# CPT Codes Requiring Prior Authorization (IPM)

-  Review Claims/Utilization Review Matrix to determine CPT codes managed by NIA.
-  Includes CPT Codes and their Allowable Billable Groupings.
-  Located on [RadMD.com](https://www.RadMD.com).
-  Defer to Meridian Health Plan Policies for Procedures not on Claims/Utilization Review Matrix.

**Meridian Plan - Illinois  
Utilization Review Matrix 2024  
Outpatient Interventional Pain Management (IPM)**

The matrix below contains all of the CPT 4 codes for which National Imaging Associates Inc. (NIA)<sup>1</sup> authorizes on behalf of Meridian Medicaid Plan.

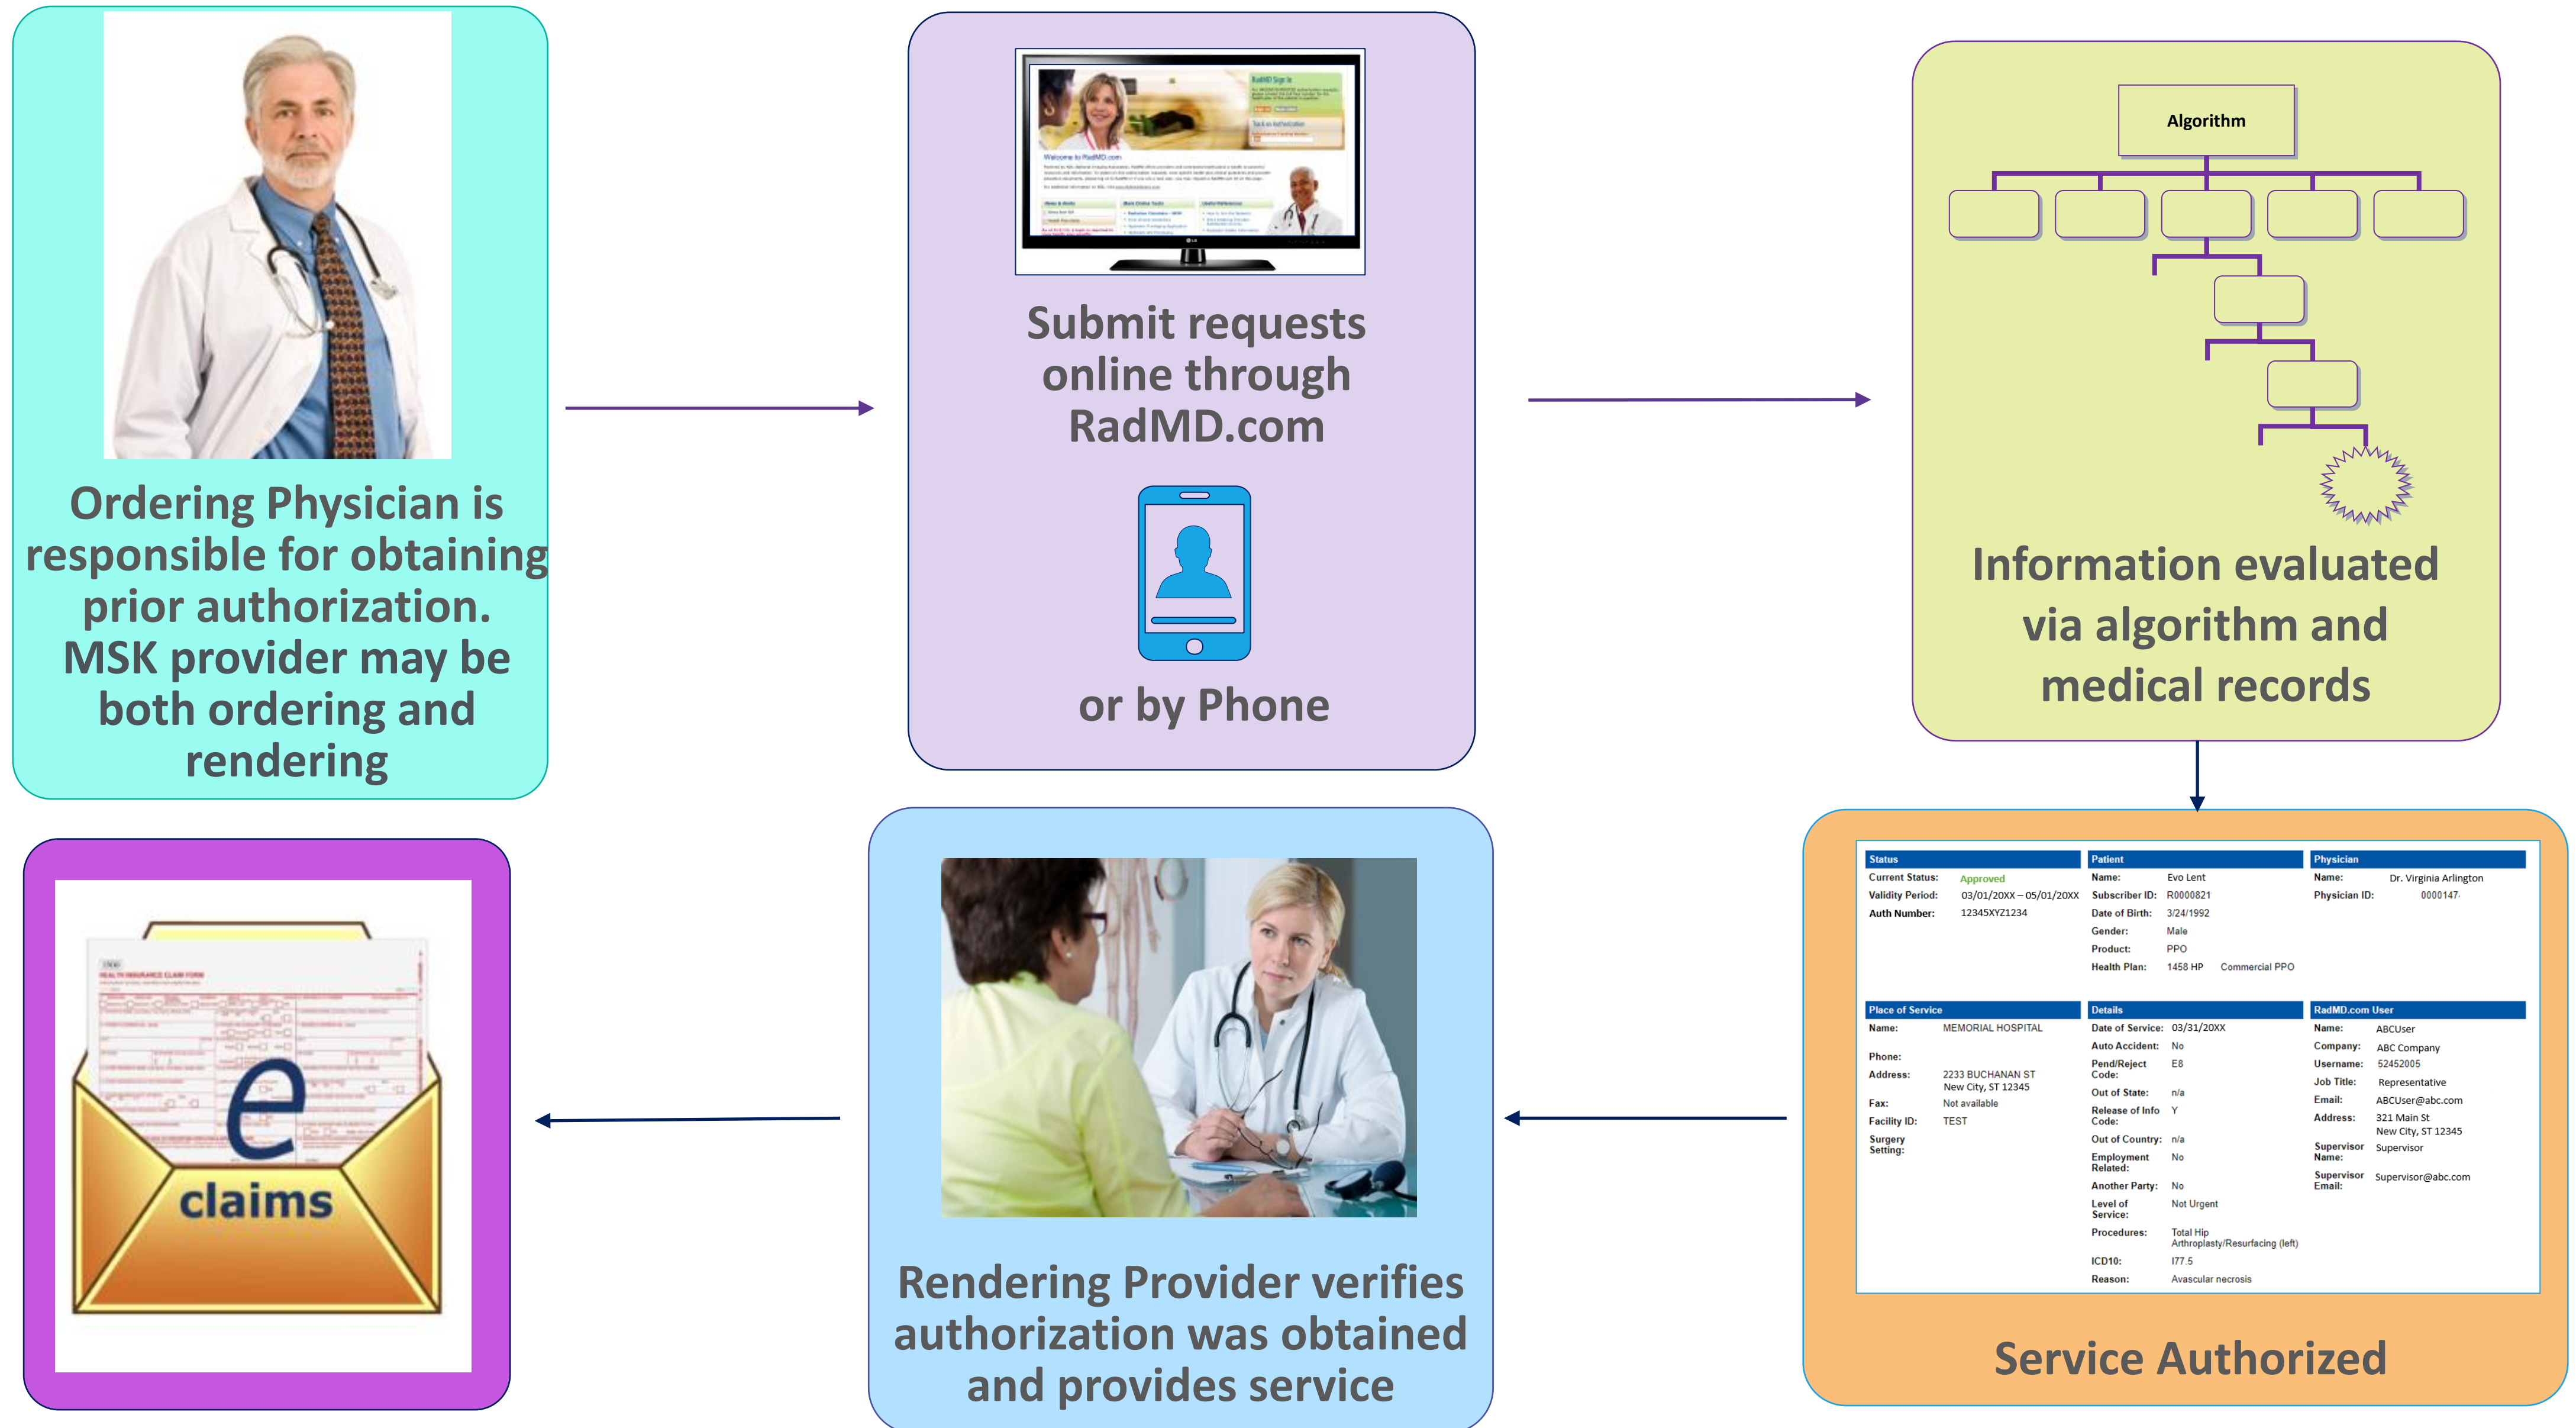

NIA issues authorizations based on the primary CPT code and its allowable billed groupings. A procedure can be billed under any **one** of the given CPT codes for that allowable billed grouping as long as a valid authorization number has been issued within the validity period.

