

National Imaging Associates, Inc. (NIA)* Interventional Pain Management (IPM) Frequently Asked Questions (FAQ's) For Wellcare Alabama Providers

Question	Answer
GENERAL	
Why is Wellcare Alabama implementing an Interventional Pain Management (IPM) Program?	Wellcare Alabama implemented this program to improve quality and manage the utilization of non-emergent, IPM procedures for Wellcare Alabama members. Wellcare Alabama providers will utilize the same tools through RadMD to request IPM procedures as they do today for advanced imaging procedures.
What IPM procedures does this include?	IPM Procedures that are included in this program:
	 (Effective January 1, 2022) Spinal Epidural Injections Paravertebral Facet Joint Injections or Blocks Paravertebral Facet Joint Denervation (Radiofrequency Neurolysis) Sacroiliac Joint Injections Sympathetic Nerve Blocks (Effective 1/1/2023) Spinal Cord Stimulators (Effective 1/1/2024)
Why did Wellcare Alabama select NIA?	NIA was selected to partner with us because of its clinically driven program designed to effectively manage quality and member safety, while ensuring appropriate utilization of resources for Wellcare Alabama membership.
Which Wellcare Alabama members are covered under this relationship and what networks will be used?	NIA manages non-emergent outpatient IPM procedures for Wellcare Alabama members effective January 1, 2022, through Wellcare Alabama's contractual relationships.
PROGRAM START DATE	
What is the implementation date for this IPM Program?	The effective date of the program was January 1, 2022. Wellcare Alabama and NIA have collaborated on provider related activities prior to the start date including provider training materials and provider education.

^{*}Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."

PRIOR AUTHORIZATION	
What IPM services require a provider to obtain a prior authorization?	 The following outpatient IPM procedures require prior authorization through NIA: Spinal Epidural Injections Paravertebral Facet Joint Injections or Blocks Paravertebral Facet Joint Denervation (Radiofrequency Neurolysis) Sacroiliac Joint Injections Sympathetic Nerve Blocks (Effective 1/1/2023) Spinal Cord Stimulators (Effective 1/1/2024)
When is prior authorization required?	Prior authorization is required for outpatient, non- emergent IPM procedures. Ordering providers must obtain prior authorization for these procedures prior to the service being performed. Note: Only outpatient procedures are within the program scope. All IPM procedures performed in the Emergency Room or as part of inpatient or intraoperative care do not require prior authorization through NIA.
Who do we expect to order IPM procedures? Are inpatient IPM	IPM procedures requiring medical necessity review are usually ordered by one of the following specialties. • Anesthesiologists • Neurologists • Pain Specialist • Orthopedic Spine Surgeon • Neurosurgeon • Other physicians with appropriate pain procedure training and certification No, Inpatient IPM procedures are not included in this
procedures included in this program?	program.
Are intraoperative and/or post-operative pain control IPM procedures included in this program?	No, IPM procedures performed for pain management during a larger surgical procedure are not included in this program.
How does the ordering provider obtain a prior authorization from NIA for	Providers will be able to request prior authorization via the NIA website www.RadMD.com (preferred method)

Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."

an outpatient IPM procedure?

to obtain prior authorization for IPM procedures. RadMD is available 24 hours a day, 7 days a week. For Providers that are unable to submit authorizations using RadMD, our Call Center is available at 1-800-424-5388 for prior authorization, Monday-Friday, 8:00 a.m. to 8:00 p.m. (EST)

What information will NIA require in order to receive prior authorization?

To expedite the process, please have the following information available before logging on to the website or calling the NIA call center staff

(*denotes required information):

- Name and office phone number of ordering physician*
- Member name and ID number*
- Requested procedure*
- Name of provider office or facility where the service will be performed*
- Anticipated date of service*
- Details justifying the pain procedure*:
 - Date of onset of pain or exacerbation
 - Physician exam findings and member symptoms (including findings applicable to the requested services)
 - Clinical Diagnosis
 - Date and results of prior IPM procedures.
 - Diagnostic imaging results, where available. Conservative treatment modalities completed, duration, and results (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs and medication)

Please be prepared to upload to RadMD or fax the following information, if requested:

- Clinical notes outlining onset of pain, conservative care modalities, outcomes and physical exam findings
- Date and results of prior IPM procedures
- Effectiveness of prior procedures on reducing pain
- Diagnostic Imaging results
- Specialist reports/evaluation

Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."

How do I send clinical information to NIA if it is required?	The most efficient way to send required clinical information is to upload your documents to RadMD (preferred method). The upload feature allows clinical information to be uploaded directly after completing an authorization request. Utilizing the upload feature expedites your request since it is automatically attached and forwarded to our clinicians for review. If uploading is not an option for your practice, you may fax utilizing the NIA specific fax coversheet. To ensure prompt receipt of your information: • Use the NIA fax coversheet as the first page of your clinical fax submission. *Please do not use your own fax coversheet, since it will not contain the case specific information needed to process the case • Make sure the tracking number on the fax coversheet matches the tracking number for your request • Send each case separate with its own fax coversheet • IPM Providers may print the fax coversheet from www.RadMD.com. • NIA will fax this coversheet to the IPM Provider during authorization intake or at any time during the review process. *Using an incorrect fax coversheet may delay a response to an authorization request.
Can a provider request	No. NIA requires prior authorization for each IPM
more than one procedure	procedure requested and will only authorize one

authorization?	Generally, within 2 to 3 business days after receipt of request with full clinical documentation, a determination will be made. In certain cases, the review process can take longer if additional clinical information is required to make a determination.

18/1 -4 211 41 - 8 11 6	The NHA control of the state of
What will the NIA authorization number look like? If requesting an authorization through RadMD and the request pends, what happens next?	The NIA authorization number consists of alphanumeric characters. In some cases, the ordering provider may instead receive an NIA tracking number (not the same as an authorization number) if the provider's authorization request is not approved at the time of initial contact. Providers will be able to use either number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system. You will receive a tracking number and will need to submit clinical documentation that supports the requested IPM procedure.
Can RadMD be used to	RadMD can only be used to initiate expedited
submit an expedited authorization request?	authorization requests after normal business hours. Requests that are submitted during normal business hours must be called into NIA's Call Center through the toll-free number, 1-800-424-5388 for processing.
How long is the prior authorization number valid?	The authorization number is valid for 90 days from the date of request.
Is prior authorization necessary for IPM procedures if Wellcare Alabama is NOT the member's primary insurance?	No Authorization is not required if Wellcare Alabama is secondary to another plan.
If a provider obtains a prior authorization number does that guarantee payment?	An authorization number is not a guarantee of payment. Authorizations are based on medical necessity and are contingent upon eligibility and benefits. Benefits may be subject to limitations and/or qualifications and will be determined when the claim is received for processing.
Does NIA allow retro- authorizations?	No. It is important that key physicians and office staff be educated on the prior authorization requirements. Claims for IPM procedures, as outlined above, that have <u>not</u> been properly authorized will <u>not</u> be reimbursed. Physicians administering these procedures <u>should not</u> schedule or perform procedures without prior authorization.
