

## Evolent Interventional Pain Management (IPM) Frequently Asked Questions (FAQ's) For Ambetter Health of Delaware Providers

| Question  | Answer  |
|---|---|
| GENERAL   |   |
| Why is Ambetter Health of<br>Delaware implementing an<br>Interventional Pain<br>Management (IPM)<br>Program?                  | Ambetter Health of Delaware is implementing this<br>program to improve quality and manage the utilization<br>of non-emergent, IPM procedures for Ambetter Health<br>of Delaware members.<br>Ambetter Health of Delaware providers will utilize the<br>same tools through RadMD to request IPM procedures<br>as they do today for advanced imaging procedures. |
| What IPM procedures does this include?  | <ul> <li>IPM Procedures that are included in this program:</li> <li>Spinal Epidural Injections</li> <li>Paravertebral Facet Joint Injections or Blocks</li> <li>Paravertebral Facet Joint Denervation<br/>(Radiofrequency (RF) Neurolysis)</li> <li>Sacroiliac Joint Injections</li> <li>Sympathetic Nerve Blocks</li> <li>Spinal Cord Stimulators</li> </ul> |
| Why did Ambetter Health<br>of Delaware select<br>Evolent?   | Evolent (formerly National Imaging Associates, Inc.)<br>was selected to partner with us because of its clinically<br>driven program designed to effectively manage quality<br>and member safety, while ensuring appropriate<br>utilization of resources for Ambetter Health of<br>Delaware membership.  |
| Which Ambetter Health of<br>Delaware members will be<br>covered under this<br>relationship and what<br>networks will be used? | Evolent will manage non-emergent outpatient IPM<br>procedures for Ambetter Health of Delaware exchange<br>members effective January 1, 2024, through Ambetter<br>Health of Delaware's contractual relationships.  |
| PROGRAM START DATE  |   |
| What is the implementation date for this IPM Program?   | The effective date of the program is January 1, 2024.<br>Ambetter Health of Delaware and Evolent will be<br>collaborating on provider related activities prior to the<br>start date including provider training materials and<br>provider education.  |

| PRIOR AUTHORIZATION   |  |
|---|--|
| What IPM services will<br>require a provider to<br>obtain a prior<br>authorization?                     | <ul> <li>The following outpatient IPM procedures require prior<br/>authorization through Evolent:</li> <li>Spinal Epidural Injections</li> <li>Paravertebral Facet Joint Injections or Blocks</li> <li>Paravertebral Facet Joint Denervation<br/>(Radiofrequency (RF) Neurolysis)</li> <li>Sacroiliac Joint Injections</li> <li>Sympathetic Nerve Blocks</li> <li>Spinal Cord Stimulators</li> </ul>   |
| When is prior<br>authorization required?  | Prior authorization is required for outpatient, non-<br>emergent IPM procedures. Ordering providers must<br>obtain prior authorization for these procedures prior to<br>the service being performed.<br><u>Note</u> : Only outpatient procedures are within the<br>program scope. All IPM procedures performed in the<br>Emergency Room or as part of inpatient or<br>intraoperative care do not require prior authorization<br>through Evolent. |
| Is prior authorization<br>required for members<br>currently undergoing<br>treatment?                    | Yes, authorization is required for dates of service on or beyond January 1, 2024, even if the member is continuing treatment.  |
| Who do we expect to<br>order IPM procedures?  | <ul> <li>IPM procedures requiring medical necessity review are usually ordered by one of the following specialties.</li> <li>Anesthesiologists</li> <li>Neurologists</li> <li>Pain Specialist</li> <li>Orthopedic Spine Surgeon</li> <li>Neurosurgeon</li> <li>Other physicians with appropriate pain procedure training and certification</li> </ul>  |
| Are inpatient IPM<br>procedures included in<br>this program?  | No, Inpatient IPM procedures are not included in this program.   |
| Are intraoperative and/or<br>post-operative pain<br>control IPM procedures<br>included in this program? | No, IPM procedures performed for pain management<br>during a larger surgical procedure are not included in<br>this program.  |
| How does the ordering<br>provider obtain a prior<br>authorization from                                  | Providers will be able to request prior authorization via the Evolent website <u>RadMD.com</u> (preferred method) to obtain prior authorization for IPM  |

| Evolent for an outpatient<br>IPM procedure?   | procedures. RadMD is available 24 hours a day, 7<br>days a week.<br>For Providers that are unable to submit authorizations<br>using RadMD, our Call Center is available at 1-866-<br>512-5148, Monday-Friday, 8:00 a.m. to 8:00 p.m.<br>(EST).  |
|---|---|
| What information will<br>Evolent require in order to<br>receive prior<br>authorization? | <ul> <li>To expedite the process, please have the following information available before logging on to the website or calling the Evolent call center staff.</li> <li>(*denotes required information): <ul> <li>Name and office phone number of ordering physician*</li> <li>Member name and ID number*</li> <li>Requested procedure*</li> <li>Name of provider office or facility where the service will be performed*</li> <li>Anticipated date of service*</li> <li>Details justifying the pain procedure*: <ul> <li>Date of onset of pain or exacerbation</li> <li>Physician exam findings and member symptoms (including findings applicable to the requested services)</li> <li>Clinical Diagnosis</li> <li>Date and results of prior IPM procedures.</li> <li>Diagnostic imaging results, where available. |   | <ul> <li>Please be prepared to upload to RadMD or fax the following information, if requested: <ul> <li>Clinical notes outlining onset of pain, conservative care modalities, outcomes, and physical exam findings.</li> <li>Date and results of prior IPM procedures</li> <li>Effectiveness of prior procedures on reducing pain</li> <li>Diagnostic Imaging results</li> <li>Specialist reports/evaluation</li> </ul> </li> </ul>   |

