Prior Authorization Process Overview

Evolent's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by HAP CareSource and Evolent Medical Officers and clinical experts. **Clinical Guidelines are available on [RadMD.com](https://www.radmd.com).**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- Evolent has specialized clinical teams.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal is to ensure that members are receiving appropriate care.**

Authorization for Medical Specialty Solutions

Special Information

- Ordering physician information, member information, rendering provider information, and requested examination.
- Clinical information that will justify examination, symptoms and their duration, and physical exam findings.
- Preliminary procedures already completed (i.e., x-rays, CT's, lab work, ultrasound reports, scoped procedures, referrals to specialist, specialist evaluation).
- Reason the study is being requested (i.e., further evaluation, rule out a disorder).
- Refer to Prior authorization checklists on RadMD for more specific information.

Evolut to Physician: Request for Clinical Information

- 

A fax is sent to the provider detailing what clinical information is needed, along with a fax coversheet.
- 

We stress the need to provide the clinical information as quickly as possible, so we can make a determination.
- 

Determination time frame begins after receipt of clinical information.
- 

Failure to receive requested clinical information may result in non certification.

LEGEND

✓ Key Evolent differentiator

Generally, the turnaround time for completion of these requests is within two or three business days upon receipt of sufficient clinical information

Urgent/Expedited Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call Evolent immediately.
- The Evolent website [RadMD.com](https://www.radmd.com) cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the Evolent call center at 1-866-500-7691.
- Turnaround time is not to exceed 72 calendar hours.

Authorization Validity Period

Authorizations are valid for:

- 60 days from date of request

Denial Notification

- Notifications include an explanation of services denied and the clinical rationale.
- A peer-to-peer discussion can be initiated once the adverse determination has been made.
- Reconsideration may be available with new or additional information.
- Reconsideration must occur within five business days from the date of denial and prior to submitting a formal appeal.
- In the event of a denial, providers are asked to follow the instructions provided in their denial letter.

Claims and Appeals

Claims Process:

- Providers should continue to submit their claims to HAP CareSource.
- Providers are strongly encouraged to use EDI claims submission.
- Check on claims status by logging on to HAP CareSource website at [HAP CareSource.com](https://www.hapcare.com).

Appeals Process:

- In the event of a prior authorization or claims payment denial, providers may appeal the decision through HAP CareSource.
- Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

Radiation Safety and Awareness

Studies suggest a significant increase in cancer in dose estimates in excess of 50 mSv.

- 1mSv = four months of natural exposure/50 chest x-rays

CT scans and nuclear studies are the largest contributors to increased medical radiation exposure.

According to the 2019 NCRP Report, a dramatic decrease in average radiation dose per person by as much as 15 – 20% has been demonstrated due to radiation safety and technological advances.

Evolent has developed a Radiation Awareness Program designed to create member and physician awareness of radiation concerns.

Shared Access

Evolent offers a Shared Access feature on our [RadMD.com](https://www.radmd.com) website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on [RadMD.com](https://www.radmd.com), allowing them to communicate with members and facilitate treatment.
