

Evolent Frequently Asked Questions (FAQ's) Ambetter from WellCare of New Jersey Prior Authorization Program Physical Medicine Services

Question	Answer
	Allswei
When did the Physical Medicine services program require a Prior Authorization for Ambetter from WellCare of New Jersey?	The program began on January 1, 2022. Physical Medicine services (Physical, Occupational, and Speech Therapy) requires Prior Authorization for all services provided to all Ambetter from WellCare of New Jersey members.
What services now require prior authorization?	Prior authorization is required for all treatment rendered by a Physical, Occupational, or Speech Therapist for Ambetter from WellCare of New Jersey members.
Does Evolent require authorization for out of network physical medicine services for Ambetter from WellCare of New Jersey?	No, Evolent (formerly National Imaging Associates, Inc.) only manages authorization requests for physical medicine services that are performed by Ambetter from WellCare of New Jersey contracted physical medicine providers. If you are not a contracted provider with Ambetter from WellCare of New Jersey, please follow the Ambetter from WellCare of New Jersey's requirements for out of network requests.
Is prior authorization required for the initial evaluation?	The CPT codes for Physical, Occupational, and Speech Therapy initial evaluations do not require an authorization for participating providers. Home Health that are utilizing codes outside of the standard billing CPT codes for evaluations will be required to obtain a prior authorization before rendering services.
Which Ambetter from WellCare of New Jersey members are covered under this relationship and what networks are used?	 Evolent manages Physical Medicine services for all Ambetter from WellCare of New Jersey Medicaid members receiving these services. Evolent manages Physical Medicine services through Ambetter from WellCare of New Jersey's network of providers that perform physical medicine services.
Is prior authorization necessary for Physical Medicine Services if Ambetter from WellCare of New Jersey is NOT the member's primary insurance?	No. This program only applies to members with Ambetter from WellCare of New Jersey as their primary insurance.

	T
What services are included in this Physical Medicine Program?	All outpatient Physical, Occupational, and Speech Therapy are included in this program in the following setting locations: Outpatient Office/Hospital Outpatient Rehabilitation Facility Home Health
Which services are excluded from the Physical Medicine Program?	Therapy provided in Hospital ER, Inpatient status, Acute Rehab Hospital Inpatient, and Inpatient and Outpatient Skilled Nursing Facility settings are excluded from this program. The rendering provider should continue to follow Ambetter from WellCare of New Jersey's policies and procedures for services performed in the above settings.
Why did Ambetter from WellCare of New Jersey implement a Physical Medicine utilization management program?	This physical medicine solution is designed to promote evidence based and cost-effective Physical, Occupational, and Speech Therapy for Ambetter from WellCare of New Jersey members.
Why focus on Physical, Occupational, and Speech Therapy services?	A consistent approach to applying evidence-based guidelines is necessary so Ambetter from WellCare of New Jersey members can receive high quality and cost-effective physical medicine services.
How are types of therapies defined?	Rehabilitative Therapy – Is a type of treatment or service that seeks to help a member regain a skill or function that was lost as a result of being sick, hurt or disabled. Habilitative Therapy – Is a type of treatment or service that seeks to help members develop skills or functions that they didn't have and were incapable of developing on their own. This type of treatment tends to be common for pediatric members who haven't developed certain skills at an age-appropriate level. The simplest way to distinguish the difference between the two is Habilitative is treatment for skills/functions that the member never had, while Rehabilitative is treatment for skills/functions that the member had but lost. Neurological Rehabilitative Therapy – Is a supervised program of formal training to restore function to members who have neurodegenerative diseases, spinal cord injuries, strokes, or traumatic brain injury.
What types of providers will potentially be impacted by this Physical Medicine program?	Any independent providers, hospital outpatient, and multispecialty groups rendering Physical Therapy, Occupational Therapy, and Speech Therapy will need to ensure prior authorization has been obtained. This program is effective for all services rendered for all Ambetter from WellCare of New Jersey membership.

Prior Authorization Process

How are prior authorization decisions made?

