# Evolent's Clinical Foundation & Review

- **Clinical guidelines** are developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by Neighborhood Health Plan of Rhode Island and Evolent Medical Officers and clinical experts. **Clinical Guidelines are available on [RadMD.com](https://www.radmd.com)**
- Clinical algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- Evolent has a specialized clinical team focused on MSK.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

# Clinical Specialty Team: Focused on MSK

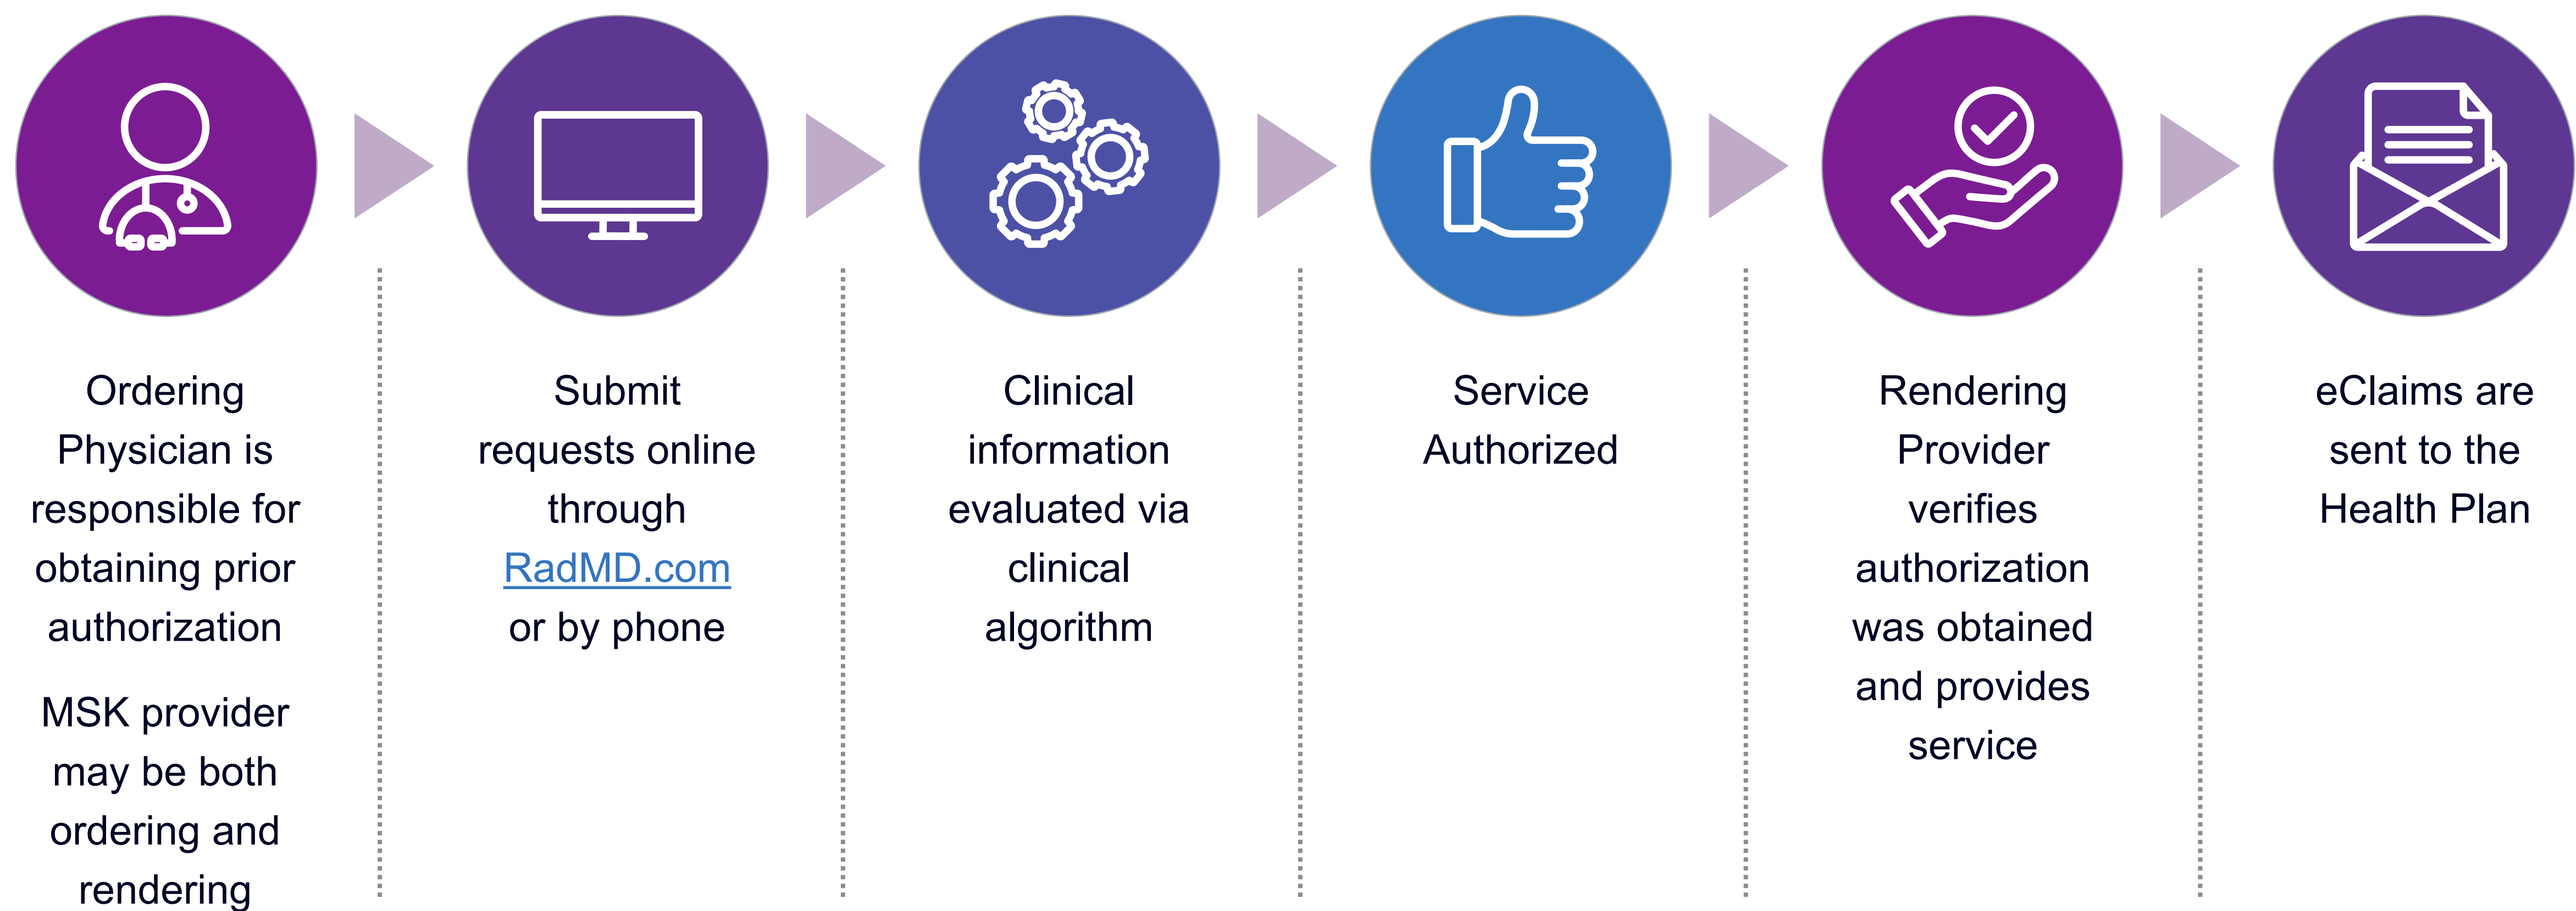