**\*Please note: IPM services rendered in an Emergency Room, Intraoperatively, or as a Hospital Inpatient are not managed by NIA.**

Procedure Name	Primary CPT Code	Allowable Billed Groupings
Sacroiliac Joint Injection	27096	27096, G0260
Cervical/Thoracic Interlaminar Epidural	62321	62320, 62321
Cervical/Thoracic Transforaminal Epidural	64479	64479, +64480
Lumbar/Sacral Interlaminar Epidural	62323	62322, 62323
Lumbar/Sacral Transforaminal	64480	64480, 64481

# NIA's Clinical Foundation & Review

- **Clinical guidelines** were developed by practicing specialty physicians, through literature reviews and evidenced-based research. Guidelines are reviewed and mutually approved by Meridian Health Plan and NIA Medical Officers and clinical experts. **Clinical Guidelines are available on [RadMD.com](http://RadMD.com)**
- Algorithms are a branching structure that changes depending upon the answer to each question.
- The member's clinical information/medical record will be required for validation of clinical criteria before an approval can be made.
- NIA has a specialized clinical team focused on MSK.
- Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.
- **Our goal – ensure that members are receiving appropriate care.**

# Authorization for IPM

## Special Information

- Every IPM procedure performed requires a prior authorization; NIA will not authorize a series of epidural injections.
- Bi-lateral IPM injections performed on the same date of service do not require a separate authorization. An authorization will cover bi-lateral as well as multiple levels on the same date of service. (Please refer to clinical guidelines for potential restrictions)
- Add on codes do not require separate authorization and are to be used in conjunction with the approved primary code for the service rendered.

# IPM Clinical Checklist Reminders

## IPM Documentation:

### **Conservative Treatment**

- Frequently, specifics of active conservative treatment/non-operative treatment are not present in office notes. Details such as duration and frequency should be provided in order to ensure 6 weeks has been attempted within the past 6 months. Official physical therapy records do not need to be obtained but the provider should supply a summary of these details. Physical therapy is not the only means of active conservative treatment acceptable; physician directed home exercise programs as well as chiropractic care are among other examples of appropriate treatments.

### **Visual Analog Scale (VAS) Score and/or Functional Disability**

- A VAS score is an acceptable method to relay intensity of pain. However, a description of functional disability is also accepted as a means for measuring pain (ie - noting that the member is no longer able to perform work duties, daily care, etc).

