

Tufts Health Public Plan Musculoskeletal (MSK) Management Program

Revised September 2023

National Imaging Associates, Inc. (NIA)* Program Agenda

Our MSK Program

-  Authorization Process
 - Other Program Components
-  Provider Tools and Contact Information
-  RadMD Demo
-  Questions and Answers

** Effective 1/20/2023, National Imaging Associates, Inc. is now a subsidiary of Evolent Health. Evolent Health and its affiliates and subsidiaries collectively referred to as "Evolent."*

NIA Specialty Solutions

National Footprint / Experience

National Footprint

- ✓ **Since 1995** – delivering Medical Specialty Solutions; one of the *go-to* care partners in industry.
- ✓ **88 health plans/markets** – partnering with NIA for management of Medical Specialty Solutions.
- ✓ **32.79M national lives** – participating in an NIA Medical Specialty Solutions Program nationally.
- ✓ **Diverse populations** – Medicaid, Exchanges, Medicare, Commercial, FEP, Provider Entities.

Commercial/Medicaid/Medicare Expertise/Insights

- ✓ **42 Commercial and 56 Medicaid plans/markets** with NIA Medical Specialty Solutions in place.
- ✓ **10.66M Commercial and 20.51M Medicaid lives nationally** – in addition to 1.63M Medicare Advantage

Intensive Clinical Specialization & Breadth

- ✓ **Specialized Physician Teams**
 - 160+ actively practicing, licensed, board-certified physicians
 - 28 specialties and sub-specialties

URAC Accreditation & NCQA Certified

MSK Prior Authorization Program

- Tufts Health Public Plan has a prior authorization program through NIA for the management of MSK Services.

- Program start date: December 1, 2015

- Outpatient, interventional spine pain management (IPM) services
 - Inpatient and outpatient hip, knee, shoulder, lumbar and cervical spine surgeries
-
- Surgery Center
 - In Office
 - Hospital

- Medicaid
- Exchange
- Commercial

- NIA manages services through Tufts Health Public Plan contractual relationships.

Interventional Pain Management (IPM)

IPM Procedures Performed Outpatient or In-Office

- Spinal Epidural Injections
- Paravertebral Facet Joint Injections or Blocks
- Paravertebral Facet Joint Denervation (Radiofrequency (RF) Neurolysis)

IPM Procedures Performed in these Settings are Excluded:

- Hospital Inpatient
- Observation Room
- Emergency Room/Urgent Care Facility

Tufts Health Public Plan network providers are the preferred providers for delivering MSK services to Tufts Health Public Plan members.

Lumbar and Cervical Spine Surgery

Lumbar and Cervical Spine Surgeries Performed Inpatient and Outpatient

- Lumbar Microdiscectomy
- Lumbar Decompression (Laminotomy, Laminectomy, Facetectomy & Foraminotomy)
- Lumbar Spine Fusion (Arthrodesis) With or Without Decompression – Single & Multiple Levels
- Cervical Anterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression with Fusion –Single & Multiple Levels
- Cervical Posterior Decompression (without fusion)
- Cervical Artificial Disc Replacement – Single & Two Levels
- Cervical Anterior Decompression (without fusion)
- Lumbar Artificial Disc – Single & Two Levels
- Sacroiliac Joint Fusion

Surgery Performed in this Setting is Excluded:

- Emergency Surgery – admitted via the Emergency Room

Reconstructive spinal deformity surgery does not require prior authorization. However, NIA will monitor provider use of CPT codes 22800-22819.