## MSK Surgery Review

Initial clinical review  
performed by specialty  
trained surgery nurses

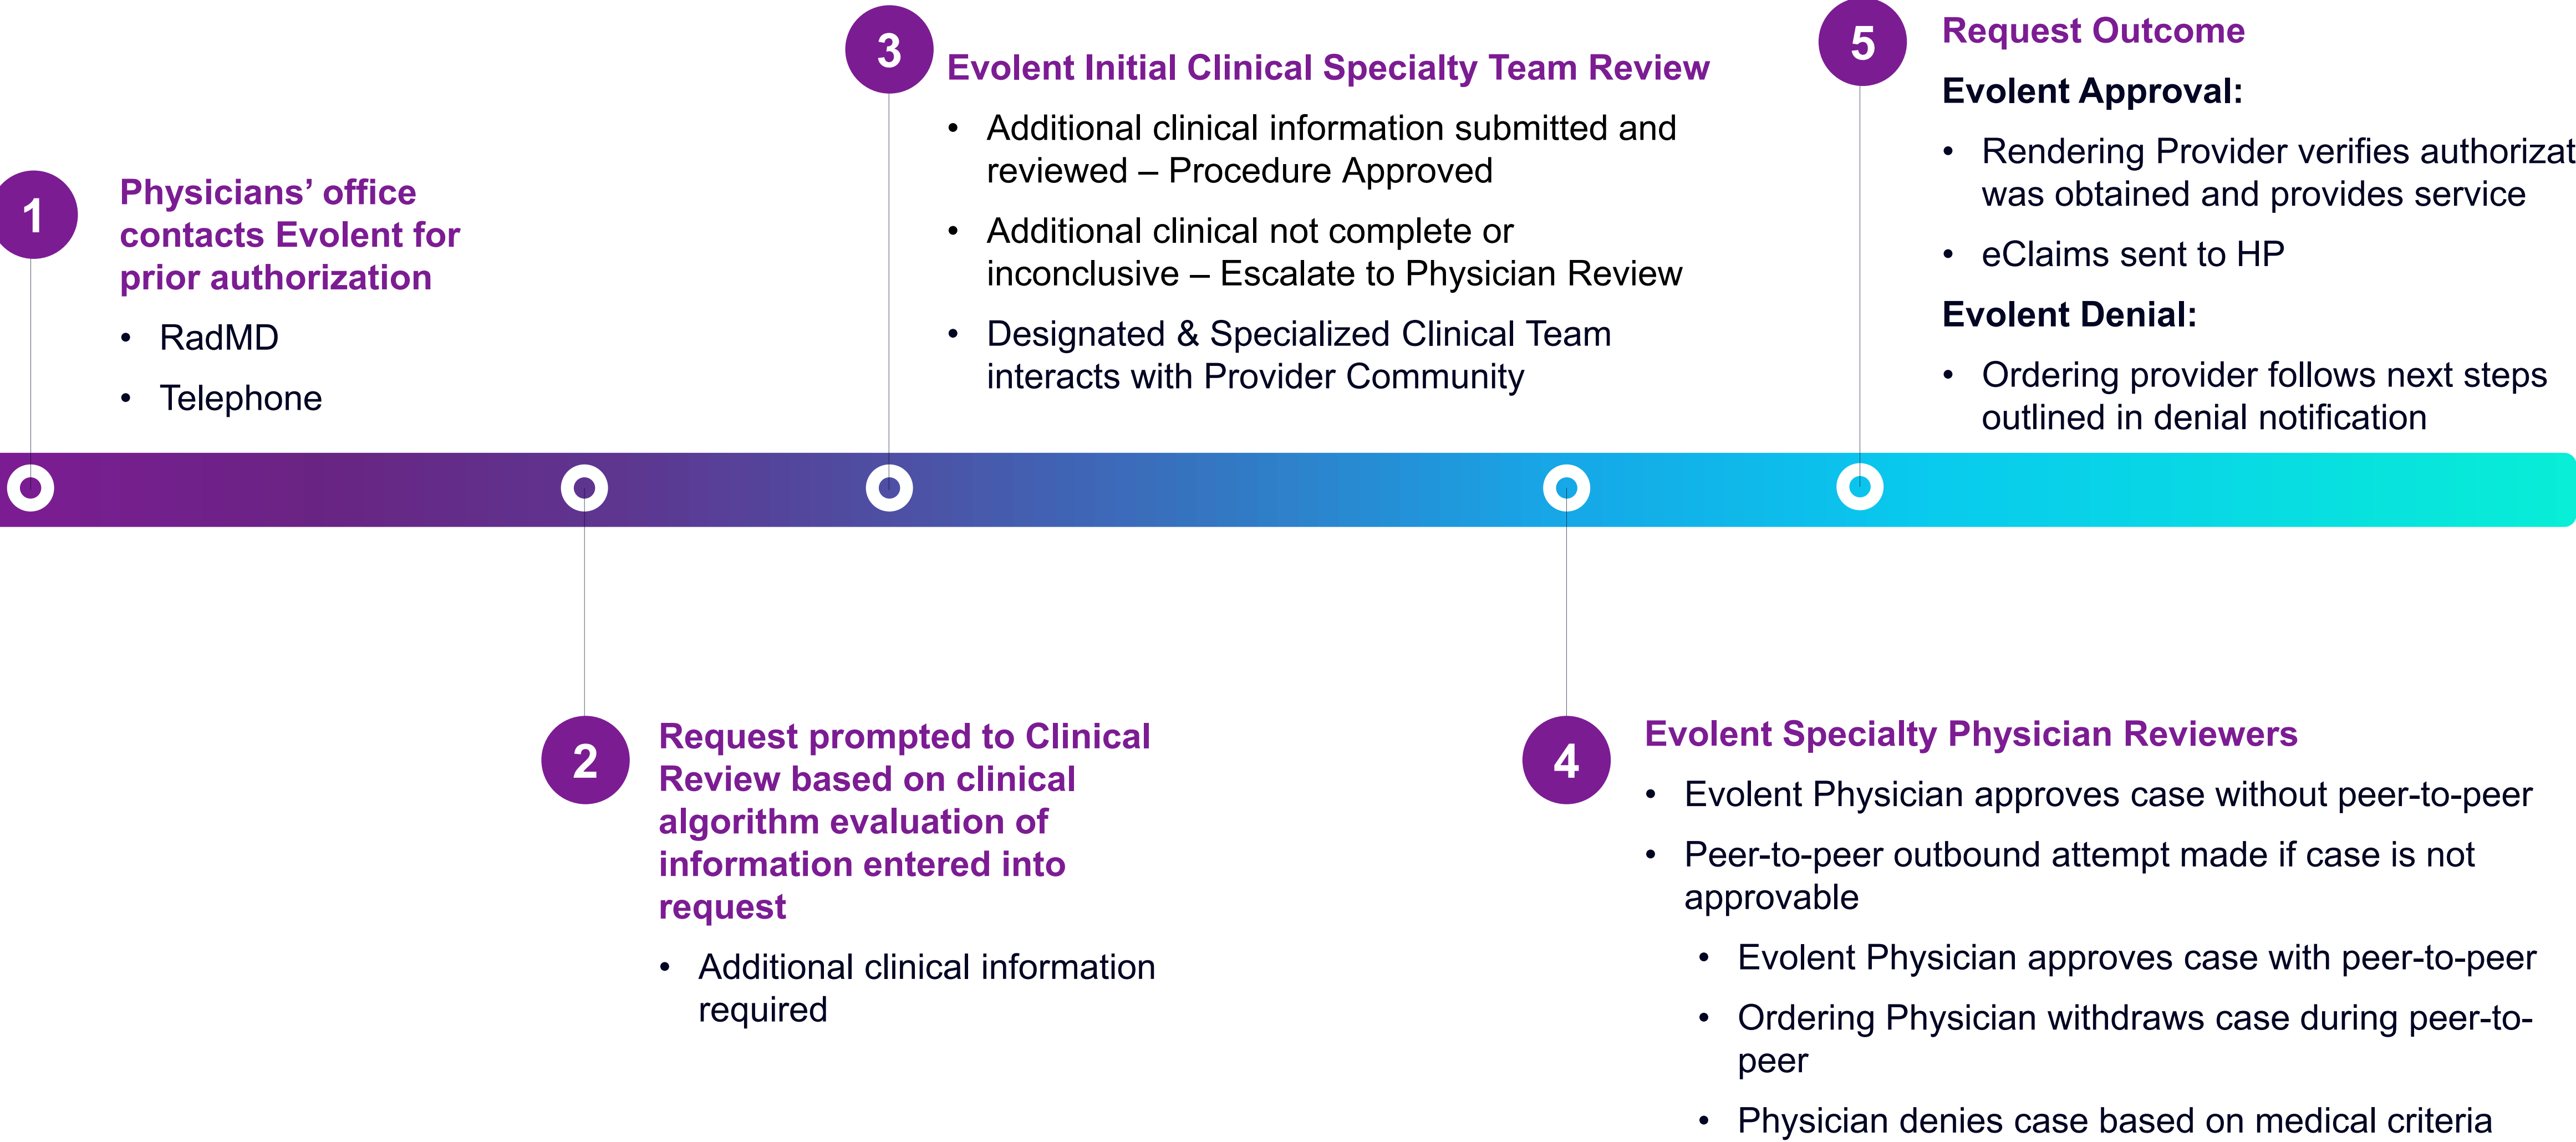

Surgery concierge team  
will contact provider for  
additional clinical  
information, if needed.

Orthopedic surgeons or  
neurosurgeons conduct  
clinical reviews and peer-to-  
peer discussions on surgery  
requests

# Prior Authorization Real-Time Approval Path

# Prior Authorization - Clinical Review

# MSK Surgery Authorization Highlights

- Most surgeries require only one authorization request. Evolent provides a list of surgery categories to choose