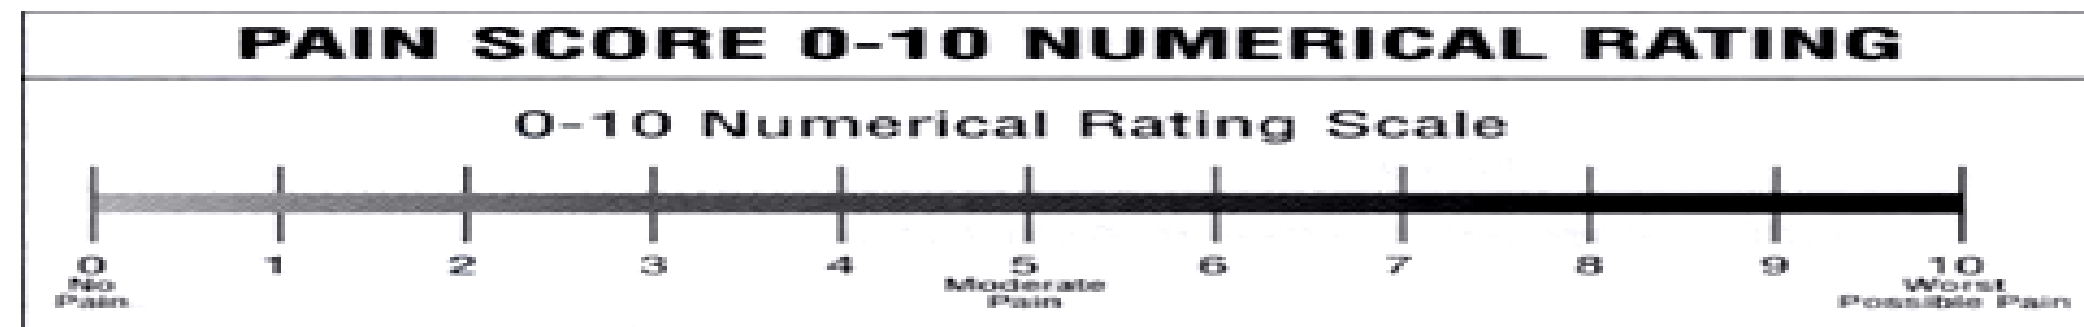

### **Follow Up To Prior Pain Management Procedures**

- For repeat treatments, follow up is required in regard to what procedure was completed, how much and for how long relief was obtained, active participation in ongoing conservative treatment, and to what level the pain has returned. A follow up office visit is not required; documentation of telephone encounters with the member are acceptable to satisfy this requirement.

# Visual Analogue Scale (VAS) and Faces Rating Scale (FRS)

Numerical rating scale (NRS)

Faces rating scale (FRS)

# Authorization for Surgery

## Special Information

- Most surgeries require only one authorization request. NIA provides a list of surgery categories to choose from and the surgeon's office must select the most complex and invasive surgery being performed as the **primary** surgery.
  - Example 1: A lumbar fusion authorization includes decompression, instrumentation, etc.
  - Example 2: A knee ligament reconstruction includes meniscectomy, debridement, etc.
- Bilateral hip, knee or shoulder surgeries require authorization for both the left **and** right side. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.
- Inpatient admissions continue to be subject to concurrent review by Meridian Health Plan.
- Date of Service is required.
- The ordering physician must obtain prior authorization with NIA prior to performing the surgery/procedure.
- Facility admissions do not require a separate prior authorization. However, the facility should ensure that an NIA prior authorization has been obtained prior to scheduling the surgery/procedure.

# Surgery Clinical Checklist Reminders

## Surgery Documentation:

-  Details regarding the member's symptoms and their onset/duration
-  Physical exam findings
-  Conservative treatment modalities with dates and duration (e.g., physical therapy, home exercise plan, injections, medications, activity modification)
-  Diagnostic imaging results
-  Ordering physician's surgical plan (including a discussion about the potential risks and benefits of the procedure) (BMI, smoking history, mental status for some surgeries)

    - 12 months from date of request
  - Surgery**
    - Inpatient – 2 days from date of request
    - Outpatient – 12 months from date of request

## Denial Notification

- Notifications include an explanation of services denied and the clinical rationale.
- A peer-to-peer discussion can be initiated once the adverse determination has been made.
- Re-review may be available with new or additional information.
- Re-review must occur within 10 calendar days from the date of denial and prior to submitting a formal appeal.
- Re-open is not allowed.
- In the event of a denial, providers are asked to follow the instructions provided in their denial letter.

# IPM Points

Injections in all regions of spine are managed

Date of Service is required for all requests

Each IPM procedure must be prior authorized

No series of epidural injections

Specialty Nurses and Physicians review IPM requests

# MSK Surgery Points – Lumbar/Cervical Spine Surgery

Inpatient and outpatient non-emergent surgeries

Spine Surgery is focused on lumbar and/or cervical spine surgeries

For spinal surgeries, only one authorization request per surgery. For example, a Lumbar fusion authorization includes decompression, instrumentation, etc.

Reconstructive spinal deformity surgery does not require prior authorization. However, NIA will monitor provider use of CPT codes 22800-22819.

# MSK Surgery Points – Hip, Knee and Shoulder Surgery

Bilateral hip, knee or shoulder surgeries require authorization for both the left **and** right side. These requests can be entered at the same time and will be reviewed concurrently. ACDF and posterior cervical fusion require authorization for each procedure. These requests can be entered at the same time and will be reviewed concurrently.

