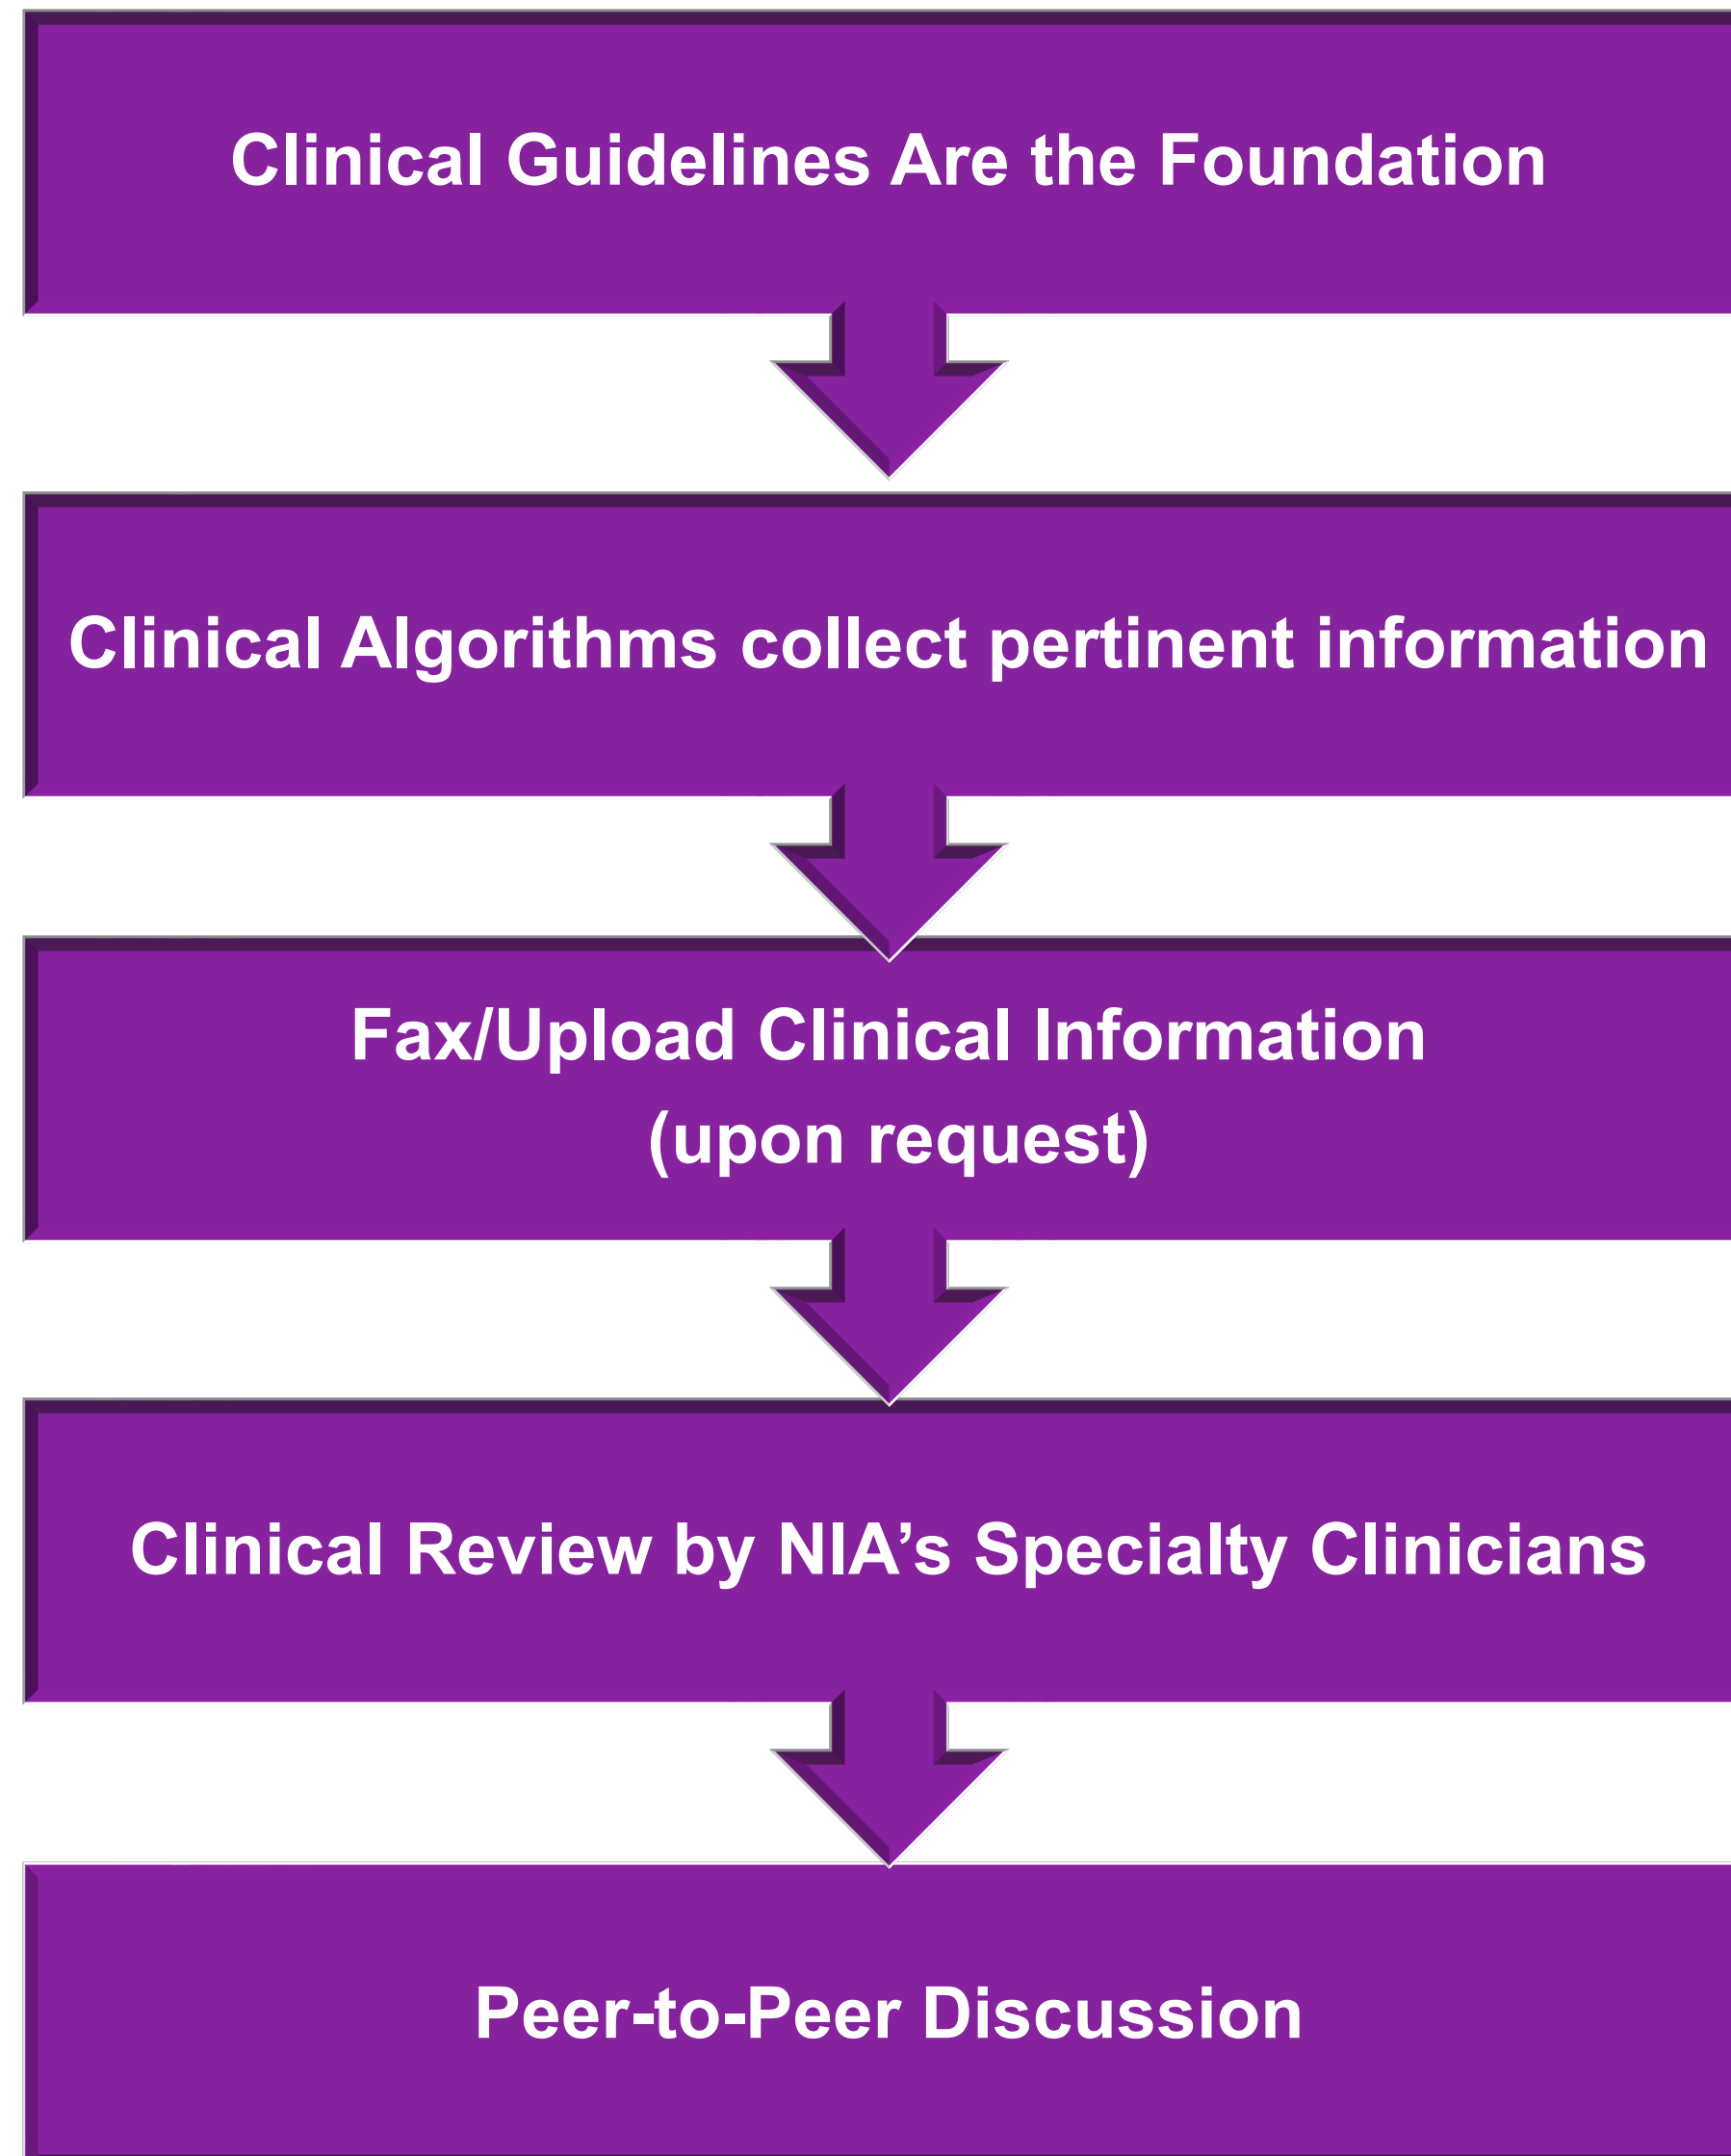

Service Authorized

Rendering Provider Performs Service and ensures authorization was obtained

NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by the Plan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on RadMD.com**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team focused on MSK.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

Information for Authorization for IPM Injections

Special Information

- Every IPM procedure performed requires a prior authorization; NIA does not pre-approve a series of epidural injections.
- Bi-lateral IPM injections performed on the same date of service do not require a separate authorization. An authorization will cover bi-lateral as well as multiple levels on the same date of service. (Please refer to guidelines for potential restrictions)
- Add on codes do not require separate authorization and are to be used in conjunction with approved primary code for the service rendered.