from and the surgeon's office must select the most complex and invasive surgery being performed as the primary surgery.
  - Example 1: A lumbar fusion authorization includes decompression, instrumentation, etc.
  - Example 2: A knee ligament reconstruction includes meniscectomy, debridement, etc.
- Bilateral hip, knee, or shoulder surgeries require authorization for both the left and right side. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.
- The ordering physician must obtain prior authorization with Evolent prior to performing the surgery/procedure.
- Date of service is required.
- Inpatient admissions continue to be subject to concurrent review by Neighborhood Health Plan of Rhode Island.
- Facility admissions do not require a separate prior authorization. However, the facility should ensure that an Evolent prior authorization has been obtained prior to scheduling the surgery/procedure.

# Surgery Clinical Checklist Reminders

## Surgery Documentation

-  Details regarding the member's symptoms and their onset/duration
-  Physical exam findings
-  Conservative treatment modalities with dates and duration (e.g., physical therapy, home exercise plan, injections, medications, activity modification)
-  Diagnostic imaging results
-  Ordering physician's surgical plan (including a discussion about the potential risks and benefits of the procedure) (BMI, smoking history, mental status for some surgeries)

# MSK Surgery Points: Lumbar/Cervical Spine Surgery

Inpatient and outpatient non-emergent surgeries

Spine Surgery is focused on lumbar and/or cervical spine surgeries

For spinal surgeries, only one authorization request per surgery. For example, a lumbar fusion authorization includes decompression, instrumentation, etc.