Evolent makes medical necessity decisions based on the clinical information supplied by practitioners/facilities providing physical medicine services. Decisions are made as quickly as possible from submission of all requested clinical documentation. All decisions are rendered within State required timelines. Peer-to-peer requests are available at any point during the prior authorization process but are not required.

Clinical determinations are rendered only by clinical peer reviewers with appropriate clinical experience and similar specialty expertise as the requesting provider.

Who is responsible for obtaining prior authorization of the Physical Medicine services?

The physical medicine practitioner/facility is responsible for obtaining prior authorization for Physical Medicine services. A physician order may be required for a member to engage with the physical medicine practitioner, but the provider rendering the service is ultimately responsible for obtaining the authorization based on the plan of care they establish. Determination letters are sent to the member, and physical medicine practitioner.

Ambetter from WellCare of New Jersey contracts generally do not allow balance billing of members. Please make every effort to ensure that prior authorization has been obtained prior to rendering a physical medicine service.

Will CPT codes used to evaluate a member require prior authorization?

Initial Physical, Occupational, and Speech Therapy evaluation codes do not require authorization. It may be appropriate to render a service that does require authorization at the time of the evaluation. After the initial visit, providers will have up to 2 business days for all settings. If requests are received timely, Evolent can backdate the start of the authorization to cover the evaluation date of service to include any other services rendered at that time.

Home health providers submitting claims using codes other than designated initial evaluation CPT Codes for the initial evaluation should request an authorization within the timeframe listed above, so the authorization can be backdated to cover these services.

What will providers and office staff need to do to get a Physical Medicine service authorized?

Providers are encouraged to utilize RadMD, (<u>RadMD.com</u>) to request prior authorization of Physical Medicine services. If a provider is unable to use RadMD, they may call 1-800-642-7821.

	offered, additional clinical information may be required to
	complete the review. Clinical records may be uploaded via
	RadMD.com or faxed to 1-800-784-6864 using the
	coversheet provided.
	COVOIDINGS PROVIDED.

How do I send clinical information to Evolent if it is required?

The most efficient way to send required clinical information is to upload your documents to RadMD (preferred method). The upload feature allows clinical information to be uploaded directly after completing an authorization request. Utilizing the upload feature expedites your request since it is automatically attached and forwarded to our clinicians for review.

If uploading is not an option for your practice, you may fax utilizing the Evolent specific fax coversheet. To ensure prompt receipt of your information:

- Use the Evolent fax coversheet as the first page of your clinical fax submission. *Please do not use your own fax coversheet, since it will not contain the case specific information needed to process the case
- Make sure the tracking number on the fax coversheet matches the tracking number for your request
- Send each case separate with its own fax coversheet
- Physical Medicine Practitioners may print the fax coversheet from <u>RadMD.com</u> or contact Evolent at 1-800-642-7821 to request a fax coversheet online or during the initial phone call
- Evolent may fax this coversheet to the Physical Medicine Practitioner during authorization intake or at any time during the review process.

*Using an incorrect fax coversheet may delay a response to an authorization request.

What information should you have available when obtaining an authorization?

- Member name / DOB
- Member ID
- Diagnosis(es) being treated (ICD10 Code)
- Requesting/Rendering Provider Type PT, OT, and ST
- Date of the initial evaluation at their facility
- Type of Therapy: Habilitative, Rehabilitative, Neuro Rehabilitative
- Surgery date and procedure performed (if applicable)
- Date the symptoms started
- Planned interventions (by billable grouping category) and frequency and duration for ongoing treatment
- How many body parts are being treated, and is it right or left
- The result of the functional outcome tool/standardized outcome measure used for the body part evaluated. The algorithm is looking for the percentage the member is functioning with their current condition. Example: If a test rated them as having a 40% disability, then they are 60% functional
- Summary of functional deficits being addressed in therapy.

