Cervical/Thoracic Facet Joint Radiofrequency Neurolysis	64633	64633, +64634

Information for Authorization for IPM Injections

Special Information

- Every IPM procedure performed requires a prior authorization; NIA does not pre-approve a series of epidural injections.
- Bi-lateral IPM injections performed on the same date of service do not require a separate authorization. An authorization will cover bi-lateral as well as multiple levels on the same date of service. (Please refer to guidelines for potential restrictions)
- Add on codes do not require separate authorization and are to be used in conjunction with approved primary code for the service rendered.

Prior Authorization Process Overview

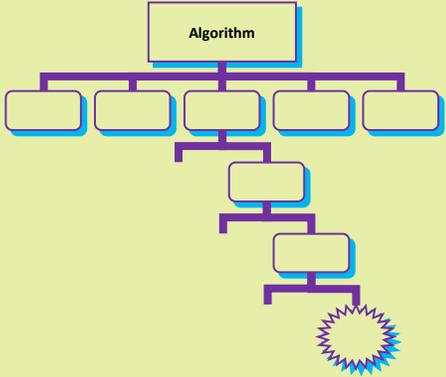

Ordering Physician is responsible for obtaining prior authorization. IPM provider may be both ordering and rendering

NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by the Plan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on RadMD.com**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team focused on IPM.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

IPM Clinical Checklist Reminders

IPM Documentation:

Conservative Treatment

- Frequently, specifics of active conservative treatment/non-operative treatment are not present in office notes. Details such as duration and frequency should be provided in order to ensure 6 weeks has been attempted within the past 6 months. Official physical therapy records do not need to be obtained but the provider should supply a summary of these details. Physical therapy is not the only means of active conservative treatment acceptable; physician directed home exercise programs as well as chiropractic care are among other examples of appropriate treatments.

Visual Analog Scale (VAS) Score and/or Functional Disability

- A VAS score is an acceptable method to relay intensity of pain. However, a description of functional disability is also accepted as a means for measuring pain (ie - noting that the member is no longer able to perform work duties, daily care, etc).

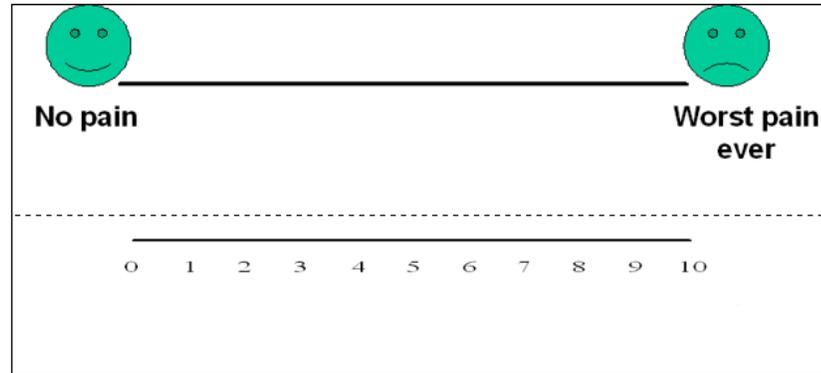

Follow Up To Prior Pain Management Procedures

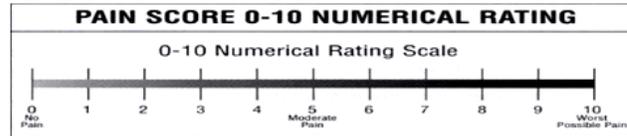

- For repeat treatments, follow up is required in regard to what procedure was completed, how much and for how long relief was obtained, active participation in ongoing conservative treatment, and to what level the pain has returned. A follow up office visit is not required; documentation of telephone encounters with the member are acceptable to satisfy this requirement.

The screenshot shows the RadMD Sign In page. At the top, it says "RadMD Sign In" in blue text. Below that, it states "24/7 online access for imaging facilities and health plans to NIA's RadMD Web site." There are two buttons: "Sign In" in orange and "New User" in grey. Below this is a section titled "Track an Authorization" in blue text. It features a text input field labeled "Authorization Tracking Number" and a "Go" button in orange. The entire interface is set against a light green and orange background with a reflection effect below it.

Registering on RadMD.com To Initiate Authorizations

Everyone in your organization is required to have their own separate username and password due to HIPAA regulations.

STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Physician’s office that orders procedures”
3. Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.

Offices that will be both ordering and rendering should request ordering provider access, this will allow your office to request authorizations on RadMD and see the status of those authorization requests.

IMPORTANT

- Everyone in your organization is required to have their own separate username and password due to HIPAA regulations.
- Designate an “Administrator” for the facility who manages the access for the entire facility.

STEPS:

- Click the “New User” button on the right side of the home page.
- Select “Facility/office where procedures are performed”
- Fill out the application and click the “Submit” button.
 - You must include your e-mail address in order for our Webmaster to respond to you with your NIA-approved username and password.
- New users will be granted immediate access

NOTE: On subsequent visits to the site, click the “Sign In” button to proceed.

If you have multiple staff members entering authorizations and you want each person to be able to see all approved, pending and in review authorizations, they will need to register for a rendering username and password. The administrator will have the ability to approve rendering access for each employee. This will allow users to see all approved, pending and in review authorizations under your organization.

RadMD Enhancements

NIA offers a **Shared Access** feature on our [RadMD.com](https://www.radmd.com) website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

The screenshot displays the RadMD.com website interface. At the top right, there are links for "Provider Resources" and "User" with a dropdown arrow. Below this, the page is divided into several sections:

- Request**: Includes "Exam or specialty procedure (including Cardiac, Ultrasound, Sleep Assessment)", "Physical Medicine" (with a link to "Initiate a Subsequent Request"), "Radiation Treatment Plan", "Pain Management or Minimally Invasive Procedure", "Spine Surgery or Orthopedic Surgery", and "Genetic Testing".
- Resources and Tools**: Includes "Shared Access", "Clinical Guidelines", and "Request access to Tax ID".
- News and Updates**: A section for news and updates.

At the bottom of the page, there are two search fields:

- Login As Username:** A text input field followed by a "Login" button.
- Request Status:** Includes links for "Search for Request" and "View All My Requests".
- Tracking Number:** A text input field followed by a "Search" button and a link for "Forgot Tracking Number?".

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on [RadMD.com](https://www.radmd.com), allowing them to communicate with members and facilitate treatment.