IPM Clinical Checklist Reminders

IPM Documentation:

Conservative Treatment

- Frequently, specifics of active conservative treatment/non-operative treatment are not present in office notes. Details such as duration and frequency should be provided in order to ensure 6 weeks has been attempted within the past 6 months. Official physical therapy records do not need to be obtained but the provider should supply a summary of these details. Physical therapy is not the only means of active conservative treatment acceptable; physician directed home exercise programs as well as chiropractic care are among other examples of appropriate treatments.

Visual Analog Scale (VAS) Score and/or Functional Disability

- A VAS score is an acceptable method to relay intensity of pain. However, a description of functional disability is also accepted as a means for measuring pain (ie - noting that the member is no longer able to perform work duties, daily care, etc).

Follow Up To Prior Pain Management Procedures

- For repeat treatments, follow up is required in regard to what procedure was completed, how much and for how long relief was obtained, active participation in ongoing conservative treatment, and to what level the pain has returned. A follow up office visit is not required; documentation of telephone encounters with the member are acceptable to satisfy this requirement.

Sample Pain Rating Scales

Visual analogue scale (VAS)

Numerical rating scale (NRS)

Faces rating scale (FRS)

Authorization for Surgery

Special Information

- Most surgeries require only one authorization request. NIA provides a list of surgery categories to choose from and the surgeon's office must select the most complex and invasive surgery being performed as the **primary** surgery.
 - Example 1: A lumbar fusion authorization includes decompression, instrumentation, etc.
 - Example 2: A knee ligament reconstruction includes meniscectomy, debridement, etc.
- Bilateral hip, knee, or shoulder surgeries require authorization for both the left **and** right side. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.
- Inpatient admissions continue to be subject to concurrent review by Ambetter from Coordinated Care.
- Date of Service is required.
- The ordering physician must obtain prior authorization with NIA prior to performing the surgery/procedure.
- Facility admissions do not require a separate prior authorization. However, the facility should ensure that an NIA prior authorization has been obtained prior to scheduling the surgery/procedure.

Surgery Clinical Checklist Reminders

Surgery Documentation:

-  Details regarding the member's symptoms and their onset/duration
-  Physical exam findings
-  Conservative treatment modalities with dates and duration (e.g., physical therapy, home exercise plan, injections, medications, activity modification)
-  Diagnostic imaging results
-  Ordering physician's surgical plan (including a discussion about the potential risks and benefits of the procedure) (BMI, smoking history, mental status for some surgeries)

NIA to Physician: Request for Clinical Information

CC_TRACKING_NUMBER FAXC

Request for Further Clinical Information

We have received your request for PROC_DESC. Please use this tool to assist us with the preauthorization process, by submitting by fax (FAX # _____) or phone all relevant information requested below. For information regarding NIA clinical guidelines used for determinations please see radind.com. To speak with an Initial Clinical Reviewer please call _____.

1. Treating condition/diagnosis:
2. Brief relevant medical history and summary of previous therapy:
3. Surgery Date and Procedure (if any):
4. Date of initial evaluation: _____ Date of Re-evaluation: _____

RESULTS OF OBJECTIVE TESTS AND MEASURES: _____

A fax is sent to the provider detailing what clinical information that is needed, along with a Fax Coversheet.

We stress the need to provide the clinical information as quickly as possible so we can make a determination.

Determination timeframe begins after receipt of clinical information.

Failure to receive requested clinical information may result in non certification.

