For Radiation Oncologists and Cancer Treatment Facilities**

Question	Answer
GENERAL	
Why did Capital Blue Cross implement a Radiation Oncology Solutions program?	<p>Capital Blue Cross implemented a Radiation Oncology Solutions Program that is consistent with industry-wide efforts to ensure members receive the most appropriate radiation therapy treatment in accordance with evidence based clinical guidelines and standards of care.</p> <ul style="list-style-type: none"> ▪ Brachytherapy (Low-dose rate (LDR), High-dose rate (HDR) and Electronic ▪ 2D conventional radiation therapy (2D) ▪ 3D conformal radiation therapy (3D-CRT) ▪ Intensity modulated radiation therapy (IMRT) ▪ Stereotactic Radiation Therapy (SRS and SBRT) ▪ Proton beam radiation therapy (PBT) ▪ Intraoperative Radiation Therapy (IORT) ▪ Neutron Beam ▪ Hyperthermia
Why do radiation therapy treatments require medical necessity review?	<p>The purpose of this program is to ensure that members receive the most appropriate radiation therapy treatment consistent with our medical policy, evidence-based clinical guidelines and standards of care followed for treatment. These clinical guidelines are aligned with national standards and peer review literature, and are available on our web portal, RadMD.com.</p>
Why did Capital Blue Cross select Evolent to manage its Radiation Oncology Solutions Program?	<p>Evolent (formerly National Imaging Associates, Inc.) was selected to partner with Capital Blue Cross because of their clinically driven program designed to effectively manage quality and member safety, while ensuring the appropriate utilization of resources for Capital Blue Cross members.</p>
Which Capital Blue Cross members are covered under this relationship and what networks are used?	<p>Evolent's Radiation Oncology Solutions Program for outpatient Radiation Oncology Solutions services for Capital Blue Cross membership is managed through Capital Blue Cross contractual relationships with providers who deliver Radiation Oncology Solutions services. Evolent conducts medical necessity reviews of requested services only.</p>
PRIOR AUTHORIZATION	
What was the Implementation Date for the Radiation Oncology Solutions Program?	<p>Implementation was January 1, 2015. All radiation therapy treatments require prior authorization.</p>

<p>What radiation therapy treatments will require medical necessity review for prior authorization?</p>	<ul style="list-style-type: none"> ▪ All Cancers as well as All Other Conditions (i.e., Brain and Spine Lesions, AVM, Trigeminal Neuralgia) for Intensity Modulated Radiation Therapy (IMRT), Proton Beam and Stereotactic Radiation Therapy for all Capital Blue Cross membership ▪ Prior authorization will be required for all radiation therapy treatment modalities and the number of treatments/fractions for the course of treatments for procedures listed below based on medical necessity review: <ul style="list-style-type: none"> • Brachytherapy (Low-dose rate (LDR), High-dose rate (HDR) and Electronic • 2D conventional radiation therapy (2D) • 3D conformal radiation therapy (3D-CRT) • Intensity modulated radiation therapy (IMRT) • Stereotactic Radiation Therapy (SRS and SBRT) • Proton beam radiation therapy (PBT) • Intraoperative Radiation Therapy (IORT) • Neutron Beam • Hyperthermia <p>Evolut provides utilization management services for all cancers and conditions however, Evolut does not manage the authorization for drugs associated with these services.</p>
<p>Do inpatient radiation therapy procedures require prior authorization?</p>	<p>No. Inpatient radiation therapy services <i>do not</i> require prior authorization by Evolut and not affected by this program.</p> <p>If a member began <i>inpatient</i> radiation therapy and continues <i>subsequent outpatient</i> treatment, or if a member began radiation therapy prior to coverage by Capital Blue Cross, <i>outpatient</i> radiation therapy will not require prior authorization for medical necessity review</p> <p>Providers should fax a completed Radiation Therapy Treatment Notification Form for each member to Capital Blue Cross at 1-717-540-2171.</p> <p>A Radiation Therapy Treatment Notification Form is located in the Paper Forms section of the Capital BlueCross Provider Library via NaviNet® and must be submitted to Capital BlueCross.</p>
<p>Where can providers obtain the list of procedures requiring prior authorization for reimbursement</p>	<p>Please refer to the Radiation Oncology Utilization Review Matrix for a list of CPT codes that Evolut authorizes on behalf of Capital Blue Cross. The matrix can be found on RadMD.com. Payment will be denied for procedures performed with a necessary prior authorization.</p>
<p>What does the Evolut prior authorization number look like?</p>	<p>The Evolut prior authorization number consists of alpha-numeric characters. The Radiation Oncologist will receive an Evolut tracking number (not the same as an authorization number) for tracking the request while it is in the process of medical necessity review. Providers can use either number to track the status of their request on RadMD.com or via Evolut’s Interactive Voice Response (IVR) telephone system.</p>

