What is an OCR Fax Coversheet?	By utilizing Optical Character Recognition (OCR) technology, Evolent can automatically attach incoming clinical faxes to the appropriate case in our clinical system. We strongly recommend that ordering providers print an OCR fax coversheet from RadMD.com or contact Evolent to obtain one. Evolent can fax this coversheet to the ordering provider during authorization intake or at any time during the review process. By prefacing clinical faxes to Evolent with an OCR fax coversheet, the ordering provider can ensure a timely and efficient case review.
RE-REVIEW AND APPI	
Is the Re-review process available for the outpatient Medical Specialty Solutions services once a denial is received? Who should a provider contact if	Once a denial determination has been made, if the office has new or additional information to provide, a re-review can be initiated by uploading via RadMD or faxing (using the case specific fax cover sheet) additional clinical information to support the request. A re-review must be initiated within 5 business days from the date of denial and prior to submitting a formal appeal. Evolent has a specialized clinical team focused on Medical Specialty Solutions services. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines. Providers can call the phone number(s) above to initiate the peer-to-peer process. These discussions provide an opportunity to discuss the case and collaborate on the appropriate services for the member based on the clinical information provided.