Submitting Additional Clinical Information

- Records may be submitted:
 - Upload to <https://www.RadMD.com>
 - Fax using that NIA coversheet
- Location of Fax Coversheets:
 - Can be printed from <https://www.RadMD.com>
 - Call: 1-800-424-4918
- Use the case specific fax coversheets when faxing clinical information to NIA

Clinical Specialty Team: Focused on IPM and MSK

IPM Reviews

Initial clinical review performed by specially trained IPM nurses

Clinical review team will proactively reach out for additional clinical information

Anesthesiologists and pain management specialists conduct clinical reviews and peer-to-peer discussions on IPM requests

MSK Surgery Reviews

Initial clinical review performed by specialty trained surgery nurses

Surgery concierge team will proactively reach out for additional clinical information

Orthopedic surgeons or neurosurgeons conduct clinical reviews and peer-to-peer discussions on surgery requests

MSK Clinical Review Process

Physicians' Office Contacts NIA for Prior Authorization

1

2

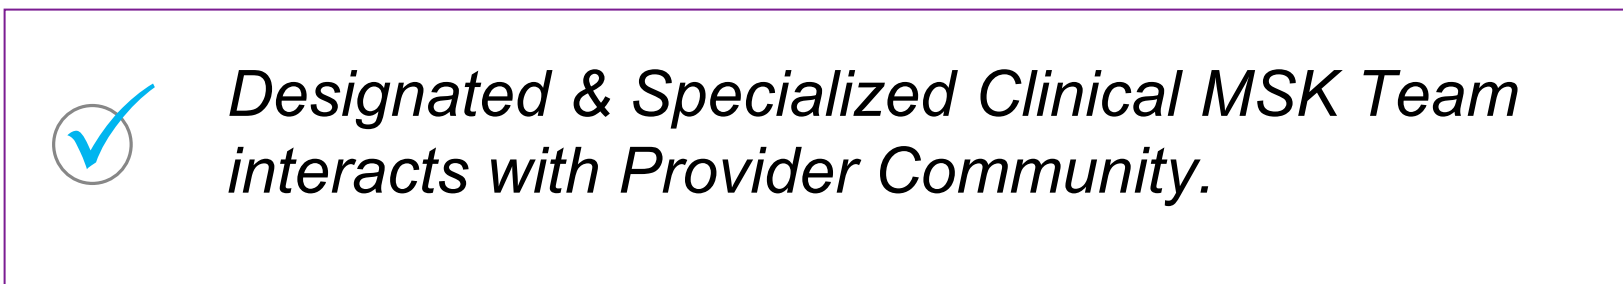

System Evaluates Request Based on Information Entered by Physician & Physician Profile

- Additional clinical information required

3

NIA Initial Clinical Specialty Team Review

- Additional clinical information submitted and reviewed – Procedure Approved
- Additional clinical not complete or inconclusive – Escalate to Physician Review

4

NIA Specialty Physician Reviewers

- NIA Physician approves case without peer-to-peer

- NIA Physician approves case with peer-to-peer
- Ordering Physician withdraws case during peer-to-peer
- Physician denies case based on medical criteria

Generally, the turnaround time for completion of these requests is within two or three business days upon receipt of sufficient clinical information

NIA Urgent/Expedited MSK Authorization Process

Urgent/Expedited MSK Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call NIA immediately.
- The NIA website <https://www.RadMD.com> cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the NIA call center at 1-800-424-4918.
- Turnaround time is within 1 Business Day not to exceed 2 Calendar Days.

Notification of Determination

Authorization Notification

- Validity Period - Authorizations are valid for:
IPM
 - 6 months from date of request.
- **Surgical**
 - Inpatient – 6 months from date of request
 - Outpatient- SDC/Ambulatory – 6 months from date of request
- The date of service/request that is selected at the time of the prior authorization request, will be used to determine the validity period. If the date of service/request changes, please contact NIA to update.

Denial Notification

- Notifications will include an explanation of what services have been denied and the clinical rationale for the denial
- A peer-to-peer discussion can be initiated once the adverse determination has been made.
- A reconsideration may be available with new or additional information.
- Timeframe for reconsideration is 45 calendar days from the date of denial and prior to submitting a formal appeal.
- In the event of a denial, providers are required to follow the instructions provided in their denial letter.