Hip, Knee and Shoulder Surgery

Hip Surgeries Performed Inpatient and Outpatient

- Revision/Conversion Hip Arthroplasty
- Total Hip Arthroplasty/Resurfacing
- Femoroacetabular Impingement (FAI) Hip Surgery (includes CAM/pincer & labral repair)
- Hip Surgery – Other (includes synovectomy, loose body removal, debridement, diagnostic hip arthroscopy, and extra-articular arthroscopy knee)

Knee Surgeries Performed Inpatient and Outpatient

- Revision Knee Arthroplasty
- Total Knee Arthroplasty (TKA)
- Partial-Unicompartmental Knee Arthroplasty (UKA)
- Knee Manipulation under Anesthesia (MUA)
- Knee Ligament Reconstruction/Repair
- Knee Meniscectomy/Meniscal Repair/Meniscal Transplant
- Knee Surgery – Other (includes synovectomy, loose body removal, diagnostic knee arthroscopy, debridement with or without chondroplasty, lateral release/patellar realignment, articular cartilage restoration)

Shoulder Surgeries Performed Inpatient and Outpatient

- Revision Shoulder Arthroplasty
- Total/Reverse Shoulder Arthroplasty or Resurfacing
- Partial Shoulder Arthroplasty/Hemiarthroplasty
- Shoulder Rotator Cuff Repair
- Shoulder Labral Repair
- Frozen Shoulder Repair/Adhesive Capsulitis
- Shoulder Surgery – Other (includes debridement, manipulation, decompression, tenotomy, tenodesis, synovectomy, claviclectomy, diagnostic shoulder arthroscopy)

Surgery Performed in this Setting is Excluded:

- Emergency Surgery – admitted via the Emergency Room

CPT Codes Requiring Prior Authorization (IPM)

 Review Claims/Utilization Review Matrix to determine CPT codes managed by NIA.

 Includes CPT Codes and their Allowable Billable Groupings.

 Located on [RadMD.com](https://www.RadMD.com).

 Defer to Tufts Health Public Plan Policies for Procedures not on Claims/Utilization Review Matrix.

**Tufts Health Plan
Utilization Review Matrix 2023
Outpatient Interventional Pain Management (IPM)**

The matrix below contains the CPT 4 codes for which National Imaging Associates Inc. (NIA)* authorizes on behalf of Tufts Health Plan.

NIA issues authorizations based on the primary CPT code and its allowable billed groupings. A procedure can be billed under any one of the given CPT codes for that allowable billed grouping as long as a valid authorization number has been issued within the validity period.

Please note: IPM services rendered in an Emergency Room, Observation Room, Intraoperatively, or as a Hospital Inpatient are not managed by NIA

Procedure Name	Primary CPT Code	Allowable Billed Groupings
Cervical/Thoracic Interlaminar Epidural	62321	62320, 62321
Cervical/Thoracic Transforaminal Epidural	64479	64479, +64480
Lumbar/Sacral Interlaminar Epidural	62323	62322, 62323
Lumbar/Sacral Transforaminal Epidural	64483	64483, +64484
Cervical/Thoracic Facet Joint Block	64490	64490, + 64491, +64492, 0213T, +0214T, +0215T
Lumbar/Sacral Facet Joint Block	64493	64493, +64494, +64495, 0216T, +0217T, +0218T
Cervical/Thoracic Facet Joint Radiofrequency Neurolysis	64633	64633, +64634
Lumbar/Sacral Facet Joint Radiofrequency Neurolysis	64635	64635, +64636

CPT Codes Requiring Prior Authorization (Joint Surgery)

**Tufts Health Public Plans
Utilization Review Matrix 2023
Musculoskeletal Surgery (Hip, Knee, and Shoulder)**

HIP SURGERY			
Primary Surgery Request	Primary CPT Code	Primary Surgery Allowable Billed Groupings	Additional Covered Procedures/Codes
<p><i>Authorization is provided for the <u>primary surgery</u> requested. There are multiple CPT codes that can be associated with each procedure. These are assumed to be part of the primary surgery request and when completed in combination, do not require a separate authorization.</i></p>			
Revision/Conversion Hip Arthroplasty	27134	27132, 27134, 27137, 27138	
Total Hip Arthroplasty/Resurfacing	27130	27130, S2118	
Femoroacetabular Impingement (FAI) Hip Surgery	29914	29914, 29915, 29916	Loose Body Removal: 29881 Chondroplasty: 29882 Synovectomy: 29883
Hip Surgery – Other	29863	29880, 29881, 29882, 29883	

