

## Evolent Interventional Pain Management (IPM) Frequently Asked Questions (FAQ's) For Wellcare Providers

Ougation	Angurar
Question	Answer
GENERAL	
Why is Wellcare	Wellcare is implementing this program to improve
implementing an	quality and manage the utilization of non-emergent,
Interventional Pain	IPM procedures for <b>Wellcare</b> members.
Management (IPM)	Wellcare providers will utilize the same tools through
Program?	RadMD to request IPM procedures as they do today for
	advanced imaging procedures.
What IPM procedures	IPM Procedures that are included in this program:
does this include?	<ul> <li>Spinal Epidural Injections</li> </ul>
	<ul> <li>Paravertebral Facet Joint Injections or Blocks</li> </ul>
	<ul> <li>Paravertebral Facet Joint Denervation</li> </ul>
	(Radiofrequency Neurolysis)
	Sacroiliac Joint Injections
	,
Why did Wellcare select	Evolent (formerly National Imaging Associates, Inc.)
Evolent?	was selected to partner with us because of its clinically
	driven program designed to effectively manage quality
	and member safety, while ensuring appropriate
	utilization of resources for <b>Wellcare</b> membership.
	·
Which Wellcare members	Evolent will manage non-emergent outpatient IPM
will be covered under this	procedures for <b>Wellcare</b> members effective July 1,
relationship and what	2022, through Wellcare's contractual relationships.
networks will be used?	
PROGRAM START DATE

PRIOR AUTHORIZATION	
What IPM services will	The following outpatient IPM procedures require prior
require a provider to	authorization through Evolent:
obtain a prior	Spinal Epidural Injections
authorization?	Paravertebral Facet Joint Injections or  Plants
	Blocks  • Paravertebral Facet Joint Denervation
	(Radiofrequency Neurolysis)
	Sacroiliac Joint Injections
When is prior	Prior authorization is required for outpatient, non-
authorization required?	emergent IPM procedures. Ordering providers must
_	obtain prior authorization for these procedures prior to
	the service being performed.
	Note: Only outpatient procedures are within the
	program scope. All IPM procedures performed in the Emergency Room or as part of inpatient or
	intraoperative care do not require prior authorization
	through Evolent.
Is prior authorization	Yes, authorization is required for dates of service on or
required for members	beyond July 1, 2022, even if the member is continuing
currently undergoing treatment?	treatment.
Who do we expect to	IPM procedures requiring medical necessity review are
order IPM procedures?	usually ordered by one of the following specialties.
	Anesthesiologists
	Neurologists
	Pain Specialist
	<ul><li>Orthopedic Spine Surgeon</li><li>Neurosurgeon</li></ul>
	Other physicians with appropriate pain
	procedure training and certification
Are inpatient IPM	No, Inpatient IPM procedures are not included in this
procedures included in	program.
this program?	
Are intraoperative IPM	No, IPM procedures performed for pain management
procedures included in this program?	during a larger surgical procedure are not included in this program.
	una program.
How does the ordering	Providers will be able to request prior authorization via
provider obtain a prior	the Evolent website RadMD.com (preferred method)
authorization from Evolent	to obtain prior authorization for IPM procedures.
for an outpatient IPM	RadMD is available 24 hours a day, 7 days a week. For
procedure?	Providers that are unable to submit authorizations using RadMD, our Call Center is available at 1-800-424-5388
	for prior authorization, Monday-Friday, 7:00 a.m. to 7:00
	p.m. (CST).

## What information will Evolent require in order to receive prior authorization?

To expedite the process, please have the following information available before logging on to the website or calling the Evolent call center staff

(\*denotes required information):

- Name and office phone number of ordering physician\*
- Member name and ID number\*
- Requested procedure\*
- Name of provider office or facility where the service will be performed\*
- Anticipated date of service\*
- Details justifying the pain procedure\*:
  - Date of onset of pain or exacerbation
  - Physician exam findings and member symptoms (including findings applicable to the requested services)
  - Clinical Diagnosis
  - Date and results of prior IPM procedures.
  - Diagnostic imaging results, where available. Conservative treatment modalities completed, duration, and results (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs and medication)

Please be prepared to fax the following information, if requested:

- Clinical notes outlining onset of pain, conservative care modalities, outcomes, and physical exam findings
- Date and results of prior IPM procedures
- Effectiveness of prior procedures on reducing pain
- Diagnostic Imaging results
- Specialist reports/evaluation

## How do I send clinical information to Evolent if it is required?

The most efficient way to send required clinical information is to upload your documents to RadMD (preferred method). The upload feature allows clinical information to be uploaded directly after completing an authorization request. Utilizing the upload feature expedites your request since it is automatically attached and forwarded to our clinicians for review.

If uploading is not an option for your practice, you may fax utilizing the Evolent specific fax coversheet. To ensure prompt receipt of your information:  • Use the Evolent fax coversheet as the first page of your clinical fax submission. *Please do not use your own fax coversheet, since it will not contain the case specific information needed to process the case  • Make sure the tracking number on the fax coversheet matches the tracking number for your request  • Send each case separate with its own fax coversheet  • IPM Providers may print the fax coversheet from RadMD.com.  • Evolent will fax this coversheet to the IPM Provider during authorization intake or at any time during the review process.  *Using an incorrect fax coversheet may delay a response to an authorization request.  No. Evolent requires prior authorization for each IPM procedure at a time for a member (i.e., a series of epidural injections)?  What kind of response time can ordering providers expect for prior authorization?  The best way to maximize the turnaround time of an authorization?  The best way to maximize the turnaround time of an authorization request is to initiate the request through RadMD.com.  Generally, within 2-3 business days after receipt of request with full clinical documentation, a determination will be made. In certain cases, the review process can take longer if additional clinical information is required to make a determination.  What will the Evolent authorization number consists of alphanumeric characters. In some cases, the ordering provider may instead receive an Evolent tracking number (not the same as an authorization number) if the provider's authorization request is not approved at the time of initial contact. Providers will be able to use either number to track the status of their request online or through an Interactive Voice Response (IVR)		T