<p>Is a separate prior authorization number needed for each service code requested?</p>	<p>No. Only one prior authorization number is required for the entire process of care.</p>
<p>Can a provider verify an authorization number online?</p>	<p>Yes. Providers can check the status of a member's prior authorization quickly and easily by going to Evolent's website, RadMD.com.</p>
<p>How long is the prior authorization number valid?</p>	<p>The prior authorization number is valid for 180 days from the date of request. Evolent will use the date of request as the starting point for the 180-day period in which the treatment must be completed. If the Radiation Oncologist needs to perform the initial simulation prior to the date of request, the validity period will be dated from the date of the initial simulation.</p>
<p>MEDICAL NECESSITY REQUESTS</p>	
<p>Is medical necessity review required if Capital Blue Cross is not the member's primary insurance?</p>	<p>Yes. Medical necessity review requirements apply when Capital Blue Cross is the primary and secondary insurer.</p>
<p>Who is responsible for requesting medical necessity review for prior authorization determination?</p>	<p>The Radiation Oncologist determining the treatment plan and providing the radiation therapy is responsible for submitting the prior authorization and medical necessity review request on behalf of Capital Blue Cross members. The Radiation Oncologist is responsible for obtaining the authorization number prior to initiating treatment.</p> <p>Breast Surgeons: The radiation oncologist is required to obtain a medical necessity review for Accelerated Partial Breast Irradiation (APBI). The breast surgeon also requires a prior authorization and will receive approval for the insertion of the catheters if APBI is approved as medically necessary. The surgeon can request a review for approval at RadMD.com or call Evolent's toll-free number 1-888-203-1423. It is the responsibility of the Radiation Oncologist and cancer treatment facility to ensure that radiation therapy treatment plan procedures are authorized before services are rendered. Reimbursement is based on approved treatment plans and techniques.</p>
<p>What is the best way to request medical necessity review for the prior authorization of radiation therapy procedures?</p>	<p>Please visit Evolent's website RadMD.com to submit requests. RadMD is available 24/7, except when maintenance is performed. Please be sure to supply all requested information at the time of request to ensure medical necessity can be confirmed quickly for your physicians and members. Requests may also be submitted by telephone at 1-888-203-1423 Monday through Friday, from 8 a.m. to 8 p.m. EST.</p>

<p>Can <i>multiple</i> medical necessity requests be made for different members during the same phone call?</p>	<p>Yes. For your convenience, providers may make multiple medical necessity requests for different members during the same phone call. Please be prepared with <i>all</i> required clinical information for each member prior to calling Evolent to request medical necessity review.</p>
<p>Can <i>multiple</i> service requests be made for the same member during the same phone call?</p>	<p>Yes. Providers calling in to request medical necessity for radiation therapy procedures may also make requests for imaging and interventional procedures.</p>
<p>Can RadMD be used to request retrospective or expedited prior authorization requests?</p>	<p>No. The Radiation Oncologist must call to request retrospective or expedited medical necessity review requests by calling 1-888-203-1423, Monday through Friday, from 8 a.m. to 8 p.m. EST.</p> <p>If a member requires emergency radiation therapy, the Radiation Oncologist should call Evolent after the emergency treatment for approval for the course of treatment.</p>
<p>What information does Evolent require before a medical necessity review can be initiated for prior authorization determination?</p>	<p>The Radiation Oncologist will be asked to provide general treatment plan information related to the radiation therapy treatment planned for each member.</p> <p>To expedite the prior authorization process, the Radiation Oncologist should have all of the following information available before logging on to Evolent's website, RadMD.com or by calling Evolent at 1-888-203-1423:</p> <ul style="list-style-type: none"> ▪ Name and office phone number of Radiation Oncologist planning and delivering radiation therapy ▪ Member name and ID number ▪ Primary disease site being treated ▪ Stage (T, N, M stage) ▪ Treatment intent ▪ Requested radiation therapy modality (initial and/or boost stages) i.e.: <ul style="list-style-type: none"> • Total dose • Fractions • Guidance (IGRT, Port Films) ▪ Name of treatment facility where procedures will be performed ▪ Anticipated treatment and/or simulation date
<p>When should requests for medical necessity review be submitted?</p>	<p>Prior authorization is required prior to the anticipated treatment start date. Evolent recommends requesting prior authorization immediately after completing the member's clinical treatment plan.</p>
<p>What if additional information is required or the clinical information submitted is incomplete?</p>	<p>Please be sure to supply all requested information at the time of the request to ensure medical necessity can be confirmed quickly for your physicians and members.</p> <p>If the information submitted is incomplete, this could cause unnecessary delays in processing the provider's request. It is imperative that all required information be submitted at the time of the initial request for the most efficient processing of requests. If additional information is requested to</p>

