

National Imaging Associates, Inc. (NIA)* Interventional Pain Management (IPM) Frequently Asked Questions (FAQ's) For Ambetter of Illinois Providers

Question	Answer
GENERAL	
Why is Ambetter of Illinois implementing an Interventional Pain Management (IPM) Program?	Ambetter of Illinois is implementing this program to improve quality and manage the utilization of non-emergent, IPM procedures for Ambetter of Illinois members. Ambetter of Illinois providers will utilize the same tools through RadMD to request IPM procedures as they do today for advanced imaging procedures.
What IPM procedures does this include?	IPM Procedures that are included in this program:
Why did Ambetter of Illinois select NIA?	NIA was selected to partner with us because of its clinically driven program designed to effectively manage quality and member safety, while ensuring appropriate utilization of resources for Ambetter of Illinois membership.
Which Ambetter of Illinois members will be covered under this relationship and what networks will be used? PROGRAM START DATE	NIA will manage non-emergent outpatient IPM procedures for Ambetter of Illinois members effective February 1, 2024, through Ambetter of Illinois contractual relationships.

^{*} Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."

What is the implementation date for this IPM Program?	The effective date of the program is February 1, 2024. Ambetter of Illinois and NIA will be collaborating on provider related activities prior to the start date including provider training materials and provider education.
PRIOR AUTHORIZATION	
What IPM services will require a provider to obtain a prior authorization?	The following outpatient IPM procedures require prior authorization through NIA:
When is prior authorization required?	Prior authorization is required for outpatient, non- emergent IPM procedures. Ordering providers must obtain prior authorization for these procedures prior to the service being performed. Note: Only outpatient procedures are within the program scope. All IPM procedures performed in the Emergency Room or as part of inpatient or intraoperative care do not require prior authorization through NIA.
Is prior authorization required for members currently undergoing treatment?	Yes, authorization is required for dates of service on or beyond February 1, 2024, even if the member is continuing treatment.
Who do we expect to order IPM procedures? Are inpatient IPM	IPM procedures requiring medical necessity review are usually ordered by one of the following specialties.
procedures included in this program?	program.
Are intraoperative and/or post-operative pain control IPM procedures included in this program?	No, IPM procedures performed for pain management during a larger surgical procedure are not included in this program.

How does the ordering provider obtain a prior authorization from NIA for an outpatient IPM procedure?

Providers will be able to request prior authorization via the NIA website www.RadMD.com (preferred method) to obtain prior authorization for IPM procedures. RadMD is available 24 hours a day, 7 days a week. For Providers that are unable to submit authorizations using RadMD, our Call Center is available at 1-866-430-0070, for prior authorizations, Monday-Friday, 7:00 a.m. to 7:00 p.m. (CST).

What information will NIA require in order to receive prior authorization?

To expedite the process, please have the following information available before logging on to the website or calling the NIA call center staff.

(*denotes required information):

- Name and office phone number of ordering physician*
- Member name and ID number*
- Requested procedure*
- Name of provider office or facility where the service will be performed*
- Anticipated date of service*
- Details justifying the pain procedure*:
 - Date of onset of pain or exacerbation
 - Physician exam findings and member symptoms (including findings applicable to the requested services)
 - Clinical Diagnosis
 - Date and results of prior IPM procedures.
 - Diagnostic imaging results, where available. Conservative treatment modalities completed, duration, and results (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs and medication)

Please be prepared to upload to RadMD or fax the following information, if requested:

- Clinical notes outlining onset of pain, conservative care modalities, outcomes, and physical exam findings.
- Date and results of prior IPM procedures

	 Effectiveness of prior procedures on reducing
	pain
	 Diagnostic Imaging results
	 Specialist reports/evaluation
How do I send clinical	The most efficient way to send required clinical
information to NIA if it is	information is to upload your documents to RadMD
required?	(preferred method). The upload feature allows clinical
	information to be uploaded directly after completing an authorization request. Utilizing the upload feature
	expedites your request since it is automatically
	attached and forwarded to our clinicians for review.
	attached and forwarded to our chimoland for feview.
	If uploading is not an option for your practice, you may
	fax utilizing the NIA specific fax coversheet. To ensure
	prompt receipt of your information:
	 Use the NIA fax coversheet as the first page of
	your clinical fax submission. *Please do not use
	your own fax coversheet, since it will not contain
	the case specific information needed to process
	the case
	Make sure the tracking number on the fax
	coversheet matches the tracking number for
	your request.
	 Send each case separate with its own fax coversheet.
	 IPM Providers may print the fax coversheet from
	www.RadMD.com.
	NIA will fax this coversheet to the IPM Provider
	during authorization intake or at any time during
	the review process.
	•
	*Using an incorrect fax coversheet may delay a
	response to an authorization request.
Can a provider request	No. NIA requires prior authorization for each IPM
more than one procedure	procedure requested and will only authorize one
at a time for a member	procedure at a time.
(i.e., a series of epidural injections)?	
What kind of response	The best way to maximize the turnaround time of an
time can order providers	authorization request is to initiate the request through
expect for prior	www.RadMD.com.
authorization?	Generally, within 2 business days after receipt of
	request with full clinical documentation, a determination
	will be made. In certain cases, the review process can

