

# WellCare of North Carolina Interventional Pain Management (IPM) Program Quick Reference Guide for Ordering Providers

Effective September 29, 2021  
Revised: (April 26, 2023)

WellCare of North Carolina has entered into an agreement with National Imaging Associates, Inc. (NIA) to provide utilization management for Interventional Pain Management (IPM) services on behalf of WellCare of North Carolina. This program includes prior authorization for non-emergent outpatient IPM procedures for WellCare of North Carolina members. This decision is consistent with industry efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services.

NIA will manage non-emergent outpatient IPM procedures through WellCare of North Carolina contractual relationships with providers.

## Outpatient IPM Procedures Requiring Prior Authorization Include:

- Spinal Epidural Injections
- Paravertebral Facet Joint Injections or Blocks
- Paravertebral Facet Joint Denervation (Radiofrequency (RF) Neurolysis)
- Sacroiliac Joint Injections

A separate prior authorization number is required for each procedure

If an urgent/emergent clinical situation exists outside of a hospital emergency room, please contact NIA immediately with the appropriate clinical information for an expedited review.

## Prior Authorization Process

The **preferred method** to submit prior authorization requests at [www.RadMD.com](http://www.RadMD.com). Providers unable to submit their request through RadMD or for urgent requests needing expedited review, providers may contact NIA at 1-866-249-1583 (Medicaid) or 1-800-424-5388 (Medicare).

Please refer to [www.RadMD.com](http://www.RadMD.com) to obtain the WellCare of North Carolina/NIA Billable CPT® Codes Claim Resolution/Utilization Review Matrix for all CPT-4 codes that NIA authorizes on behalf of WellCare of North Carolina.

As a provider of IPM services that require prior authorization, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained.