CPT Codes Requiring Prior Authorization (Spine Surgery)

Tufts Health Plan Utilization Review Matrix 2023 Musculoskeletal Surgery (Spine)

LUMBAR SPINE SURGERY				
Primary Surgery Request	Primary CPT Code	Primary Surgery Allowable Billed Groupings	Additional Covered Procedures/Codes	Ancillary Procedures/Codes
<p>Authorization is provided for the <u>primary surgery</u> requested. There are multiple CPT codes that can be associated with each procedure. These are assumed to be part of the primary surgery request and when completed in combination, do not require a separate authorization.</p>				<p>These codes do not require prior authorization. If the main surgical procedure is approved, these codes are understood to be included in conjunction and do not require precertification from the health plan. *Please note: This is not an all-inclusive list of every ancillary code.</p>
Lumbar Microdiscectomy	63030	62380, 63030, +63035		
Lumbar Decompression	63047	63005, 63012, 63017, 63042, +63044, 63047, +63048, 63056, +63057	Microdiscectomy: 62380, 63030, +63035	
Lumbar Fusion - Single Level	22612	22533, 22558, 22612, 22630, 22633, +63052, +63053	Microdiscectomy: 62380, 63030, +63035 Decompression: 63005, 63012, 63017, 63042, +63044, 63047, +63048, 63056, +63057	Instrumentation: +22840, +22841, +22842, +22845, +22853 Bone Grafts: +20930, +20931, +20936, +20937, +20938 Bone Marrow Aspiration: 20939

Prior Authorization Process Overview

Status	Patient	Physician
Current Status: Approved	Name: Evo Lent	Name: Dr. Virginia Arlington

	Level of Service: Not Urgent	
	Procedures: Total Hip Arthroplasty/Resurfacing (left)	
	ICD10: I77.5	
	Reason: Avascular necrosis	

NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by Tufts Health Public Plan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on RadMD.com**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team focused on MSK.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

Authorization for IPM

Special Information

- Every IPM procedure performed requires a prior authorization; NIA will not authorize a series of epidural injections.
- Bi-lateral IPM injections performed on the same date of service do not require a separate authorization. An authorization will cover bi-lateral as well as multiple levels on the same date of service. (Please refer to clinical guidelines for potential restrictions)
- Add on codes do not require separate authorization and are to be used in conjunction with the approved primary code for the service rendered.

IPM Clinical Checklist Reminders

IPM Documentation:

Conservative Treatment

- Frequently, specifics of active conservative treatment/non-operative treatment are not present in office notes. Details such as duration and frequency should be provided in order to ensure 6 weeks has been attempted within the past 6 months. Official physical therapy records do not need to be obtained but the provider should supply a summary of these details. Physical therapy is not the only means of active conservative treatment acceptable; physician directed home exercise programs as well as chiropractic care are among other examples of appropriate treatments.

Visual Analog Scale (VAS) Score and/or Functional Disability

- A VAS score is an acceptable method to relay intensity of pain. However, a description of functional disability is also accepted as a means for measuring pain (ie - noting that the member is no longer able to perform work duties, daily care, etc).

Follow Up To Prior Pain Management Procedures

- For repeat treatments, follow up is required in regard to what procedure was completed, how much and for how long relief was obtained, active participation in ongoing conservative treatment, and to what level the pain has returned. A follow up office visit is not required; documentation of telephone encounters with the member are acceptable to satisfy this requirement.