| How do I send clinical<br>information to Evolent if it<br>is required?   | <ul> <li>The most efficient way to send required clinical information is to upload your documents to RadMD (preferred method). The upload feature allows clinical information to be uploaded directly after completing an authorization request. Utilizing the upload feature expedites your request since it is automatically attached and forwarded to our clinicians for review.</li> <li>If uploading is not an option for your practice, you may fax utilizing the Evolent specific fax coversheet. To ensure prompt receipt of your information: <ul> <li>Use the Evolent fax coversheet as the first page of your clinical fax submission. *Please do not use your own fax coversheet, since it will not contain the case specific information needed to process the case</li> <li>Make sure the tracking number on the fax coversheet.</li> <li>Send each case separate with its own fax coversheet.</li> <li>IPM Providers may print the fax coversheet from RadMD.com.</li> <li>Evolent will fax this coversheet to the IPM Provider during authorization intake or at any time during the review process.</li> </ul> </li> </ul> |
|--|---|
| Can a provider request<br>more than one procedure<br>at a time for a member<br>(i.e., a series of epidural<br>injections)? | No. Evolent requires prior authorization for each IPM procedure requested and will only authorize one procedure at a time.  |
| What kind of response<br>time can order providers<br>expect for prior<br>authorization?                                    | The best way to maximize the turnaround time of an authorization request is to initiate the request through <u>RadMD.com.</u><br>Generally, within 2 business days after receipt of request with full clinical documentation, a determination will be made. In certain cases, the review process can take longer if additional clinical information is required to make a determination.  |

| What will the Evolent<br>authorization number look<br>like?  | The Evolent authorization number consists of alpha-<br>numeric characters. In some cases, the ordering<br>provider may instead receive an Evolent tracking<br>number (not the same as an authorization number) if<br>the provider's authorization request is not approved at<br>the time of initial contact. Providers will be able to use<br>either number to track the status of their request online<br>or through an Interactive Voice Response (IVR)<br>telephone system.<br>You will receive a tracking number and will need to  |

| Is prior authorization<br>necessary for IPM<br>procedures if Ambetter<br>Health of Delaware is NOT<br>the member's primary<br>insurance? | No, if Ambetter Health of Delaware is secondary to another plan.   |
| If a provider obtains a<br>prior authorization<br>number does that<br>guarantee payment?   | An authorization number is not a guarantee of<br>payment. Authorizations are based on medical<br>necessity and are contingent upon eligibility and<br>benefits. Benefits may be subject to limitations and/or<br>qualifications and will be determined when the claim is<br>received for processing.   |
| Does Evolent allow retro-<br>authorizations?   | Yes. Retrospective review of completed procedures<br>are evaluated for medical necessity and to determine<br>whether there was an urgent or emergent situation that<br>prohibited the provider from obtaining prior<br>authorization for the service and to determine whether<br>medical necessity guidelines were met. It is important<br>that key physicians and office staff be educated on the<br>prior authorization requirements. Claims for IPM<br>procedures, as outlined above, that have <u>not</u> been<br>properly authorized will <u>not</u> be reimbursed. Physicians<br>administering these procedures <u>should not</u> schedule or<br>perform procedures without prior authorization. |

| What happens if I have a service scheduled for January 1, 2024?  | An authorization can be obtained for all IPM<br>procedures for dates of service January 1, 2024, and<br>beyond, beginning January 1, 2024. Evolent and<br>Ambetter Health of Delaware will be working with the<br>provider community on an ongoing basis to continue to<br>educate providers that authorizations are required.  |
|--|---|
| Can a provider verify an authorization number online?  | Yes. Providers can check the status of member authorization quickly and easily by going to the website at <u>RadMD.com.</u>   |
| Will the Evolent<br>authorization number be<br>displayed on the Ambetter<br>Health of Delaware<br>website?         | No, the authorization will not be displayed on the Ambetter Health of Delaware website.   |
| What if I disagree with<br>Evolent's determination?  | In the event of a prior authorization or claims payment<br>denial, providers may appeal the decision through<br>Ambetter Health of Delaware. Providers should follow<br>the instructions on their non-authorization letter or<br>Explanation of Payment (EOP) notification.   |
|  |   |
| SCHEDULING PROCEDURE   | S   |
| SCHEDULING PROCEDURE<br>Will Evolent make a final<br>determination based on<br>the Anticipated Date of<br>Service? | <ul> <li>S</li> <li>Evolent does not guarantee final determination of the request by the anticipated date of service.</li> <li>The anticipated date of service (provided during request for authorization) is used to determine timing between procedures.</li> <li>Please be advised that Evolent needs 2 business days after the receipt of clinical information to review and render a decision on a request. Please do not schedule or perform the procedure until you have an approved authorization.</li> </ul> |