Surgeries addressing the following are not included in the MSK program: trauma, amputation, fracture, active infection, pediatric conditions, congenital malformation, dysplasia (hip), palsy/plegia, osteochondritis dissecans (knee), osteotomy (knee), tumor, cyst, cancer, arthrodesis, girdle resection (hip), denervation (hip), joint dislocation, hemiarthroplasty (hip), hardware & foreign body removal.

# MSK Surgery Points – All Surgeries

Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests. Inpatient admissions will continue to be subject to concurrent review by Meridian Health Plan.

The ordering physician must obtain prior authorization with NIA prior to performing the surgery/procedure.

Facility admissions do not require a separate prior authorization. However, the facility should ensure that an NIA prior authorization has been obtained prior to scheduling the surgery/procedure.

- Authorizations are valid:
- Inpatient – 2 days from date of request
- Outpatient – 12 months from date of request

# RadMD New User Application Process - Ordering

**Users are required to have their own separate usernames and passwords due to HIPAA regulations.**

## STEPS:

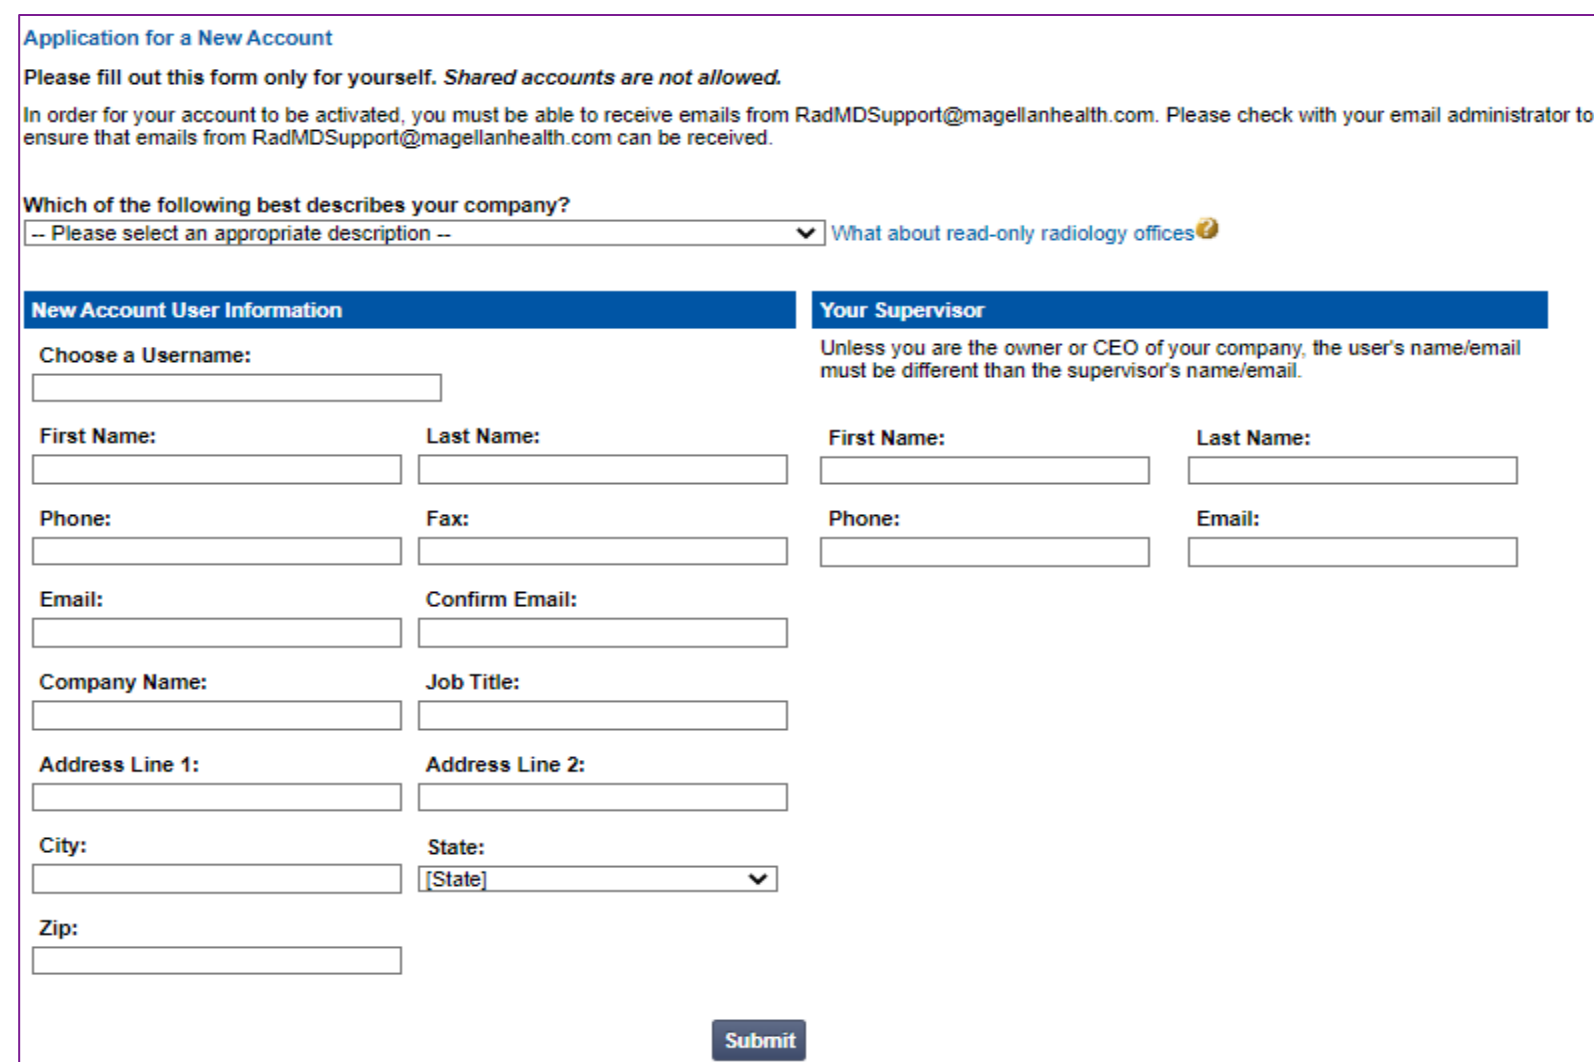

1. Click the “New User” button on the right side of the home page.
2. Select “Physician’s office that orders procedures”
3. Complete the application and click “Submit”.
4. Open email from NIA webmaster with new user password instructions

**NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.**

Offices that are both ordering and rendering procedures should request ordering provider access. This will allow you to request authorization on RadMD and see the status of requests.

3

The screenshot shows the "Application for a New Account" form. It includes a dropdown menu for company description, a "What about read-only radiology offices?" link, and two columns of form fields: "New Account User Information" and "Your Supervisor". The "New Account User Information" fields include: Choose a Username, First Name, Last Name, Phone, Fax, Email, Confirm Email, Company Name, Job Title, Address Line 1, Address Line 2, City, State (dropdown), and Zip. The "Your Supervisor" fields include: First Name, Last Name, Phone, and Email. A "Submit" button is at the bottom right.

# RadMD New User Application Process - Rendering

## IMPORTANT

- Users are required to have their own separate username and password due to HIPAA regulations.
- Designate an “Administrator” for the facility who manages access for users.

## STEPS:

1. Click the “New User” button on the right side of the home page.
2. Select “Facility/office where procedures are performed”
3. Complete the application and click “Submit”.
4. Open email from NIA webmaster with new user password instructions.

