DATES

- $\bullet$

## Physical Medicine Program

Physical Medicine Procedures Performed Outpatient

- Physical Therapy  $\bullet$
- Occupational Therapy
- Speech Therapy

## Physical Medicine Program Exclusions

### **Exclusions**

- Hospital Emergency Department  $\bullet$
- Hospital Status Inpatient or Observation
- Acute Rehab Hospital (Inpatient)
- Skilled Nursing (POS 31 & 31)

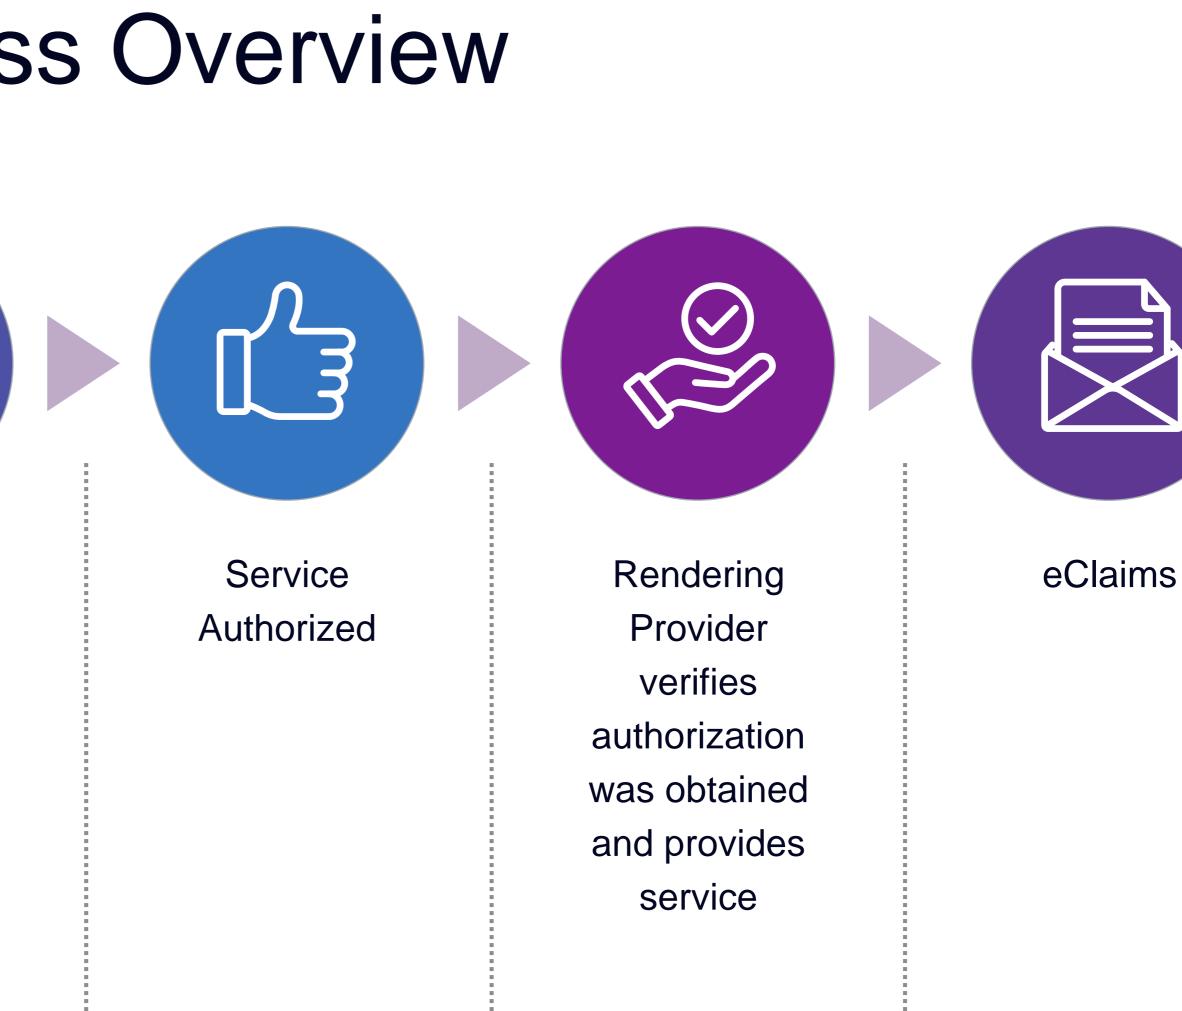

## **Prior Authorization Process Overview**

After the initial evaluation has been completed\* and/or plan of care established, the ordering physician is responsible for obtaining prior authorization

Submit requests online through RadMD.com or by phone

Information evaluated via algorithm and medical records

\*The CPT codes for Physical, Occupational and Speech Therapy initial evaluations do not require an authorization for participating providers. Home Health or other Providers that are utilizing codes outside of the standard billing CPT codes for evaluations will be required to obtain a prior authorization before rendering services. Evolent is able to backdate the start of the authorization to cover the initial evaluation date of service to include any other services rendered at that time.