Providers should submit a new request for the new diagnosis and include the discharge summary for the previous area. A

Could the program potentially delay services and inconvenience the member?	We will make every attempt to process authorization requests timely and efficiently upon receiving a request from a provider. We recommend utilizing RadMD.com as the preferred method for submitting prior-authorization requests. If your request cannot be initiated through our portal, you may initiate a request by calling: 1-800-642-7821. In cases that cannot be immediately approved and where additional clinical information is needed, a peer-to-peer consultation with the provider may be necessary and can be initiated by calling 1-800-642-7821. Requests initiated via fax require clinical validation and may take additional time to process. The fax number is 1-800-784-6864.
	If a could arise the decree of the colores will appear
How are procedures that do not require prior authorization handled?	If no authorization is needed, the claims will process according to Ambetter from WellCare of New Jersey's claim processing guidelines.
	4 PDE 41 0 PD 00500
RE-CONSIDERATION AND	
Is the re-consideration process available for the physical medicine program once a denial is received?	Once a denial determination has been made, if the office has new or additional information to provide, a re-consideration can be initiated by uploading via RadMD or faxing (using the case specific fax cover sheet) additional clinical information to support the request. A re-consideration must be initiated within 180 calendar days from the date of denial and prior to submitting a formal appeal. Evolent has a specialized clinical team focused on physical medicine services. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. The physical medicine provider may call 1-800-642-7821 to initiate the peer-to-peer process. These discussions provide an opportunity to discuss the case and collaborate on the appropriate services for the member based on the clinical information provided.
	If you receive a partial denial, a peer-to-peer discussion is not required to accept and use the approved visits.
Who should a provider contact if they want to appeal a prior authorization decision?	Providers are asked to please follow the appeal instructions given on their non-authorization letter or Explanation of Benefits (EOB) notification.
RadMD Access	
What option should I select to receive access to initiate authorizations?	"Physical Medicine Practitioner" which will allow you access to initiate authorizations.

How do I apply for RadMD access to initiate authorization requests?	 User would go to our website RadMD.com. Click on NEW USER. Choose "Physical Medicine Practitioner" from the dropdown box Complete application with necessary information. Click on Submit Once an application is submitted, the user will receive an email from our RadMD support team within a few hours after completing the application with an approved username and a temporary passcode. Please contact the RadMD Support Team at 1-800-327-0641 if you do not receive a response within 72 hours.
How can providers check the status of an authorization request?	Providers can check on the status of an authorization by using the "View Request Status" link on RadMD's main menu.
How can I confirm what clinical information has been uploaded or faxed to Evolent?	Clinical Information that has been received via upload or fax can be viewed by selecting the member on the View Request Status link from the main menu. On the bottom of the "Request Verification Detail" page, select the appropriate link for the upload or fax.
Where can providers find their case-specific communication from Evolent?	Links to case-specific communication to include requests for additional information and determination letters can be found via the View Request Status link.
What does the authorization number look like?	The authorization number consists of alpha-numeric characters (i.e., 12345ABC123). In some cases, the ordering provider may instead receive a tracking number (i.e., 123456789) if the provider's authorization request is not approved at the time of initial contact. Providers will be able to use either number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system.
If I did not submit the initial authorization request, how can I view the status of a case or upload clinical documentation?	The "Track an Authorization" feature allows users who did not submit the original request to view the status of an authorization, as well as upload clinical information. This option is also available as a part of your main menu options using the "Search by Tracking Number" feature. A tracking number is required with this feature.

Paperless Notification: How can I receive notifications electronically instead of paper?	Evolent defaults communications including final authorization determinations to paperless/electronic. Correspondence for each case is sent to the email of the person submitting the initial authorization request. Users will be sent an email when determinations are made. No PHI will be contained in the email. The email will contain a link that requires the user to log into RadMD to view PHI.
	Providers who prefer paper communication will be given the option to opt out and receive communications via fax.
Who can I contact if we need RadMD support?	For assistance, please contact RadMDSupport@Evolent.com or call 1-800-327-0641. RadMD is available 24/7, except when maintenance is
	performed every third Thursday of the month from 9 pm - midnight PST.
Contact Information	
Who can a provider contact at Evolent for more information?	If you have a question or need more information about this physical medicine prior authorization program, you may contact the Evolent Provider Service Line at: 1-800-327-0641. You may also contact your dedicated Evolent Provider
	Relations Manager: Seth Cohen, Senior Manager, Provider Relations 1-410-953-2418 seth.cohen@Evolent.com