Visual Analogue Scale (VAS) and Faces Rating Scale (FRS)

Visual analogue scale (VAS)

Numerical rating scale (NRS)

Faces rating scale (FRS)

Authorization for Surgery

Special Information

- Most surgeries require only one authorization request. NIA provides a list of surgery categories to choose from and the surgeon's office must select the most complex and invasive surgery being performed as the **primary** surgery.
 - Example 1: A lumbar fusion authorization includes decompression, instrumentation, etc.
 - Example 2: A knee ligament reconstruction includes meniscectomy, debridement, etc.
- Bilateral hip, knee, or shoulder surgeries require authorization for both the left **and** right side. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.
- Inpatient admissions continue to be subject to concurrent review by Tufts Health Public Plan.
- Date of Service is required.
- Any Tufts Health Public Plan prior authorization requirements for the facility or hospital admission must be obtained separately and only initiated after the surgery has met NIA's medical necessity criteria.

Surgery Clinical Checklist Reminders

Surgery Documentation:

-  Details regarding the member's symptoms and their onset/duration
-  Physical exam findings
-  Conservative treatment modalities with dates and duration (e.g., physical therapy, home exercise plan, injections, medications, activity modification)
-  Diagnostic imaging results
-  Ordering physician's surgical plan (including a discussion about the potential risks and benefits of the procedure) (BMI, smoking history, mental status for some surgeries)

Request for Further Clinical Information

We have received your request for PROC_DESC. Please use this tool to assist us with the preauthorization process, by submitting by fax (FAX # _____) or phone all relevant information requested below. For information regarding NIA clinical guidelines used for determinations please see radind.com. To speak with an Initial Clinical Reviewer please call _____

1. Treating condition/diagnosis:
2. Brief relevant medical history and summary of previous therapy:
3. Surgery Date and Procedure (if any):
4. Date of initial evaluation: _____ Date of Re-evaluation: _____

RESULTS OF OBJECTIVE TESTS AND MEASURES: _____

A fax is sent to the provider detailing what clinical information that is needed, along with a fax coversheet.

We stress the need to provide the clinical information as quickly as possible so we can make a determination.

Determination timeframe begins after receipt of clinical information.

Failure to receive requested clinical information may result in non certification.

Submitting Additional Clinical Information

- Records may be submitted:
 - Upload to <https://www.RadMD.com>
 - Fax using NIA coversheet
- Location of Fax Coversheets:
 - Can be printed from <https://www.RadMD.com>
 - Call
1-800-207-4209
- Use the case specific fax coversheet when faxing clinical information to NIA

Specialty:

Clinical Specialty Team: Focused on IPM and MSK

IPM Review

Initial clinical review performed by specially trained IPM nurses

Clinical review team will contact provider for additional clinical information

Anesthesiologists and pain management specialists conduct clinical reviews and peer-to-peer discussions on IPM requests

MSK Surgery Review

Initial clinical review performed by specialty trained surgery nurses

Surgery concierge team will contact provider for additional clinical information

Orthopedic surgeons or neurosurgeons conduct clinical reviews and peer-to-peer discussions on surgery requests

