Prior Authorization Process Overview

Evolent's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by Fidelis Care and Evolent Medical Officers and clinical experts. **Clinical Guidelines are available on [RadMD.com](https://www.radmd.com)**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- Evolent has a specialized clinical team focused on MSK.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

Authorization for Surgery

Special Information

- Most surgeries require only one authorization request. Evolent provides a list of surgery categories to choose from and the surgeon's office must select the most complex and invasive surgery being performed as the primary surgery.
 - Example 1: A lumbar fusion authorization includes decompression, instrumentation, etc.
 - Example 2: A knee ligament reconstruction includes meniscectomy, debridement, etc.
- Bilateral hip, knee, or shoulder surgeries require authorization for both the left and right side. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.
- The ordering physician must obtain prior authorization with Evolent prior to performing the surgery/procedure.
- Date of service is required.
- Inpatient admissions continue to be subject to concurrent review by Fidelis Care.
- Facility admissions do not require a separate prior authorization. However, the facility should ensure that an Evolent prior authorization has been obtained prior to scheduling the surgery/procedure.

Surgery Clinical Checklist Reminders

Surgery Documentation

-  Details regarding the member's symptoms and their onset/duration
-  Physical exam findings
-  Conservative treatment modalities with dates and duration (e.g., physical therapy, home exercise plan, injections, medications, activity modification)
-  Diagnostic imaging results
-  Ordering physician's surgical plan (including a discussion about the potential risks and benefits of the procedure) (BMI, smoking history, mental status for some surgeries)

Evolent to Physician: Request for Clinical Information

- ✓ A fax is sent to the provider detailing what clinical information that is needed, along with a fax coversheet.
- ✓ We stress the need to provide the clinical information as quickly as possible so we can make a determination.
- ✓ Determination timeframe begins after receipt of clinical information.
- ✓ Failure to receive requested clinical information may result in non certification.

We have received your request for Lumbar Decompression. We are unable to approve based on the information provided to date, please respond to this fax as soon as possible.

Missing Clinical: Specific dates and duration of conservative treatment for 6 consecutive weeks in the last 6 months. Must include at least two of the following: physical therapy, physician-directed home exercise plan, epidural steroid injections, and/or medications.

Additional information is still needed.

We have received your request for **Lumbar Decompression** along with additional records. However, the information provided still does not support the medical necessity of these services to make a determination on this case. Please see the documentation needed below which may allow us to make a positive determination. Only sending daily notes may delay authorization.

Missing Clinical: Specific dates and duration of conservative treatment for 6 consecutive weeks in the last 6 months. Must include at least two of the following: physical therapy, physician-directed home exercise plan, epidural steroid injections, and/or medications.

You may submit records for this episode of care as requested by uploading them on www.radmd.com. Please do not resend the information previously submitted.

The ordering physician is responsible for obtaining prior authorizations and for submitting the clinical records if requested. Please respond as soon as possible with the clinical information identified above.

Receipt of written records is required in order to process your request. Once this information has been received, the case will be reviewed by a clinician, and you will be notified of the determination. The ordering provider may call to have a peer to peer discussion.

MSK Clinical Review Process

LEGEND

✓ Key Evolent differentiator

Generally, the turnaround time for completion of these requests is within two or three business days upon receipt of sufficient clinical information

Urgent/Expedited Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call Evolent immediately.
- The Evolent website [RadMD.com](https://www.RadMD.com) cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the Evolent call center at:
 - 1-800-424-4952 (Medicaid, Essential, CHP, and Qualified Health)
 - 1-800-424-5390 (Medicare and Dual Advantage plans)
- Turnaround time is within 1 business day, not to exceed 72 calendar hours.

Authorization Validity Period

- Surgery
 - Inpatient — 90 calendar days from the date of the request
 - Outpatient — SDC/Ambulatory –
90 calendar days from the date of the request

Denial Notification

- Notifications include an explanation of services denied and the clinical rationale.
- **Medicare plans:** Effective 8/5/2024, peer-to-peer discussions must be performed before a final determination has been made on the request.
- **Medicare** re-opens are only allowed if the request complies with the CMS definition of a re-open. Providers will continue to have the option to submit an appeal utilizing the health plan's process.
- A peer-to-peer discussion can be initiated once the adverse determination has been made –(Medicaid, Dual Advantage, Essential, CHP, Qualified Health Plans).
- Re-review may be available with new or additional information.
- Re-review must occur within 60 calendar days for Medicaid members, 1 year for Medicare and Dual Advantage members, and 180 calendar days for Essential, Qualified Health, and CHP members from the denial and prior to submitting a formal appeal.
- In the event of a denial, providers may appeal the decision by contacting Fidelis Care or following the appeal instructions provided in their determination letter or Remittance Advice (RA) notification.

Claims and Appeals

Claims Process:

- Providers should continue to submit their claims to Fidelis Care.
- Providers are strongly encouraged to use EDI claims submission.

