

## National Imaging Associates, Inc. (NIA) Interventional Pain Management (IPM) Frequently Asked Questions (FAQ's) For Coordinated Care Providers

Question	Answer
GENERAL	
Why is Coordinated Care implementing an Interventional Pain Management (IPM) Program?  What IPM procedures does this include?  Why did Coordinated Care select NIA?	Coordinated Care is implementing this program to improve quality and manage the utilization of non-emergent, IPM procedures for Coordinated Care members.  Coordinated Care providers will utilize the same tools through RadMD to request IPM procedures as they do today for advanced imaging procedures.  IPM Procedures that are included in this program:  Spinal Epidural Injections  Paravertebral Facet Joint Injections or Blocks  Paravertebral Facet Joint Denervation (Radiofrequency Neurolysis)  Sacroiliac Joint Injections  Sympathetic Nerve Block  Spinal Cord Stimulators (Effective 2/1/2024)  NIA was selected to partner with us because of its clinically driven program designed to effectively manage quality and member safety, while ensuring appropriate
Which Coordinated Care members will be covered under this relationship and what networks will be used?	utilization of resources for Coordinated Care membership.  NIA will manage non-emergent outpatient IPM procedures for Coordinated Care members effective June 1, 2023, through Coordinated Care's contractual relationships.
PROGRAM START DATE	
What is the implementation date for this IPM Program?	The effective date of the program is June 1, 2023. Coordinated Care and NIA will be collaborating on provider related activities prior to the start date including provider training materials and provider education.
PRIOR AUTHORIZATION What IPM services will	The following outpatient IPM procedures require prior
require a provider to	authorization through NIA:  • Spinal Epidural Injections

authorization?	(*denotes required information):

•	Name and office phone number of ordering
	physician*

- Member name and ID number\*
- Requested procedure\*
- Name of provider office or facility where the service will be performed\*
- Anticipated date of service\*
- Details justifying the pain procedure\*:
  - Date of onset of pain or exacerbation
  - Physician exam findings and member symptoms (including findings applicable to the requested services)
  - Clinical Diagnosis
  - o **Date and results** of prior IPM procedures.
  - Diagnostic imaging results, where available. Conservative treatment modalities completed, duration, and results (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs and medication)

Please be prepared to fax the following information, if requested:

- Clinical notes outlining onset of pain, conservative care modalities, outcomes, and physical exam findings
- Date and results of prior IPM procedures
- Effectiveness of prior procedures on reducing pain
- Diagnostic Imaging results
- Specialist reports/evaluation

## How do I send clinical information to NIA if it is required?

The most efficient way to send required clinical information is to upload your documents to RadMD (preferred method). The upload feature allows clinical information to be uploaded directly after completing an authorization request. Utilizing the upload feature expedites your request since it is automatically attached and forwarded to our clinicians for review.

If uploading is not an option for your practice, you may fax utilizing the NIA specific fax coversheet. To ensure prompt receipt of your information:

 Use the NIA fax coversheet as the first page of your clinical fax submission. \*Please do not use your own fax coversheet, since it will not contain

the case specific information needed to process the case  • Make sure the tracking number on the fax coversheet matches the tracking number for your request  • Send each case separate with its own fax coversheet  • IPM Providers may print the fax coversheet from www.RadMD.com.  • NIA will fax this coversheet to the IPM Provider during authorization intake or at any time during the review process.  *Using an incorrect fax coversheet may delay a response to an authorization request.  No. NIA requires prior authorization for each IPM procedure at a time for a member (i.e., a series of epidural injections)?  What kind of response time can order providers expect for prior authorization?  What will the NIA authorization request is to initiate the request through www.RadMD.com.  Generally, within 2 to 3 business days after receipt of request with full clinical documentation, a determination will be made. In certain cases, the review process can take longer if additional clinical information is required to make a determination.  What will the NIA authorization number look like?  What will the NIA authorization number on sists of alpha-numeric characters. In some cases, the ordering provider may instead receive an NIA tracking number (not the same as an authorization number) if the provider's authorization request is not approved at the time of initial contact. Providers will be able to use either number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system.  If requesting an authorization request a tracking number and will need to submit an expedited authorization request after normal business hours. Requests that are submitted during normal business hour must be called into NIA's Call Center through the toll-free number, 1-800-727-8627 for processing.