## Evolent's Clinical Foundation & Review

Peer-to-Peer Discussion

- requirements for approval.
- RadMD.com.
- question.
- Medicine.
- guidelines.

• Clinical guidelines were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by MHS and Evolent Medical Officers and clinical experts.

Medical necessity determinations are based on the State of Indiana's Medical Criteria Hierarchy. Medicare LCDs and Health Plan Specific Guidelines may have different

Milliman Care Guidelines (MCG) and Evolent's Clinical Guidelines are available on

Algorithms are a branching structure that changes depending upon the answer to each

The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.

Evolent has a specialized clinical team of therapists and chiropractors, focused on Physical

Peer-to-peer discussions are offered for any request that does not meet medical necessity

### • Our goal – ensure that members are receiving appropriate care.

# Goal of Physical Medicine Intake Questions (Algorithm)

### **Benefit of the algorithm:**

- No delay in treatment for member
- No delay in submitting claims

### Once you submit your initial request for authorizat

- You will receive visits to get started. It may not be enough visits to cover your episode of care. Addition visits may be requested through the subsequent request process.
- Requests may be approved at the time of submission portion of them may pend for documentation submission of the time of entry.
- You will have the option to accept or decline approvvisits.

## Authorization for Physical Medicine

**Special Information** 

- $\bullet$
- $\bullet$

Member, clinician and facility information required.

Requested start date of service, initial evaluation date, and date of injury.

• Therapy initial evaluation, diagnosis, functional status (prior and current), functional deficits, objective tests and measures, standardized outcome tools\* (at your clinician's discretion), plan of care (including frequency, duration, interventions) planned and goals<sup>\*\*</sup>), assessment (prognosis and limitations). Add requested number of visits and validity dates.

\* Formal testing must be age-appropriate, norm-referenced, standardized, and specific to the therapy provided. Test scores should establish presence of a motor or functional delay. \*\*Goals should be specific, measurable, and time-oriented, as well as targeting identified functional deficits.

## Physical Medicine Clinical Checklist Reminders

### **Physical Medicine Documentation**

### **Initial Authorization Request:**

If a case pends for clinical information:

Initial evaluation with the plan of care for clinical review •

### **Subsequent Authorization Request:**

If requesting additional visits on an existing authorization:

- Most recent evaluation/re-evaluation (if not previously submitted) lacksquare
- Most recent progress note and updated plan of care  $\bullet$
- Two to three of the most recent daily notes

## Physical Medicine Clinical Checklist Reminders

Physical Medicine Documentation (Continued)

- Habilitative Request beyond a Year of Care (Annual Re-evaluation is Required): Clinical documents should include:
- Re-evaluation:
  - Including start of care and progress compared to baseline measures
  - Summary of prior episode(s) of care and/or therapeutic break(s)
  - Information regarding additional services if being provided
  - Updated standardized testing as applicable
- The most recent progress note with updated plan of care •
- Two to three of the most recently daily notes  $\bullet$

Refer to the "Tip Sheet/Checklist" on <u>RadMD.com</u> for more specific information

## Evolent to Physician: **Request for Clinical** Information

A fax is sent to the provider detailing what clinical information that is needed, along with a fax coversheet.

We stress the need to provide the clinical information as quickly as possible so we can make a determination.

Determination timeframe begins after receipt of clinical information.

Failure to receive requested clinical information may result in non certification.

## **Clinical Specialty Team: Focused on Physical Medicine**

**Physical Medicine Review** 

Clinical algorithm evaluates request based on information entered by provider to determine if realtime authorization is appropriate for initial request.

**Evolent Peer Clinical** Review. If information captured is insufficient, clinical records must be submitted for review.