If requesting an authorization through RadMD and the request pends, what happens next?	You will receive a tracking number and will need to submit clinical documentation that supports the requested IPM procedure.
Can RadMD be used to submit an expedited authorization request?	RadMD can only be used to initiate expedited authorization requests after normal business hours. Requests that are submitted during normal business hours must be called into Evolent's Call Center through the toll-free number, <b>1-800-424-5388</b> for processing.
How long is the prior authorization number valid?	The authorization number is valid for 60 days from the date of request.
Is prior authorization necessary for IPM procedures if Wellcare is NOT the member's primary insurance?	No. Authorization is not required if Wellcare is secondary to another plan.
If a provider obtains a prior authorization number does that guarantee payment?	An authorization number is not a guarantee of payment. Authorizations are based on medical necessity and are contingent upon eligibility and benefits. Benefits may be subject to limitations and/or qualifications and will be determined when the claim is received for processing.
Does Evolent allow retro- authorizations?	Yes. Retrospective review of completed procedures are evaluated for medical necessity and to determine whether there was an urgent or emergent situation that prohibited the provider from obtaining prior authorization for the service and to determine whether medical necessity guidelines were met. It is important that key physicians and office staff be educated on the prior authorization requirements. Claims for IPM procedures, as outlined above, that have not been properly authorized will not be reimbursed. Physicians administering these procedures should not schedule or perform procedures without prior authorization.
What happens if I have a service scheduled for July 1, 2022?	An authorization can be obtained for all IPM procedures for dates of service July 1, 2022, and beyond, beginning July 1, 2022. Evolent and Wellcare will be working with the provider community on an ongoing basis to continue to educate providers that authorizations are required.

Can a provider verify an authorization number online?	Yes. Providers can check the status of member authorization quickly and easily by going to the website at <a href="RadMD.com">RadMD.com</a> .
Will the Evolent authorization number be displayed on the Wellcare website?	No, the authorization will not be displayed on the Wellcare website.
What if I disagree with Evolent's determination?	In the event of a prior authorization or claims payment denial, providers may appeal the decision through Wellcare. Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.
SCHEDULING PROCEDURE	ES
Will Evolent make a final determination based on the Anticipated Date of Service?	Evolent does not guarantee final determination of the request by the anticipated date of service.  The anticipated date of service (provided during
	request for authorization) is used to determine timing between procedures  Please be advised that Evolent needs 2 to 3 business days after the receipt of clinical information to review and render a decision on a request. Please do not schedule or perform the procedure until you have an approved authorization.
Do ordering physicians have to obtain an authorization before they call to schedule an appointment?	Evolent will require the name of the facility/provider where the IPM procedure is going to be performed and the anticipated date of service. Ordering providers should obtain prior authorization before scheduling the procedure.
WHICH MEDICAL PROVIDE	RS ARE AFFECTED?
Which medical providers are affected by the IPM Program?	Specialized Providers who perform IPM procedures in an outpatient setting.  Wellcare providers will need to request a prior authorization from Evolent to bill the service. Providers who perform IPM procedures are generally located at:
	<ul> <li>Ambulatory Surgical Centers</li> <li>Hospital outpatient facilities</li> <li>Provider offices</li> </ul>

RE-OPEN AND APPEALS P	ROCESS
Is the Re-Open process available for the IPM program once a denial is	Medicare plans: Effective 8/5/2024, peer-to-peer discussions must be performed before a final determination has been made on the request.
received?	<b>Medicare</b> re-opens are only allowed if the request complies with the CMS definition of a re-open. Providers will continue to have the option to submit an appeal utilizing the health plan's process.
	Evolent has a specialized clinical team focused on Interventional Pain Management. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. The IPM provider may call <b>1-800-424-5388</b> to initiate the peer-to peer-process. These discussions provide an opportunity to discuss the case and collaborate on the appropriate services for the member based on the clinical information provided.
Who should a provider contact if they want to appeal a prior authorization decision?	Providers are asked to please follow the appeal instructions given on their non-authorization letter or Explanation of Benefits (EOB) notification.
RADMD ACCESS	
If I currently have RadMD access, will I need to apply for additional access to initiate authorizations for IPM procedures?	If the user already has access to RadMD, RadMD will allow you to submit an authorization for any procedures managed by Evolent.
What option should I select to receive access to initiate authorizations?	Selecting "Physician's office that orders procedures" will allow you access to initiate authorizations for pain management procedures.
How do I apply for RadMD access to initiate authorization requests if I don't have access?	User would go to our website RadMD.com.  Click on NEW USER.  Choose "Physician's office that orders procedures" from the drop-down box  Complete application with necessary information.  Click on Submit
	Once an application is submitted, the user will receive an email from our RadMD support team within a few hours after completing the application with an approved username and a temporary passcode. Please contact the RadMD Support Team at 1-800-327-0641 if you do not receive a response within 72 hours.

_	
What is rendering provider access?	Rendering provider access allows users the ability to view all approved authorizations for their office or facility. If an office is interested in signing up for rendering access, you will need to designate an administrator.  • User would go to our website RadMD.com • Select "Facility/Office where procedures are performed" • Complete application • Click on Submit  Examples of a rendering facility that only need to view approved authorizations: • Hospital facility • Billing department • Offsite location  Another user in location who is not interested in initiating authorizations
