Expanded Partnership with National Imaging Associates to Implement Musculoskeletal Management Program

November 30, 2023

NH Healthy Families, Ambetter from New Hampshire Healthy Families and Wellcare from NH Healthy Families are committed to continuous improvement of quality services for our members. With that in mind, we have partnered with National Imaging Associates, Inc. (NIA)¹, to implement a new Musculoskeletal (MSK) Management program.

The MSK program currently requires prior authorization for non-emergent outpatient and interventional spine pain management services (IPM). In the new partnership with NIA, prior authorizations are required for spinal cord stimulators, and inpatient and outpatient hip, knee, shoulder, lumbar, and cervical spine surgeries for all our products. The decision to implement this latest program is consistent with industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services.

In consideration of this agreement, we will terminate the current MSK program with TurningPoint Healthcare as of January 31, 2024, for all products.

Under terms of the agreement between NH Healthy Families, Ambetter from New Hampshire Healthy Families, and Wellcare from NH Healthy Families and NIA:

- We will oversee the MSK program and continue to be responsible for claims adjudication and medical policies.
- NIA will manage IPM services, and inpatient and outpatient MSK surgeries through the existing contractual relationships with NH Healthy Families, Ambetter from New Hampshire Healthy Families, and Wellcare from NH Healthy Families

Planned for a February 1, 2024, implementation, this correspondence serves as notice under your Participating NH Healthy Families, Ambetter from New Hampshire Healthy Families, and Wellcare from NH Healthy Families Provider Agreement of changes to the program.

Commitment to Communication

From your Provider Relations team.

Lumbar

- Lumbar Microdiscectomy
- Lumbar Decompression (Laminotomy, Laminectomy, Facetectomy & Foraminotomy)
- Lumbar Spine Fusion (Arthrodesis) With or Without Decompression – Single & Multiple Levels
- Sacroiliac Joint Fusion

Cervical

- Cervical Anterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression (without fusion)
- Cervical Artificial Disc Replacement
- Cervical Anterior Decompression (without fusion)

KEY PROVISIONS:

- It is the responsibility of the ordering physician to obtain prior authorization for all IPM procedures and MSK surgeries managed by NIA.
- NIA does not manage prior authorization for emergency MSK surgery cases admitted through the emergency room or for MSK surgery procedures outside of those procedures listed above.
- The ordering physician must obtain prior authorization with NIA prior to performing the surgery/procedure.
- Facility admissions do not require a separate prior authorization. However, the facility should ensure they obtain an NIA prior authorization prior to scheduling the surgery/procedure.

MSK surgeries other than those outlined above will continue to follow NH Healthy Families prior authorization requirements for hospital admissions and elective surgeries.

We appreciate your support and look forward to your assistance in assuring that NH Healthy Families members receive MSK services delivered in a quality, clinically appropriate fashion.

We will provide additional information as we get closer to the implementation date. Should you have questions, please contact NH Healthy Families Provider Services Department at 1-866-769-3085.

Sincerely,

NH Healthy Families