**Specialized Physical** Medicine Clinical Review Team consisting of therapists and chiropractors.

## Physical Medicine Clinical Review Process

Turnaround times meet all applicable regulations contingent upon receipt of sufficient clinical documentation

### **Evolent Initial Clinical Specialty Team Review**

 $\left( \begin{array}{c} \\ \end{array} \right)$ 

4

- Clinical information submitted and reviewed Treatment approved if information meets medical necessity criteria
- Clinical information not complete or inconclusive the request will pend and the provider should submit additional clinical documentation
- Anything escalated for medical necessity review will be sent to the discipline matched Specialized Physical Medicine Clinical Team

- Evolent reviewer approves case without peer-to-peer
- If not approved, providers will receive communication regarding peer-to-peer discussions. These discussions are not mandatory and can be scheduled through RadMD or the call center
- Peer-to-peer discussion will help providers understand which documents are missing and need to be submitted
- Therapist reviewers make the determination based on skill and medical necessity criteria

5

ed

## Initiating a Subsequent Request

### When is a subsequent request appropriate?

- When you have an active authorization
- A need for continued skilled care
- A change in the treatment plan or plan of care
- The addition of a new diagnosis

### How are subsequent requests initiated?

- Through the link on <u>RadMD.com</u> and
- Upload or fax updated clinical documentation

### When can it be initiated?

- Can be initiated at any time after receiving notification about previous authorization  $\bullet$
- Visits build on the original authorization

### Will I lose visits?

authorization

Visits from a current authorization will not be lost and newly approved visits will be added to the original

## Treating an Additional Body Part

If a provider is in the middle of treatment and gets a new therapy prescription for a different body part/condition, the provider will perform a new evaluation on that body part/condition and develop goals for treatment. See below for process:

### Treating body parts concurrently:

- The request would be submitted as an addendum to the existing authorization, using the same process that is used for subsequent requests.
- Evolent will add additional ICD 10 code(s) and visits to the existing authorization.

### Discontinuing care on original body part:

- The provider should submit a new request for the new diagnosis and include the discharge summary for the previous area.
- A new authorization will be processed to begin care on the new body part/condition and the previous will end.

## Authorization Validity Period

- The approval notification will include a fax coversheet that can be used for any subsequent requests.
- Authorizations will include the number of approved visits with a validity period.
- It is important that the service is performed within the validity period.
- If you have an active authorization, a 30-day extension of the validity period can be obtained by contacting Evolent via <u>RadMD.com</u> or Call Center.

## **Denial Notification**

- Notifications include an explanation of services denied and the clinical rationale.  $\bullet$
- A peer-to-peer discussion can be initiated once the adverse determination has been made.  $\bullet$
- Re-review may be available with new or additional information.
- Re-review must occur within 10 calendar days from the date of denial and prior to submitting a  $\bullet$ formal appeal.
- In the event of a denial, providers are asked to follow the instructions provided in their denial letter.  $\bullet$

## Claims and Appeals

### **Claims Process:**

- Providers should continue to submit their claims to MHS.
- Providers are strongly encouraged to use EDI claims submission.
- Check on claims status by logging on to MHS website at <u>mhsindiana.com</u>.

### **Appeals Process:**

- In the event of a prior authorization or claims payment denial, providers may appeal the decision  $\bullet$ through MHS.
- Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

## **Physical Medicine Points**

If multiple provider types are requesting services, they will each need their own authorization (i.e., PT, OT and ST).

The CPT codes for Physical, Occupational and Speech Therapy initial evaluations do not require an authorization for participating providers. Home Health or other providers who are utilizing codes outside of the standard billing CPT codes for evaluations will be required to obtain a prior authorization before rendering services.

After the initial visit, providers will have up 2 business days to request approval from the date of the evaluation. If requests are received timely, Evolent is able to backdate the start of the authorization to cover the evaluation date of service to include any other services rendered at that time.

## Physical Medicine Points (Continued)

Subsequent authorizations are an extension of the initial authorization and will require clinical documentation be uploaded to <u>RadMD.com</u> or faxed to Evolent at 1-800-784-6864.

An authorization will consist of number of visits and a validity period. Each date of service is calculated as a visit.

30-day extensions to the end date of current authorizations can be added by utilizing the "Request" Validity Date Extension" option on RadMD.

## **Provider Tools**

- **Request Authorization**  $\bullet$
- View Authorization Status  $\bullet$
- View and manage Authorization Requests with other users  $\bullet$
- Upload Additional Clinical Information  $\bullet$