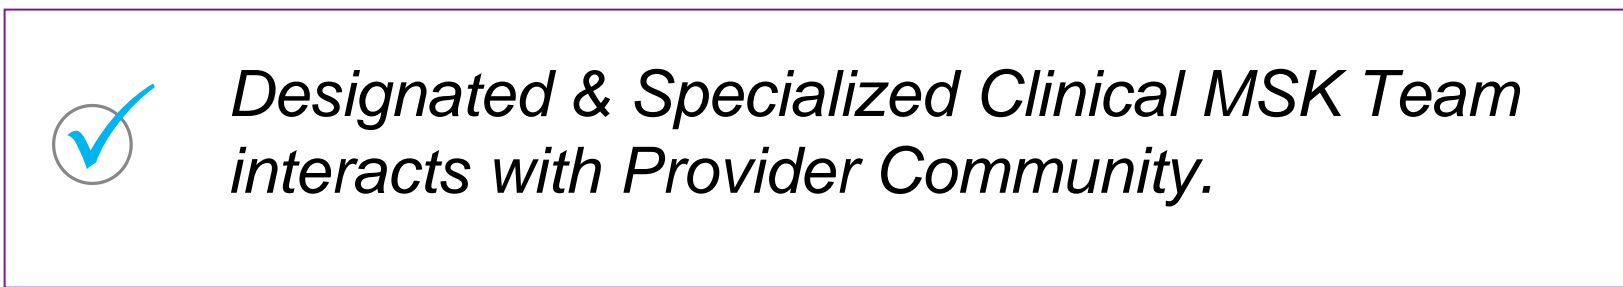

MSK Clinical Review Process

Physicians' Office Contacts NIA for Prior Authorization

NIA Initial Clinical Specialty Team Review

- Additional clinical information submitted and reviewed – Procedure Approved
- Additional clinical not complete or inconclusive – Escalate to Physician Review

Request Evaluated Based on Information Entered

- Additional clinical information required

NIA Specialty Physician Reviewers

- NIA Physician approves case without peer-to-peer

- NIA Physician approves case with peer-to-peer
- Ordering Physician withdraws case during peer-to-peer
- Physician denies case based on medical criteria

Generally, the turnaround time for completion of these requests is within two or three business days upon receipt of sufficient clinical information

Urgent/Expedited Authorization Process

- If an urgent clinical situation exists (outside of a hospital emergency room) during business hours, please call NIA immediately.
- The NIA website <https://www.RadMD.com> cannot be used for medically urgent or expedited prior authorization requests during business hours. Those requests must be processed by calling the NIA call center:
 - 1-800-207-4209
- Turnaround time is not to exceed 72 calendar hours.

Notification of Determination

Authorization Notification

- Validity Period - Authorizations are valid for:
 - **IPM**
 - 60 days from date of service
 - **Surgical**
 - Inpatient – 60 days from date of service
 - Outpatient - SDC/Ambulatory – 60 days from date of service
- The date of service that is selected at the time of the prior authorization request, will be used to determine the validity period. If the date of service changes, please contact NIA to update.

Denial Notification

- Notifications will include an explanation of what services have been denied and the clinical rationale for the denial
- A peer-to-peer discussion can be initiated once the adverse determination has been made.
- A re-reviews/reconsideration may be available with new or additional information.
- Timeframe for re-review/reconsideration is 30 days from the date of denial.
- In the event of a denial, providers are asked to follow the instructions provided in their denial letter.

IPM Points

Injections in all regions of spine are managed

Date of Service is required for all requests

Each IPM procedure must be prior authorized

No series of epidural injections

Specialty Nurses and Physicians review IPM requests

MSK Surgery Points – Lumbar/Cervical Spine Surgery

Inpatient and outpatient non-emergent surgeries

Spine Surgery is focused on lumbar and/or cervical spine surgeries

For spinal surgeries, only one authorization request per surgery. For example, a Lumbar fusion authorization includes decompression, instrumentation, etc.

Reconstructive spinal deformity surgery does not require prior authorization. However, NIA will monitor provider use of CPT codes 22800-22819.

MSK Surgery Points – Hip, Knee and Shoulder Surgery

Bilateral hip, knee, or shoulder surgeries require authorization for both the left **and** right side. These requests can be entered at the same time and will be reviewed concurrently. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.

Surgeries addressing the following are not included in the MSK program: trauma, amputation, fracture, active infection, pediatric conditions, congenital malformation, dysplasia (hip), palsy/plegia, osteochondritis dissecans (knee), osteotomy (knee), tumor, cyst, cancer, arthrodesis, girdle resection (hip), denervation (hip), joint dislocation, hemiarthroplasty (hip), hardware & foreign body removal.

MSK Surgery Points – All Surgeries

Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests. Inpatient admissions will continue to be subject to concurrent review by Tufts Health Public Plan.