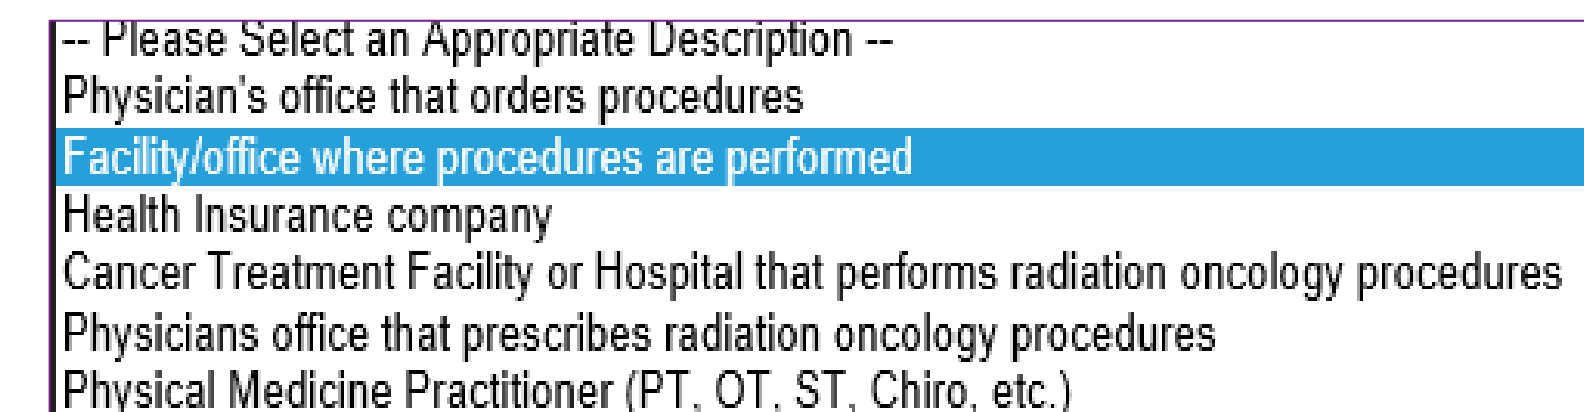

**NOTE: On subsequent visits to RadMD, click the “Sign In” button to proceed.**

If multiple staff members entering authorizations need to view approved, pended, and in-review authorization requests, they will each need to complete and submit a new user application. The account administrator is responsible for granting rendering access for each employee.

The form includes a dropdown menu for "Which of the following best describes your company?" with "Facility/office/lab where procedures are performed" selected. Below this are two columns of input fields: "New Account User Information" and "Your Supervisor". The "New Account User Information" section includes fields for "Choose a Username:", "First Name:", "Last Name:", "Phone:", "Fax:", "Email:", "Confirm Email:", "Company Name:", "Job Title:", "Address Line 1:", "Address Line 2:", "City:", "State:", and "Zip:". The "Your Supervisor" section includes fields for "First Name:", "Last Name:", "Phone:", and "Email:". Below these is the "Affiliated Facilities" section with a "Facility Tax ID #:" field and an "Add" button. At the bottom right is a "Submit" button.

# Shared Access

NIA offers a **Shared Access** feature on our [RadMD.com](https://www.radmd.com) website. Shared Access allows ordering providers to view authorization requests initiated by other RadMD users within their practice.

The screenshot shows the RadMD.com website interface. At the top right, there are links for "Provider Resources" and "User" with a dropdown arrow. The main content area is divided into two columns. The left column has a "Request" section with links for "Exam or specialty procedure (including Cardiac, Ultrasound, Sleep Assessment)", "Physical Medicine", "Initiate a Subsequent Request", "Radiation Treatment Plan", "Pain Management or Minimally Invasive Procedure", "Spine Surgery or Orthopedic Surgery", and "Genetic Testing". The right column has a "Resources and Tools" section with links for "Shared Access", "Clinical Guidelines", and "Request access to Tax ID", and a "News and Updates" section. Below these sections are two search fields: "Login As Username:" with a text input and a "Login" button, and "Tracking Number:" with a text input, a "Search" button, and a link for "Forgot Tracking Number?".

If practice staff is unavailable for a period of time, access can be shared with other users in the practice. They will be able to view and manage the authorization requests initiated on [RadMD.com](https://www.radmd.com), allowing them to communicate with members and facilitate treatment.