SCHEDULING PROCEDU	KE9

Will NIA make a final determination based on the Anticipated Date of	NIA does not guarantee final determination of the request by the anticipated date of service.
the Anticipated Date of Service?	The anticipated date of service (provided during request for authorization) is used to determine timing between procedures.
	Please be advised that NIA needs 2 to 3 business days after the receipt of clinical information to review and render a decision on a request. Please do not schedule or perform the procedure until you have an approved authorization.
Do ordering physicians	NIA will require the name of the facility/provider where the

MISCELLANEOUS	
How is medical	NIA defines medical necessity as services that:
necessity defined?	
	<ul> <li>Meets generally accepted standards of medical</li> </ul>
	practice; be appropriate for the symptoms,
	consistent with diagnosis, and otherwise in
	accordance with sufficient evidence and
	professionally recognized standards;

	<ul> <li>Be appropriate to the illness or injury for which it is performed as to type of service and expected outcome;</li> <li>Be appropriate to the intensity of service and level of setting;</li> <li>Provide unique, essential, and appropriate information when used for diagnostic purposes;</li> <li>Be the lowest cost alternative that effectively addresses and treats the medical problem; and rendered for the treatment or diagnosis of an injury or illness; and</li> <li>Not furnished primarily for the convenience of the member, the attending physician, or other provider.</li> </ul>
Will provider trainings be offered closer to the implementation date?	Yes, NIA will conduct provider training sessions before the implementation of this program.
Where can a provider find NIA's Guidelines for Clinical Use of Pain Management Procedures?	NIA's IPM Guidelines can be found on the website at <a href="https://www.RadMD.com">www.RadMD.com</a> . They are presented in a PDF file format that can easily be printed for future reference. NIA's clinical guidelines have been developed from practice experiences, literature reviews, specialty criteria sets and empirical data.
Will the Coordinated Care member ID card change with the implementation of this IPM Program?	No. The Coordinated Care member ID card does not contain any NIA information on it and the member ID card will not change with the implementation of this IPM Program.
<b>RE-REVIEW AND APPEA</b>	LS PROCESS
Is the re-review process available for the IPM program once a denial is received?	Once a denial determination has been made, if the office has new or additional information to provide, a re-review can be initiated by uploading via RadMD or faxing (using the case specific fax cover sheet) additional clinical information to support the request. A re-review must be initiated within 45 calendar days from the date of denial and prior to submitting a formal appeal.
	NIA has a specialized clinical team focused on IPM. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. The IPM provider may call 1-800-727-8627 to initiate the peer-to peer-process. These discussions provide an opportunity to discuss the case and collaborate on the appropriate services for the member based on the clinical information provided.

Who should a provider contact if they want to appeal a prior authorization decision?	Providers are asked to please follow the appeal instructions given on their non-authorization letter or Explanation of Benefits (EOB) notification.
RADMD ACCESS	
If I currently have RadMD access, will I need to apply for additional access to initiate authorizations for IPM procedures?	If the user already has access to RadMD, RadMD will allow you to submit an authorization for any procedures managed by NIA.
What option should I select to receive access to initiate authorizations?	Selecting "Physician's office that orders procedures" will allow you access to initiate authorizations for pain management procedures.
How do I apply for RadMD access to initiate authorization requests if I don't have access?	User would go to our website www.radmd.com.  Click on NEW USER.  Choose "Physician's office that orders procedures" from the drop-down box  Complete application with necessary information.  Click on Submit
	Once an application is submitted, the user will receive an email from our RadMD support team within a few hours after completing the application with an approved username and a temporary passcode. Please contact the RadMD Support Team at 1-800-327-0641 if you do not receive a response within 72 hours.
What is rendering provider access?	Rendering provider access allows users the ability to view all approved authorizations for their office or facility. If an office is interested in signing up for rendering access, you will need to designate an administrator.  • User would go to our website <a href="www.RadMD.com">www.RadMD.com</a> • Select "Facility/Office where procedures are performed"  • Complete application • Click on Submit
	<ul> <li>Examples of a rendering facility that only need to view approved authorizations:</li> <li>Hospital facility</li> <li>Billing department</li> <li>Offsite location</li> <li>Another user in location who is not interested in initiating authorizations</li> </ul>