Any Tufts Health Public Plan prior authorization requirements for the facility or hospital admission must be obtained separately and only initiated after the surgery has met NIA's medical necessity criteria.

Authorizations are valid for 60 days from the date of service. NIA must be notified of any changes to the date of service..

Provider Tools

RadMD Website RadMD.com

Available

24/7 (except during maintenance, performed every third Friday of the month from 12 Am – 3 AM ET)

Toll-Free Numbers 1-800-207-4209

Available

Monday - Friday
8:00 AM – 8:00 PM ET

- Request Authorization
 - View Authorization Status
 - View and manage Authorization Requests with other users
 - Upload Additional Clinical Information
 - View Requests for additional Information and Determination Letters
 - View Clinical Guidelines

RadMD New User Application Process - Ordering

Users are required to have their own separate usernames and passwords due to HIPAA regulations.

STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Physician’s office that orders procedures”
3. Complete the application and click “Submit”.
4. Open email from NIA webmaster with new user password instructions

NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.

Offices that are both ordering and rendering procedures should request ordering provider access. This will allow you to request authorization on RadMD and see the status of requests.

1

2

-- Please Select an Appropriate Description --

Physician's office that orders procedures

Facility/office where procedures are performed

Health Insurance company

Cancer Treatment Facility or Hospital that performs radiation oncology procedures

Physicians office that prescribes radiation oncology procedures

Physical Medicine Practitioner (PT, OT, ST, Chiro, etc.)

3

Application for a New Account

Please fill out this form only for yourself. Shared accounts are not allowed.

In order for your account to be activated, you must be able to receive emails from RadMDSupport@magellanhealth.com. Please check with your email administrator to ensure that emails from RadMDSupport@magellanhealth.com can be received.

Which of the following best describes your company?
-- Please select an appropriate description --

New Account User Information		Your Supervisor	
Choose a Username: <input type="text"/>		Unless you are the owner or CEO of your company, the user's name/email must be different than the supervisor's name/email.	
First Name: <input type="text"/>	Last Name: <input type="text"/>	First Name: <input type="text"/>	Last Name: <input type="text"/>
Phone: <input type="text"/>	Fax: <input type="text"/>	Phone: <input type="text"/>	Email: <input type="text"/>
Email: <input type="text"/>	Confirm Email: <input type="text"/>

Submit

RadMD New User Application Process - Rendering

IMPORTANT

- Users are required to have their own separate username and password due to HIPAA regulations.
- Designate an “Administrator” for the facility who manages access for users.

STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Facility/office where procedures are performed”
3. Complete the application and click “Submit”.
4. Open email from NIA webmaster with new user password instructions.

NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.

If multiple staff members entering authorizations need to view approved, pended, and in-review authorization requests, they will each need to complete and submit a new user application. The account administrator is responsible for granting rendering access for each employee.

Shared Access

NIA offers a **Shared Access** feature on our [RadMD.com](https://www.radmd.com) website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

The screenshot shows the RadMD.com website interface. At the top right, there are links for "Provider Resources" and "User" with a dropdown arrow. Below this is a horizontal line. The main content area is divided into two columns. The left column is titled "Request" and lists several categories: "Exam or specialty procedure (including Cardiac, Ultrasound, Sleep Assessment)", "Physical Medicine", "Radiation Treatment Plan", "Pain Management or Minimally Invasive Procedure", "Spine Surgery or Orthopedic Surgery", and "Genetic Testing". The right column is titled "Resources and Tools" and lists "Shared Access", "Clinical Guidelines", and "Request access to Tax ID". Below these columns is a "Login As Username:" field with a "Login" button. At the bottom left, there is a "Request Status" section with links for "Search for Request" and "View All My Requests". At the bottom right, there is a "Tracking Number:" field with a "Search" button and a link for "Forgot Tracking Number?".

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on [RadMD.com](https://www.radmd.com), allowing them to communicate with members and facilitate treatment.