Appeals Process:

- In the event of a prior authorization or claims payment denial, providers may appeal the decision through Fidelis Care.
- Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

IPM Points

Injections in all regions of spine are managed

Date of Service is required for all requests

Each IPM procedure must be prior authorized

No series of epidural injections

Specialty Nurses and Physicians review IPM requests

MSK Surgery Points: Lumbar/Cervical Spine Surgery

Inpatient and outpatient non-emergent surgeries

Spine Surgery is focused on lumbar and/or cervical spine surgeries

For spinal surgeries, only one authorization request per surgery. For example, a lumbar fusion authorization includes decompression, instrumentation, etc.

Reconstructive spinal deformity surgery does not require prior authorization. However, Evolent will monitor provider use of CPT codes 22800-22819.

MSK Surgery Points: Hip, Knee, or Shoulder Surgery

Bilateral hip, knee, or shoulder surgeries require authorization for both the left and right side. These requests can be entered at the same time and will be reviewed concurrently. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.

Surgeries addressing the following are not included in the MSK program: trauma, amputation, fracture, active infection, pediatric conditions, congenital malformation, dysplasia (hip), palsy/plegia, osteochondritis dissecans (knee), osteotomy (knee), tumor, cyst, cancer, arthrodesis, girdle resection (hip), denervation (hip), joint dislocation, hemiarthroplasty (hip), hardware & foreign body removal.

MSK Surgery Points: All Surgeries

Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests. Inpatient admissions will continue to be subject to concurrent review by Fidelis Care.

The ordering physician must obtain prior authorization with Evolent prior to performing the surgery/procedure.

Facility admissions do not require a separate prior authorization. However, the facility should ensure that an Evolent prior authorization has been obtained prior to scheduling the surgery/procedure.

Authorizations are valid for 90 days from the date of request. Evolent must be notified of any changes to the date of service.

The top section, titled "RadMD Sign In", has a green background and contains the text: "For URGENT/EXPEDITED authorization requests, please contact the Evolut call center." Below this text are two buttons: "Sign In" (orange) and "New User" (grey). The bottom section, titled "Track an Authorization", has a light beige background and features the text "Authorization Tracking Number" above a white input field. To the right of the input field is an orange "Go" button.

RadMD New User Application Process - Ordering

STEPS

1. Click the **“New User”** button on the right side of the home page.
NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.
2. Under the Appropriate Description dropdown select **“Physician’s office that orders procedures”**.
3. Complete the application and click **“Submit”**.
4. Open email from Evolent webmaster with new user password instructions.

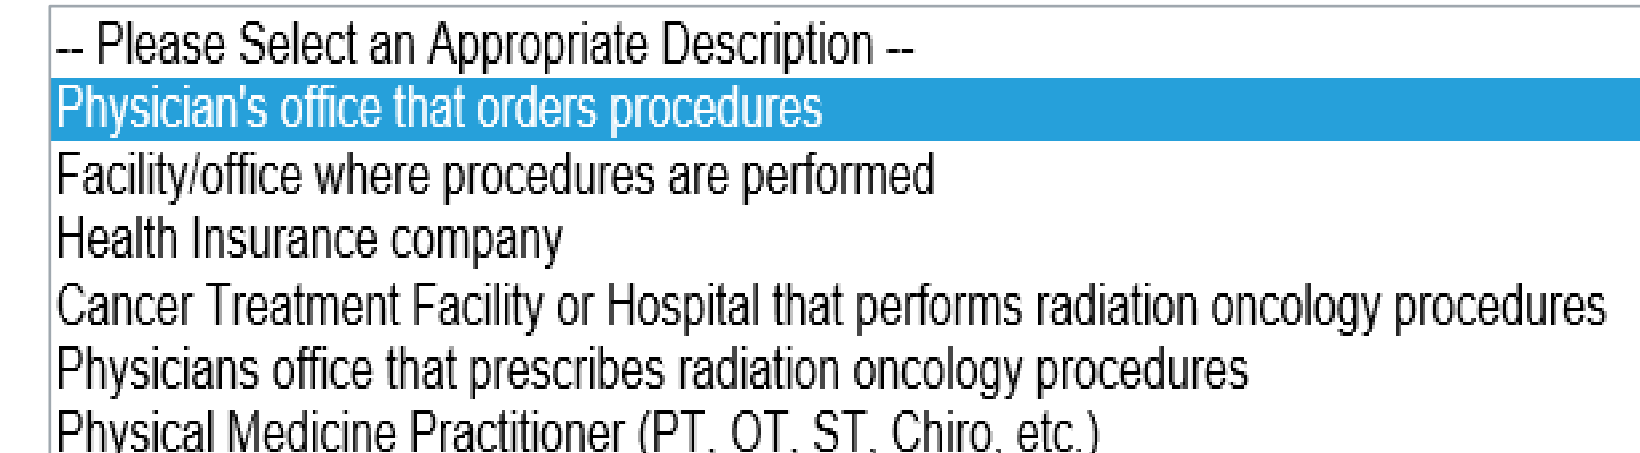

IMPORTANT

- Users are required to have their own separate username and password due to HIPAA regulations.
- Offices that are both ordering and rendering procedures should request ordering provider access. This will allow you to request authorization on RadMD and see the status of requests.
