

Provider Training Schedule Interventional Cardiology and Physical Medicine Programs

Independent Health (Medicare) Independent Health (Commercial)

Effective October 15, 2025, select interventional cardiology and physical medicine (PM) services (Medicare only) will require prior authorization through Evolent prior to being rendered in an outpatient or inpatient* setting (*professional component of elective interventional cardiology services only).

Independent Health and Evolent encourage providers to attend one of the following training sessions to learn more about these programs and the resources available.