	take longer if additional clinical information is required to make a determination.
What will the NIA authorization number look like?	The NIA authorization number consists of alphanumeric characters. In some cases, the ordering provider may instead receive an NIA tracking number (not the same as an authorization number) if the provider's authorization request is not approved at the time of initial contact. Providers will be able to use either number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system.
If requesting an authorization through RadMD and the request pends, what happens next?	You will receive a tracking number and will need to submit clinical documentation that supports the requested IPM procedure.
Can RadMD be used to submit an expedited authorization request?	RadMD can only be used to initiate expedited authorization requests after normal business hours. Requests that are submitted during normal business hours must be called into NIA's Call Center through the toll-free number at 1-866-430-0070, for processing.
How long is the prior authorization number valid?	The authorization number is valid for outpatient services for 12 months from the date of request.
Is prior authorization necessary for IPM procedures if Ambetter of Illinois is NOT the member's primary insurance?	No Authorization is not required if Ambetter of Illinois is secondary to another plan.
If a provider obtains a prior authorization number does that guarantee payment?	An authorization number is not a guarantee of payment. Authorizations are based on medical necessity and are contingent upon eligibility and benefits. Benefits may be subject to limitations and/or qualifications and will be determined when the claim is received for processing.
Does NIA allow retro- authorizations?	Yes. Retrospective review of completed procedures are evaluated for medical necessity and to determine whether there was an urgent or emergent situation that prohibited the provider from obtaining prior authorization for the service and to determine whether medical necessity guidelines were met. It is important that key physicians and office staff be educated on the prior authorization requirements. Claims for IPM

Which medical providers are affected by the IPM Program?	Specialized Providers who perform IPM procedures in an outpatient setting. Ambetter of Illinois providers will need to request a prior authorization from NIA to bill the service. Providers who perform IPM procedures are generally located at: Ambulatory Surgical Centers Hospital outpatient facilities Provider offices
CLAIMS RELATED	
Where do providers send their claims for outpatient, non-emergent pain management services?	Ambetter of Illinois providers should continue to send claims directly to Ambetter of Illinois. Providers are encouraged to use EDI claims submission
How can providers check claims and claims appeal status?	Providers should continue to check claims and appeals status with Ambetter of Illinois.
MISCELLANEOUS	
How is medical necessity defined? Will provider trainings be	 Meets generally accepted standards of medical practice; be appropriate for the symptoms, consistent with diagnosis, and otherwise in accordance with sufficient evidence and professionally recognized standards; Be appropriate to the illness or injury for which it is performed as to type of service and expected outcome; Be appropriate to the intensity of service and level of setting; Provide unique, essential, and appropriate information when used for diagnostic purposes; Be the lowest cost alternative that effectively addresses and treats the medical problem; and rendered for the treatment or diagnosis of an injury or illness; and Not furnished primarily for the convenience of the member, the attending physician, or other provider. Yes, NIA will conduct provider training sessions before
offered closer to the implementation date?	the implementation date of this program

Where can a provider find NIA's Guidelines for Clinical Use of Pain Management Procedures? Will the Ambetter of Illinois member ID card change with the implementation of this IPM Program?	NIA's IPM Guidelines are reviewed yearly and modified when necessary, following a literature search of pertinent and established clinical guidelines and accepted practices. They can be found on the website at www.RadMD.com . No. The Ambetter of Illinois member ID card will not contain any NIA information on it and the member ID card will not change with the implementation of this IPM Program.
RECONSIDERATION AND A	APPEALS PROCESS
Is the reconsideration process available for the IPM program once a denial is received?	Once a denial determination has been made, if the office has new or additional information to provide, a reconsideration can be initiated by uploading via RadMD or faxing (using the case specific fax cover sheet) additional clinical information to support the request. A reconsideration must be initiated within 5 business days from the date of denial and prior to submitting a formal appeal. NIA has a specialized clinical team focused on IPM. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. The IPM provider may call 1-866-430-0070, to initiate the peer-to-peer process. These discussions provide an opportunity to discuss the case and collaborate on the appropriate services for the member based on the clinical information provided.
Who should a provider contact if they want to appeal a prior authorization decision?	Providers are asked to please follow the appeal instructions given on their non-authorization letter or Explanation of Benefits (EOB) notification.
RADMD ACCESS	
If I currently have RadMD access, will I need to apply for additional access to initiate authorizations for IPM procedures?	If the user already has access to RadMD, RadMD will allow you to submit an authorization for any procedures managed by NIA.
What option should I select to receive access to initiate authorizations?	Selecting "Physician's office that orders procedures" will allow you access to initiate authorizations for pain management procedures.
