

Evolut Peer-to-Peer Process

What to expect when calling in for a peer-to-peer discussion:

- A peer-to-peer discussion may be initiated at any time during the prior-authorization process by calling 1-800-642-7452.
- **Medicare plans:** Effective 8/5/2024, peer-to-peer discussions must be performed before a final determination has been made on the request.
- **Medicare** re-opens are only allowed if the request complies with the CMS definition of a re-open. Providers will continue to have the option to submit an appeal utilizing the health plan's process.
- A peer-to-peer discussion may not be necessary if the requested clinical documentation is sent prior to contacting Evolut (formerly National Imaging Associates, Inc.).
- A peer-to-peer may be initiated by the office staff (non-clinical) but the case discussion must be conducted by a licensed clinician from the provider's office.
- Plan to call a few minutes prior to licensed clinician's availability to provide necessary case information.
- Identifying member information will need to be provided before the call is transferred to an appropriate clinical reviewer that is specific to the case and modality.
- The case will then be discussed, including any additional information that may be necessary for the case to meet medical necessity. This discussion may be for consultation purposes only if the re-review/reconsideration/re-open timeframe has expired or case has a final determination and re-review/reconsideration/re-open is not available.
- Verbal clarification of clinical information from the medical records that were submitted may be discussed during the peer-to-peer. Examples include clarification of conflicting information in the notes or typographical errors.
- Any information necessary to approve the request must be submitted in writing by uploading on our online portal [RadMD.com](https://www.radmd.com) or faxing to 1-800-784-6864 before a determination can be made.
- If the case cannot be approved at the time of the peer-to-peer; the ordering/rendering provider is asked to follow the appeal instructions provided within the denial notification.