	complete the medical necessity review, it can be uploaded to RadMD.com or faxed to Evolent’s dedicated clinical fax line at 1-800-784-6864.
How long does it take Evolent to make a determination on a prior authorization request?	Once all required clinical information is received to complete the medical necessity review, generally a determination will be provided within two to three business days.
How can providers track the status of medical necessity review requests?	While the case is being reviewed for medical necessity, the Radiation Oncologist will receive an Evolent tracking number (not the same as a prior authorization number) for checking on the status of pending requests. Providers are able to use the tracking number to monitor the status of their request online or via Evolent’s Interactive Voice Response (IVR) telephone system.
Who reviews my request for medical necessity?	Evolent’s initial clinical reviewers are nurses and radiation therapists, specifically trained and licensed to review radiation therapy treatment plan requests. They can also assist physicians and their staff with the medical necessity review process. Most cases can be reviewed, and a medical necessity determination will be made at this level. In more complex clinical cases that require additional information or a peer-to- peer discussion with the requesting Radiation Oncologist, Evolent’s physician clinical reviewers are consulted for medical necessity review. Evolent’s Board-Certified Radiation Oncologists are consulted to review these more complex cases and will make a final medical necessity determination.
How are peer-to-peer discussions scheduled or conducted if either required by Evolent or requested by the provider?	If necessary or requested, Evolent’s physician reviewers will conduct peer-to-peer discussions with physicians to ensure all critical information is identified and communicated about the member’s case prior to a final determination. To request and schedule a peer-to-peer consultation, providers should contact Evolent by calling 1-888-203-1423, Monday through Friday, from 8 a.m. to 8 p.m. EST. The Evolent call center will work with your office staff and Evolent’s Radiation Oncologist physician reviewers to arrange for a telephonic discussion of the case.
MODIFICATIONS TO PRIOR AUTHORIZED TREATMENT PROCEDURES	
If a member requires additional treatments, will Evolent need to be notified?	Yes. Modifications to an approved treatment plan must be made via telephone by calling 1-888-203-1423, Monday through Friday, from 8 a.m. to 8 p.m. EST. Please be prepared to provide additional clinical information to support the treatment modification as these requests will be reviewed for medical necessity.

How long does it take to receive determination on requests to modify existing prior authorization requests?	Once all required member clinical information is successfully submitted to Evolent for review, a medical necessity determination for modification to treatment is generally made within one business day.
How are providers notified of medical necessity review outcomes for modifications to treatment?	Providers will receive a telephone call and fax once a determination has been made. If the fax fails, they will be sent a letter. Providers can always check the status of an authorization by visiting RadMD.com.
Are providers issued a new prior authorization number for modified treatment plan and procedures?	No. The prior authorization number will remain the same throughout the course of treatment.

CLAIMS RELATED

Where do providers send their claims for Radiation Oncology treatment?	Providers should continue to send claims to the Capital Blue Cross as you currently do today. We strongly encourage EDI Claims submission. Payor ID Number is 01260.
How can providers check claims status?	Providers may check claims status via Capital Blue Cross website at: https://navinet.navimedix.com/ .
Who should a provider contact if they want to appeal a prior authorization or claims payment denial?	In the event of a prior authorization of claims payment denial, providers may appeal the decision through Capital Blue Cross. Providers should follow the instructions on their non-authorization letter or Explanation of Payment (EOP) notification.

MISCELLANEOUS

<p>How is medical necessity defined?</p>	<p>Evolent defines medical necessity as a service that:</p> <ul style="list-style-type: none"> • Meets generally accepted standards of medical practice; is appropriate for the symptoms, consistent with diagnosis, and otherwise in accordance with sufficient evidence and professionally recognized standards; • Is appropriate to the illness or injury for which it is performed as to type of service and expected outcome; • Is appropriate to the intensity of service and level of setting; • Provides unique, essential, and appropriate information when used for diagnostic purposes; • Is the lowest cost alternative that effectively addresses and treats the medical problem; and rendered for the treatment or diagnosis of an injury or illness; and • Is not furnished primarily for the convenience of the member, the attending provider, or other provider.
<p>Where can a provider find Evolent’s Guidelines for Radiation Oncology Solutions Services?</p>	<p>Evolent’s Clinical Guidelines can be found on Evolent’s Website, RadMD.com under Online Tools/Clinical Guidelines.