# MSK Surgery Points: Hip, Knee, or Shoulder Surgery

Bilateral hip, knee, or shoulder surgeries require authorization for both the left and right side. These requests can be entered at the same time and will be reviewed concurrently. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.

# MSK Surgery Points: All Surgeries

Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests. Inpatient admissions will continue to be subject to concurrent review by Neighborhood Health Plan of Rhode Island.

The ordering physician must obtain prior authorization with Evolent prior to performing the surgery/procedure.

Facility admissions do not require a separate prior authorization. However, the facility should ensure that an Evolent prior authorization has been obtained prior to scheduling the surgery/procedure.

Authorizations are valid for 60 calendar days from the date of service. Evolent must be notified of any changes to the date of service.

# Evoltent to Physician: Request for Clinical Information

- ✓ A fax is sent to the provider detailing what clinical information that is needed, along with a fax coversheet.
- ✓ We stress the need to provide the clinical information as quickly as possible so we can make a determination.
- ✓ Determination timeframe begins after receipt of clinical information.
- ✓ Failure to receive requested clinical information may result in non certification.

# Urgent/Expedited Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call Evolent immediately.
- The Evolent website [RadMD.com](https://www.radmd.com) cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the Evolent call center at 1-877-469-7949.
- Turnaround time is not to exceed 72 calendar hours.

# Authorization Validity Period

- Surgery
  - Inpatient: 60 days from date of service
  - Outpatient: 60 days from date of service
- The date of service that is selected at the time of the prior authorization request, will be used to determine the validity period. If the date of service changes, please contact Evolent to update.

# Denial Notification

- Notifications include an explanation of services denied and the clinical rationale.
- A peer-to-peer discussion can be initiated once the adverse determination has been made (Medicaid).
- Medicaid re-reviews are available within 5 business days from the date of initial denial date and prior to submitting a formal appeal through the health plan.
- Medicare re-opens are only allowed if the request complies with the CMS definition of a re-open. Providers will continue to have the option to submit an appeal utilizing the health plan's process.
- In the event of a denial, providers are asked to follow the instructions provided in their denial letter.

# Claims and Appeals

## Claims Process:

- Providers should continue to submit their claims to Neighborhood Health Plan of Rhode Island.
- Providers are strongly encouraged to use EDI claims submission.

## Appeals Process:

- In the event of a prior authorization or claims payment denial, providers may appeal the decision through Neighborhood Health Plan of Rhode Island.
- Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

## RadMD Functionality varies by user:

- **Ordering Provider's Office**
  - View and submit requests for authorization.
- **Rendering Provider**
  - View approved, pended and in review authorizations for their facility.
  - MSK providers are typically both the ordering and the rendering provider.

## Online Tools Available on RadMD

- Evolut's Clinical Guidelines
- Frequently Asked Questions
- RadMD Quick Start Guide
- Scope of Service
- Claims/Utilization Matrices

The screenshot displays the RadMD website interface. At the top, there is a green header with the text "RadMD Sign In". Below this, a message states: "For URGENT/EXPEDITED authorization requests, please contact the Evolut call center." Underneath the message are two buttons: "Sign In" (orange) and "New User" (grey). Below the sign-in section is a white section with the heading "Track an Authorization". This section contains a label "Authorization Tracking Number" in orange, followed by a white input field. To the right of the input field is an orange "Go" button.

# RadMD New User Application Process - Ordering

## STEPS

1. Click the **“New User”** button on the right side of the home page.  
*NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.*
2. Under the Appropriate Description dropdown select **“Physician’s office that orders procedures”**.
3. Complete the application and click **“Submit”**.
4. Open email from Evolent webmaster with new user password instructions.

## IMPORTANT

- Users are required to have their own separate username and password due to HIPAA regulations.
- Offices that are both ordering and rendering procedures should request ordering provider access. This will allow you to request authorization on RadMD and see the status of requests.