IPM Points

Injections in all regions of spine are managed

Date of Service is required for all requests

Each IPM procedure must be prior authorized

No series of epidural injections

Specialty Nurses and Physicians will review IPM requests

MSK Surgery Points – Lumbar/Cervical Spine Surgery

Inpatient and outpatient non-emergent surgeries

Spine Surgery is focused on lumbar and/or cervical spine surgeries

For spinal surgeries, only one authorization request per surgery. For example, a Lumbar fusion authorization includes decompression, instrumentation, etc.

CPT Codes 22800-22819 used for reconstructive spinal deformity surgery and the associated instrumentation do not require prior authorization. NIA will monitor the use of these CPT codes.

MSK Surgery Points – Hip, Knee and Shoulder Surgery

Bilateral hip or knee surgeries require authorization for both the left *and* right side. These requests can be entered at the same time and will be reviewed concurrently. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.

Surgeries addressing the following are not included in the musculoskeletal management program: trauma, amputation, fracture, active infection, pediatric conditions, congenital malformation, dysplasia (hip), palsy/plegia, osteochondritis dissecans (knee), osteotomy (knee), tumor, cyst, cancer, arthrodesis, girdle resection (hip), denervation (hip), joint dislocation, hemiarthroplasty (hip), hardware removal, & foreign body

MSK Surgery Points – For all Surgeries

Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests. Inpatient admissions will continue to be subject to concurrent review by Ambetter from Coordinated Care.

Ambetter from Coordinated Care prior authorization requirements for the facility or hospital admission must be obtained separately and only initiated after the surgery has met NIA's medical necessity criteria. Once an authorization has been obtained for the procedure/surgery, Ambetter from Coordinated Care will reach out to the rendering provider to authorize the facility in which the procedure will be performed.

Authorizations are valid for 6 months from the date of request. NIA must be notified of any changes to the date of service.

Provider Tools

RadMD Website RadMD.com

Available

24/7 (except during
maintenance, performed every
third Thursday of the month
from 9 pm – midnight PST)

Toll-Free Number
Exchange: **1-800-424-4918**

Available

Monday - Friday
5:00 AM – 7:00 PST

- Request Authorization
- View Authorization Status
- View and manage Authorization Requests with other users

- View Requests for additional Information and Determination Letters
- View Clinical Guidelines
- View Frequently Asked Questions (FAQs)
- View Other Educational Documents

- Interactive Voice Response (IVR) System for authorization tracking

NIA's Website

<https://www.RadMD.com>

RadMD Functionality varies by user:

- **Ordering Provider's Office** – View and submit requests for authorization.
- **Rendering Provider** – Views approved, pended and in review authorizations for their facility.
- IPM providers are typically both the ordering and the rendering provider.

Online Tools Accessed through <https://www.RadMD.com>:

- NIA's Clinical Guidelines
- Frequently Asked Questions
- Quick Reference Guides
- IPM Checklist
- RadMD Quick Start Guide
- Claims/Utilization Matrices

The screenshot shows two main sections of the RadMD website interface. The top section is titled "RadMD Sign In" and features a green header. Below the header, there is a description: "24/7 online access for imaging facilities and health plans to NIA's RadMD Web site." Underneath this text are two buttons: "Sign In" (orange) and "New User" (grey). The bottom section is titled "Track an Authorization" and has a light orange background. It contains a label "Authorization Tracking Number" above a white input field. To the right of the input field is an orange "Go" button. The entire interface is reflected below it.

Registering on RadMD.com To Initiate Authorizations

Everyone in your organization accessing RadMD is required to have their own separate username and password due to HIPAA regulations.

1. Click the “New User” button on the right side of the home page.
2. Select “Physician’s office that orders procedures”
3. Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

Offices that will be both ordering and rendering should request ordering provider access, this will allow your office to request authorizations on RadMD and see the status of those authorization requests.

1

2

-- Please Select an Appropriate Description --

Physician's office that orders procedures

Facility/office where procedures are performed

Health Insurance company

Cancer Treatment Facility or Hospital that performs radiation oncology procedures

Physicians office that prescribes radiation oncology procedures

Physical Medicine Practitioner (PT, OT, ST, Chiro, etc.)

Submit

Allows Users the ability to view all approved, pended and in review authorizations for facility

IMPORTANT

- Everyone in your organization accessing RadMD is required to have their own separate username and password due to HIPAA regulations.
- Designate an “Administrator” for the facility who manages the access for the entire facility.

STEPS:

- Click the “New User” button on the right side of the home page.
- Select “Facility/office where procedures are performed”
- Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.
- New users will be granted immediate access

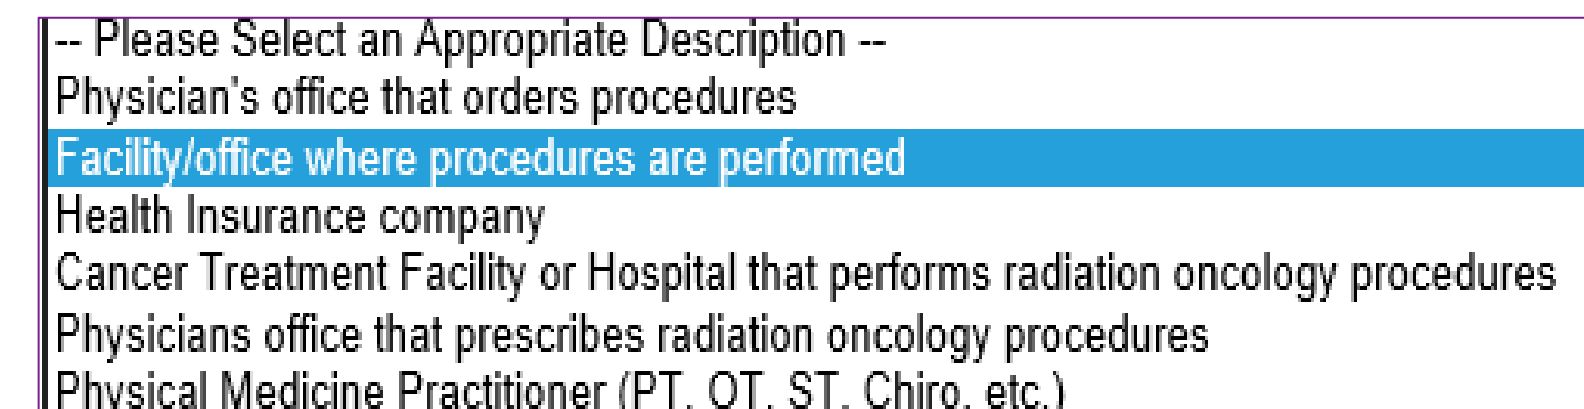

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved, pended and in review authorizations, they will need to register for a rendering username and password. The administrator will have the ability to approve rendering access for each employee. This will allow users to see all approved, pended and in review authorizations under your organization.

RadMD Enhancements

NIA offers a **Shared Access** feature on our RadMD.com website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

The screenshot shows the RadMD website interface. At the top right, there are links for "Provider Resources" and "User" with a dropdown arrow. Below this is a horizontal line. The main content area is divided into two columns. The left column is titled "Request" and lists several categories: "Exam or specialty procedure (including Cardiac, Ultrasound, Sleep Assessment)", "Physical Medicine" (with a sub-link "Initiate a Subsequent Request"), "Radiation Treatment Plan", "Pain Management (or Minimally Invasive Procedure)", "Spine Surgery or Orthopedic Surgery", and "Genetic Testing". The right column is titled "Resources and Tools" and lists "Shared Access", "Clinical Guidelines", and "Request access to Tax ID". Below these columns is a "News and Updates" section. At the bottom of the main content area, there is a "Login As Username:" field with a "Login" button. Below this is a horizontal line. At the bottom of the page, there is a "Request Status" section with links for "Search for Request" and "View All My Requests". To the right of this is a "Tracking Number:" field with a "Search" button and a link for "Forgot Tracking Number?".

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on RadMD.com, allowing them to communicate with members and facilitate treatment.
